## JUPAS Main Admission Score Calculation

For applicants who have fulfilled the minimum entrance requirements, various types of admission scores are calculated to facilitate selection of applicants for admission. Presented below are the main admission scores used by individual programmes. Concurrent consideration may be given to other factors, such as band choices and interview performance. For applicants with the same scores or score ranges, reference will be made to other information (e.g. other admission scores, relevant subjects, band choices, interview performance).

<sup>^</sup> Results obtained in HKDSE Liberal Studies or HKDSE Citizenship and Social Development are not counted in the admission score calculation

\* Programme title subject to approval

The JUPAS main admission score calculation are subject to ongoing review. The University reserves the right to amend the information from time to time.

To be admitted to CUHK, an applicant must fulfill the minimum University and Programme-specific subject and/or level requirements. Details: <https://admission.cuhk.edu.hk/jupas/2024-requirements.html>

## 1 Minimum University Requirements

HKDSE Subject	4 Core Subjects				2 Elective Subjects	
	Chinese Language	English Language	Mathematics	Citizenship and Social Development	1 <sup>st</sup> Elective Subject	2 <sup>nd</sup> Elective Subject / M1 or M2 / Other Language Subject
Minimum Level	3	3	2	A (Attained)	3	3 or E

Remarks:

1. The "Attained" level in Citizenship and Social Development (CS) will not be considered in the calculation of admission scores.
2. For Liberal Studies (LS) subject taken in 2023 or before, a Level 2 or above will be considered as "Attained" in Citizenship and Social Development. The LS level will not be considered in the calculation of admission scores.
3. For Integrated Science or Combined Science subject(s) taken in 2023 or before, a Level 3 or above will be considered as an unspecified elective subject where applicable.

Note 3: • Please refer to the Grade Point Conversion tables listed below for JS4501 Medicine (MBChB) Programme and JS4502 Medicine (MBChB) Programme Global Physician-Leadership Stream (GPS).

Note 4: • The programme does not consider extended Mathematics module (M1/M2) to be one elective subject.

M1/M2 would contribute to the total HKDSE score if its attained level is higher than that of the worst one of the six subjects (i.e. Chi + Eng + Math + Best of Bio/Chem + Best 2 subjects). In that case, the score for the worst subject is replaced by a new score comprising half the original score of that subject and half the score of the extended Mathematics module. The calculation will be:  $(M1/M2 + \text{lowest level obtained in the 6 subjects}) \div 2$ .

For HKDSE students who are taking 2 elective subjects and an extended Mathematics module, half score of the extended Mathematics module will be counted in the total score.

## JUPAS Entrance Requirements and Admission Score Calculation – 2024 Admission Year

The Education University of Hong Kong (EdUHK) adopts a holistic approach in the assessment of applicants' suitability for the teacher education and multidisciplinary programmes. During the selection process, EdUHK takes into account applicants' HKDSE results, band choices, interview performance, school reference reports, other learning experiences and/or achievements in non-academic areas, etc. Applicants nominated under various nomination schemes may be considered favourably with good school reference report, interview performance and relevant achievement/experience.

### General Entrance Requirements (GERs)

#### ▪ Bachelor's Degree Programme

HKDSE Subject	Chinese Language (Chi)	English Language (Eng)	Mathematics (Compulsory Part) (Math)	Citizenship and Social Development (CSD)	Elective 1	Elective 2
Minimum Level	3	3	2	Attained (A)	2	2

#### ▪ Higher Diploma Programme

HKDSE Subject	Chinese Language (Chi)	English Language (Eng)	Any 3 other subjects
Minimum Level	2	2	2

### Admission Score Calculation

The admission score is the sum total of the level/grade values of the best five HKDSE subjects (i.e., Best 5), regardless of whether they are core or elective subjects and excluding the Citizenship and Social Development subject. Subject weightings may be adopted in the score calculation for particular programmes. Applicants are reminded that score calculations and the specific subject weightings may vary each year among programmes.

Upon score calculation and compilation of interview results (if any), eligible applicants will be given a rating in the Merit Order List (for submission to the JUPAS Office) according to the ranking criteria of individual programmes. The ranking criteria include, but are not limited to, the admission score (with weightings applied where appropriate), interview performance, band choice, relevant HKDSE subject(s) score, school reference report, OEA, SLP, etc.

