For Category C: Other Language subjects, Grade A = 5, Grade B = 4, Grade C = 3, Grade D = 2, Grade E = 1**) of the respective programme:

- **Best 5** - Best 5 subjects in Category A or Category C of HKDSE; or
- **4C+2X** - (i) 4 core and best 2 elective subjects in Category A or Category C of HKDSE; or

Notes:

- (1) In the admission process, some programmes may have additional requirements (such as specifying subject requirements, assigning heavier weighting to specific subjects, etc.) which are not reflected in the **Total Reference Scores** above. For the latest admission information, please visit <http://admission.cuhk.edu.hk/jupas/download.html>
- (2) Programmes admitting fewer than 5 students are excluded.
- (3) **Please note that as admission is not based on public examination results alone, and the overall scores of students admitted to each programme vary from year to year, the information provided is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.**

## 2022 JUPAS Admissions Score Reference

The admission scores shown on this webpage are applicable to **local** students only.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of applicants who have received offers in the Main Round of the JUPAS admission exercise. Students admitted through special routes (e.g. Other Experiences and Achievements in Competitions/Activities, Principal's Nominations, Sports Talents, Disabled Applicants and Home Affairs Bureau Multi-faceted Excellence Scholarship) are not included.

Students are reminded that score weightings and calculations may vary each year. As different weightings are used, admission scores are not comparable across programmes or admission years. The median and lower quartile scores are for reference only and should not be used to predict the likelihood of admission. The selection criteria vary each year, and many types of score are used in the selection process. In addition to public examination results, other factors (such as band choices and interview performance) may be considered.

## 2020 JUPAS (HKDSE) Admissions Figures

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated based on their HKDSE results and subject weightings for selection purposes.

The information provided here is the HKDSE examination results of offered applicants in the JUPAS main round. Students admitted through non-academic achievements schemes are excluded. Please note that the figures provided below are for reference only since the HKDSE results of students admitted to each programme vary from year to year. Moreover, some programmes consider applicants' other profiles, as well as interview performance and/or Band choices.

## **Explanatory Notes on the Calculation of Average HKDSE Scores**

1. Starting from 2020/21 admissions exercise, the following set of conversion points has been adopted for calculation of HKDSE Score.

### **Core and Elective Subjects:**

5\*\* = 8.5, 5\* = 7, 5 = 5.5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0

### **Applied Learning Subjects:**

Attained with Distinction (II) (accepted as Level 4 at HKDSE) = 4,

Attained with Distinction / Attained with Distinction (I) (accepted as Level 3 at HKDSE) = 3,

Attained = 0

### **Other Languages:**

A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

2. The average HKDSE Score **without** subject weighting is calculated based on the ***Subject Level Point only***.

The average HKDSE Score **with** subject weighting is calculated based on the ***Subject Level Point x Subject Weighting***.

**One** of the following mechanisms is adopted for calculating the above scores for Bachelor's Degree programmes:

- **Any Best 5 Subjects:** The "best" 5 HKDSE subjects will be taken into account.
- **Chinese & English Languages + Any Best 3 Subjects:** Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
- **Any Best 6 Subjects:** The "best" 6 HKDSE subjects will be taken into account.
- **4 Core + Best 2 Elective Subjects:** The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus 2 "best" elective subjects will be taken into account.

## **Bachelor's Degree Programme**

All weighted scores are calculated based on programme-specific formulae. Some programmes may assign a heavier weighting to certain subjects based on their particular programme requirements. The weighted admission scores have taken heavier subject weighting, if any, into account.

The scores and subject weighting may vary from year to year and should only be used as a reference and do not imply chance of admissions in subsequent years.

Admission to the programme is on a competitive basis. The University considers an applicant's whole profile (such as band choices, preferred subjects and interview performance, etc), in addition to the HKDSE score. As such, satisfying the university admission requirements does not guarantee admission.

Students with Alternative Qualifications in Chinese Language (ACL) are not included in the calculation of score.

## **Selection Principles**

- **4C+1X:** 4 core and best 1 elective subject in Category A or Category B or Category C of HKDSE
- **Best 5:** Best 5 subjects in Category A or Category B or Category C of HKDSE

## **Grade Conversion Tables**

- Unless otherwise stated in the Programme-specific subject requirements, HKDSE Category B subjects (Applied Learning) with attainment at "Attained" or above; or Category C subjects (Other Languages) with attainment at grade E or above can be considered as elective subjects.
- Mathematics Extended Part (i.e. Module 1 (Calculus and Statistics) / Module 2 (Algebra and Calculus)) can be counted as an elective subject. If applicants have taken both Module 1 and Module 2, only the module with best result will be taken into consideration.

#### Remarks

<sup>^</sup>Flexible admission arrangement has been applied for all SSSDP programmes except JSSU40, JSSU50 & JSSU55 in the 2022/23 admission cycle. Under the new arrangements, JUPAS applicants who fail to achieve Level 3 in either Chinese or English may still be considered by the University, provided that they attain a score of not lower than Level 2 in the subject in which they underperformed; and if they achieved a Level 5\* or above in one other category A subject. The candidates' total HKDSE score must still meet the minimum expected admission score of their preferred programme, and they must place the programme in their Band A choice in JUPAS and pass an interview.
