City University of Hong Kong
2018 JUPAS Admissions Scores

(Updated on 18 January 2019)

The admission scores shown on this webpage are applicable to **local** students only.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of applicants who have received offers in the Main Round of the JUPAS admission exercise. Students admitted through special routes (e.g. Other Experiences and Achievements in Competitions/Activities, School Principal's Nomination Scheme, sports talents, applicants with disabilities and the Home Affairs Bureau Multi-Faceted Excellence Scholarship) and non-local students are not included.

Students are reminded that score weightings and calculations may vary each year. As different weightings are used, admission scores are not comparable across programmes or admission years. The median and lower quartile scores are for reference only and should not be used to predict the likelihood of admission. The selection criteria vary each year, and many types of score are used in the selection process. In addition to public examination results, other factors (such as band choices and interview performance) may be considered.

The Education University of Hong Kong
2018 JUPAS Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area.

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the University's Undergraduate Programme Nominations Scheme / Self-Nomination Admissions Scheme will be considered favourably with good school reference reports and interview performance.

Explanatory Notes on the Calculation of Average HKDSE Scores

- Starting from 2017-18, **one** of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:
    - **Any Best 5 Subjects**: The "best" 5 HKDSE subjects will be taken into account.
    - **Chinese & English Languages + Any Best 3 Subjects**: Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
    - **Any Best 6 Subjects**: The "best" 6 HKDSE subjects will be taken into account.
    - **4 Core + Best 2 Elective Subjects**: The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus 2 "best" elective subjects will be taken into account.
- For Higher Diploma programmes, the ***Chinese & English Languages + Any Best 3 Subjects*** mechanism is used. The average HKDSE score point total of admittees is calculated based on their results in Chinese, English and 3 other subjects which have the best results.

When calculating the average HKDSE scores, subject weighting is not applied and HKDSE level attainments are converted to level points as follows:

- Core and Elective Subjects
  5** = 7, 5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0
- Applied Learning Subjects:
  Attained with Distinction (II) (accepted as Level 4 at HKDSE) = 4,
  Attained with Distinction / Attained with Distinction (I) (accepted as Level 3 at HKDSE) = 3,
  Attained = 0 (applicable to Bachelor's Degree programmes only),
  Attained (accepted as Level 2 at HKDSE) = 2 (applicable to Higher Diploma programmes only)
- Other Languages:
  A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

POINTS TO NOTE:

1. 2018 JUPAS admission figures are applicable to local students only.
2. All weighted scores provided are based on the calculation of program-specific formula, of which certain subjects will be given heavier weighting than the others.
3. All admission figures are provided for reference only. The public examination results of students admitted to each program vary from year to year. HKUST considers an applicant's whole profile, on top of the HKDSE Score.

MEDIAN	These rows show the HKDSE attainment of the same applicant who was placed in the middle position (median) of the JUPAS Main Round offer list.
LOWER QUARTILE	These rows show the HKDSE attainment of the same applicant who was placed 3/4 way down (lower quartile) of the JUPAS Main Round offer list.

Remarks:

Score is computed by multiplying the converted points (Level 2 = 2 points, Level 3 = 3 points, Level 4 = 4 points, Level 5/5*/5** = 5/6/7 points) of each of the 4 Core subjects and 1 Elective subject in HKDSE by the respective subject weighting as stipulated by the programme concerned, and then adding the products of each of the 5 subjects together.

^ The admission score is normally calculated based on the converted points of the 4 core subjects and 1 elective subject for all programmes except JS9580. For JS9580, the admission score is calculated based on the best 5 subjects. For all programmes, students should normally have met the general entrance requirements of the University, i.e. attaining in the Hong Kong Diploma of Secondary Education (HKDSE) Examination results of
Chinese: Level 3 or above
English: Level 3 or above
Mathematics: Level 2 or above
Liberal Studies: Level 2 or above
An elective subject: Level 2 or above

* Students with Alternative Qualifications in Chinese Language (ACL) are not included in the calculation of score.