Score	7	6	5	4	3	0

## JUPAS Entrance Requirements and Admission Score Calculation – 2024 Admission Year

### Notes:

- (1) Applied Learning (ApL) subject (Category B) graded “Attained with Distinction / Attained with Distinction (I)/(II)” is accepted as one of the elective subjects, excluding Applied Learning Chinese.
  - (i) For Bachelor’s degree, not more than one ApL subject will be counted as having met the requirement of an elective subject.
  - (ii) For Higher Diploma, not more than two ApL subject will be counted as having met the requirement of the other subjects.
- (2) The Mathematics Extended Part (M1/M2) is counted as an elective subject for the purpose of meeting the University’s GERs, but cannot be used as a substitute for the Mathematics Compulsory Part. If applicants have taken both M1 and M2, only the module with the best result will be taken into consideration.
- (3) Other Language subjects (Category C) will be accepted as unspecified elective subjects. The minimum requirement is Grade E.
- (4) For non-Chinese speaking (NCS) applicants who have met the specified circumstances as announced by the Education Bureau (EDB), the University accepts the Alternative Qualifications in Chinese Language (ACL), such as GCE (A-level / AS-level) (Grade E), GCE (O-Level) (Grade C), GCSE (Grade C / Grade 4), IGCSE (Grade C / Grade 4) and HKDSE ApL(C) (Attained), as equivalent to Level 3 in HKDSE Chinese Language for meeting the minimum Chinese Language requirements and for calculation of the related admission scores, except for programmes which require students to have possessed a good command of Chinese (i.e. JS8105, JS8416 and JS8600).
- (5) The admission scores will be the sum total of the level/grade values of the best five HKDSE subjects, regardless of they are core or elective subjects and excluding the Citizenship and Social Development subject.
- (6) For Bachelor’s degree programmes, the past result(s) of HKDSE Liberal Studies (Level 2 or above) attained in 2023 or before will be recognised for meeting the Citizenship and Social Development subject requirement in the GERs and will be included in the admission score calculation as long as the result is among the best five HKDSE subjects.
- (7) For Higher Diploma programme, either the “Attained” level in Citizenship and Social Development or Level 2 or above in HKDSE Liberal Studies attained in 2023 or before is recognised for meeting one of ‘any three other subjects’ requirement in the GERs. The past result of HKDSE Liberal Studies will be included in the admission score calculation as long as it is among the best five HKDSE subjects.
- (8) "Combined sittings" is accepted for meeting the GERs and for the calculation of admissions scores. If an applicant has taken the HKDSE examination in a subject more than once, the best result for that subject will be counted. There is no score deduction for repeated subjects.

# General Entrance Requirements and Programme Entrance Requirements for JUPAS Admissions from the 2024 Entry

## General Entrance Requirements for the 2024 Entry

The general entrance requirements (GERs) for JUPAS admissions with effect from 2024 entry are stipulated as follows:

Minimum Level Required	HKDSE Core Subjects				HKDSE Elective Subjects	
	English Language	Chinese Language	Mathematics	Citizenship and Social Development	Elective 1 (Cat. A exclude M1/M2)	Elective 2 (All Cat. A)
	(ENG)	(CHI)	(MATH)	(CSD)	(1st X)	(2nd X)
	Level 3	Level 3 *	Level 2	Attained #	Level 3	Level 3

\* For Non-Chinese Speaking (NCS) students fulfilling one of the specified conditions in Note 1, HKBU accepts the following alternative Chinese Language qualifications as equivalent to Level 3 of HKDSE Chinese Language (except for the School of Chinese Medicine):

- Grade E or above in GCE A/AS Level Chinese; or
- Grade C/ Grade 4 or above in GCSE/IGCSE/GCE O-Level Chinese/ Chinese Language; or "Attained" in Applied Learning Chinese (ApL(C)).

Recognised alternative Chinese Language qualifications, regardless of the actual mark/grade attained, will be given a score equivalent to Level 3 of HKDSE Chinese Language in score calculation.

