Members of the public are advised to refer to the information contained in the JUPAS and 9 JUPAS participating-institutions' websites as the official source of Admissions Scores.

The information contained here is provided by the respective JUPAS participating-institutions and is **applicable to LOCAL JUPAS APPLICANTS** only.

You are advised to consult the websites of the respective JUPAS participating-institutions for further and additional information. Should there be any discrepancies between the information contained here and the websites of the respective JUPAS participating-institutions, the information contained in the latter is final.

As not all programmes select students on the basis of HKDSE Examination levels / grades alone and the actual levels / grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, *etc.*), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

The admission scores shown on this webpage are applicable to **local** students only.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of applicants who have received offers in the Main Round of the JUPAS admission exercise. Students admitted through special routes (e.g. Other Experiences and Achievements in Competitions/Activities, Principal's Nominations, Sports Talents, Disabled Applicants and Home Affairs Bureau Multi-faceted Excellence Scholarship) are not included.

Students are reminded that score weightings and calculations may vary each year. As different weightings are used, admission scores are not comparable across programmes or admission years. The median and lower quartile scores are for reference only and should not be used to predict the likelihood of admission. The selection criteria vary each year, and many types of score are used in the selection process. In addition to public examination results, other factors (such as band choices and interview performance) may be considered.

Hong Kong Baptist University 2021 JUPAS Admissions Scores

The information contained here is based on the subject results achieved by the applicants at the

- study programme's mean of summation scores of 4 HKDSE core subjects plus 2 best elective subject scores (category A subjects) obtained by applicants admitted to respective study programmes in JUPAS Main Round; and
- median position (in the middle); and
- lower quartile position (3/4 way down)

of the JUPAS Main Round offer ranking list of each programme.

As not all programmes select students on the basis of HKDSE results alone and the actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

Notes:

1. In the admission process, some programmes may have additional requirements (such as specifying subject requirements, assigning heavier weighting to specific subjects, etc.) which are not reflected in the **Total Reference Scores** above. For the latest admission information, please visit <http://admission.cuhk.edu.hk/jupas/download.html>
2. Programmes admitting less than 5 students are excluded.
3. ***Please note that as admission is not based on public examination results alone, and the overall scores of students admitted to each programme vary from year to year, the information provided is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.***

The Education University of Hong Kong 2021 JUPAS Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area.

Students nominated under various [nomination schemes](#) will be considered favourably with good school reference reports and interview performance.

Bachelor's Degree / Higher Diploma Programmes

The HKDSE admission scores are the sum total of the level/grade values of the best five HKDSE subjects, regardless of they are core or elective subjects.

Subject levels/grades are converted into numeric values according to the following scoring system:

Category A : Senior Secondary Subjects							
Level	5**	5*	5	4	3	2	1
Score	7	6	5	4	3	2	1

Category B : Applied Learning Subjects*			
Result	Attained with Distinction (II)	Attained with Distinction / Attained with Distinction (I)	Attained
Score	4	3	0

*excluding DSE Applied Learning Chinese (for NCS students)

Category C : Other Language Subjects

Grade	A	B	C	D	E	Others
Score	7	6	5	4	3	0

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated based on their HKDSE results and subject weightings for selection purposes.

The information provided here is the HKDSE examination results of offered applicants in the JUPAS main round. Students admitted through non-academic achievements schemes are excluded. Please note that the figures provided below are for reference only since the HKDSE results of students admitted to each programme vary from year to year. Moreover, some programmes consider applicants' other profiles, as well as interview performance and/or Band choices.

Explanatory Notes on the Calculation of Average HKDSE Scores

1. Starting from 2020/21 admissions exercise, the following set of conversion points has been adopted for calculation of average HKDSE Score. No subject weighting is applied in the average HKDSE Score calculation.

Core and Elective Subjects:

5** = 8.5, 5* = 7, 5 = 5.5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0

Applied Learning Subjects:

Attained with Distinction (II) (accepted as Level 4 at HKDSE) = 4,

Attained with Distinction / Attained with Distinction (I) (accepted as Level 3 at HKDSE) = 3,

Attained = 0

Other Languages:

A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

2. **One** of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:
 - o **Any Best 5 Subjects:** The "best" 5 HKDSE subjects will be taken into account.
 - o **Chinese & English Languages + Any Best 3 Subjects:** Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
 - o **Any Best 6 Subjects:** The "best" 6 HKDSE subjects will be taken into account.
 - o **4 Core + Best 2 Elective Subjects:** The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus 2 "best" elective subjects will be taken into account.

2021 JUPAS Admissions Scores

POINTS TO NOTE:

- HKUST calculates **weighted scores** based on program-specific formulae, of which certain subjects are given heavier weighting. For score calculation, please refer to the “ADMISSIONS REQUIREMENTS & STATISTICS” section on <https://join.hkust.edu.hk/admissions/jupas>
- The scores presented in this table are based on the following conversion scale of subject levels/grades to scores for 2022 Entry:
 Category A Core/Elective Subjects **5** = 8.5 ; 5* = 7 ; 5 = 5.5 ; 4 = 4 ; 3 = 3 ; 2 = 2**
 Category C Other Language Subjects **A = 7 ; B = 5.5 ; C = 4 ; D = 2.5 ; E = 1**
- 2021 JUPAS admissions scores are applicable to local students only. Non-local students holding HKDSE qualifications should apply through <https://join.hkust.edu.hk/apply>.
- All admissions scores are provided for reference only. The public examination results of students admitted to each program vary from year to year. HKUST considers an applicant's whole profile, on top of the HKDSE score.
- For the full version of the JUPAS Admissions Scores (including the 7-point scale version), please visit <https://join.hkust.edu.hk/publication>.

Remarks:

Score is computed by multiplying the converted points (Level 2 = 2 points, Level 3 = 3 points, Level 4 = 4 points, Level 5/5*/5** = 5/6/7 points) of each of the 4 Core subjects and 1 Elective subject in HKDSE by the respective subject weighting as stipulated by the programme concerned, and then adding the products of each of the 5 subjects together. The admission score is normally calculated based on 4 core subjects and 1 elective subject for all programmes except JS9530, JS9540, JS9550, JS9560, JS9570 & JS9580, of which the admission score is calculated based on the best 5 subjects.

All weighted scores are calculated based on programme-specific formulae, which may assign a heavier weighting to certain subjects that the programmes have particular requirements. The weighted admission scores have taken heavier subject weighting, if any, into account. The scores and subject weighting may vary from year to year and should only be used as reference.

Unless otherwise stated in the Programme-specific subject requirements, HKDSE Category B subjects (Applied Learning) with attainment at “Attained” or above; or Category C subjects (Other Languages) with attainment at grade E or above can be considered as elective subjects. Also, Mathematics Extended Part (i.e. Module 1 (Calculus and Statistics) / Module 2 (Algebra and Calculus)) can be counted as an elective subject. If applicants have taken both Module 1 and Module 2, only the module with best result will be taken into consideration.

* Students with Alternative Qualifications in Chinese Language (ACL) are not included in the calculation of score.