HKDSE Category C subjects (Other Languages) normally cannot be used for meeting the entrance requirement on Chinese Language. While waivers may be granted at the discretion of individual programmes, such consideration is only made under special circumstances, on a case-by-case basis. Students are therefore strongly advised to obtain the requisite Chinese language qualifications.

**Note 1:**

The specified conditions are:

- The student has learned Chinese Language for less than six years while receiving primary and secondary education. This caters specifically to students who have a late start in learning of Chinese Language (e.g. due to their settlement in Hong Kong well past the entry level) or who have been educated in Hong Kong sporadically; or
- The student has learned Chinese Language for six years or more in schools, but has been taught an adapted and simpler Chinese Language curriculum not normally applicable to the majority of students in our local schools.

# "Attained" in Citizenship and Social Development (CSD) will not be included in the admission score calculation. Applicants with Level 2 or above in Liberal Studies subject attained in 2023 or before would be accepted in lieu of CSD for fulfilling the GERs. Following the handling of CSD, results of Liberal Studies subject would not be given any score in score calculation starting from the 2024 entry.

**Remarks:**

- One of the elective subjects must be Category A subjects **excluding** Extended Part of Mathematics (Module 1 or Module 2). Another elective subject can be all Category A subjects **including** Extended Part of Mathematics (Module 1 or Module 2).
- Individual programmes may consider Category B subjects (Applied Learning) with "Attained with Distinction (I)" or above and/or Category C subjects (Other Languages) at Grade C or above for fulfilment of the second elective subject requirement.
- Category B subjects under the study area of "Applied Learning Chinese" are recognised as an alternative Chinese language qualification for non-Chinese speaking students. These subjects are not for fulfilment of the second elective subject requirement.
- In general, the scores for Category A subjects are converted as follows:  
5\*\*=7, 5\*=6, 5=5, 4=4, 3=3, 2=2, 1=1
- The scores for Category B subjects are converted as follows:  
Attained with Distinction (II) =4, Attained with Distinction (I) =3
- The scores for Category C subjects are converted as follows:  
A=7, B=5.5, C=4

## General Entrance Requirements for 2024-25 Admissions Exercise

The statement issued by the Heads of Universities Committee (HUCOM) on 1 April 2021 [refers](#). To apply for admission to PolyU full-time government-funded bachelor's degree programmes through JUPAS in 2024-25, you must meet the following minimum requirements:

HKDSE Subjects	Core Subjects				Elective Subjects (including M1/ M2)	
	Chinese Language	English Language	Mathematics	Citizenship and Social Development	1st Elective	2nd Elective
Level Requirement	3	3	2	A	3	3

### Notes:

1. An attainment at “Attained” in “Citizenship and Social Development” is required for meeting the entrance requirement but NOT included in the admission score calculation.
2. In general, PolyU programmes incline to count 5 HKDSE subjects for admission score calculation unless specified otherwise by individual programmes.<sup>#</sup>
3. Individual schemes / programmes will consider one relevant Applied Learning (ApL) subject in admission consideration. An attainment at “Attained with Distinction (I)” level or above is required.
4. Other Language subjects (i.e. Category C) will be accepted as elective subjects. Grade E or above is required.
5. If students have taken both M1 and M2, they will be considered as one subject and the best grade will be taken into consideration during admission selection.
6. Students endorsed by schools for meeting [EDB’s specified circumstances](#) and having achieved the required grade in Chinese in one of the following examinations will be regarded as obtaining a Level 3 in HKDSE Chinese for meeting our entrance requirements.

Examination	Level	Minimum Grade
GCE	O-Level	C
GCSE	N/A	C / 4
IGCSE	N/A	C / 4
HKDSE ApL (C)	N/A	Attained
GCE	AS-Level	E
GCE	A-Level	E

7. For HKDSE repeaters who took “Liberal Studies” in 2023/24 or before and have not taken “Citizenship and Social Development” in 2024/25 and thereafter, “Level 2” or above in “Liberal Studies” would be regarded as “Attained” in “Citizenship and Social Development” for fulfilling the general entrance requirement. However, “Liberal Studies” would not be recognized for meeting the elective requirement of the general entrance requirement in 2024/25 and thereafter. The level attainment of the subject would not be included in the admission score calculation.
