Welcome

Welcome to the 2020 Griffith University International Student Guide.

As a former international student myself, I know that making the decision to study overseas is a big one. This Guide contains information to help you make the right choice about where and what to study. For nearly 50 years, Griffith has been helping students achieve academic success, and ensuring that all our graduates are well-supported and ready for their future careers. We are proud to host students from approximately 130 countries, and pride ourselves on providing a remarkable student experience. We recognise the importance of international rankings but, equally importantly, are committed to ensuring that you have the opportunity to learn from some of the best university teachers in Australia, in programs that have been designed with the future in mind. With five campuses in South East Queensland, Griffith offers an amazing environment in which to live and study, as well as a world-class education.

Congratulations on taking this first step, and I hope that you will find what you are looking for in the pages of this Guide. Remember, too, that there is more information and detail about what Griffith has to offer at griffith.edu.au. Good luck with making your decision. Together with colleagues across the University, I hope we have the opportunity to welcome you to Griffith.

Professor Sarah Todd
Vice President (Global)

About Griffith

At Griffith, we believe in, strive for and celebrate the Remarkable. We rank among the world's best universities and continue to improve our international standing. In the largest and most credible world university rankings, we are ranked in the top 350—placing us in the top 2% worldwide.

Ranked in the top 2% worldwide

Griffith ranks alongside some of the best universities in the world.*

Research that makes a difference

Benefit from our vibrant research culture and learn from researchers at the forefront of discovery.

Global impact

Through our teaching and research we support you to make a difference to the world.

Australia's most awarded university for teaching & learning

Learn from the best, with teachers who have won more Australian Government awards, citations, and fellowships than any other university in the past five years.^

Future focused

Prepare for the future world of work with degrees developed in consultation with industry and based on cutting-edge research.

Prepared for employment

We include real-life industry experiences in our degrees and have a great range of employability initiatives to help you be job-ready.

Creating global citizens

Our degrees have an international focus, preparing you for work around the world.

Young and ambitious

We rank highly as a young university – 35th in the QS Top 50 Under 50.†

2019 U.S. News Best Global Universities: **240**

2018 Times HE World University Rankings: **251-300**

Build your career

Griffith University graduates are well equipped for the new world of work. We include real-life industry experiences in our degrees and have a great range of employability initiatives to help you be job-ready.

Work-integrated learning

Employers like to see experience from the real world on your resume. You can gain practical experience while you study, build your portfolio and develop networks through internships and industry placements. Many work-integrated learning opportunities will allow you to earn credit towards your degree.

Griffith Honours College

Griffith is the only university in Australia with an honours college. The Griffith Honours College is an extracurricular program that provides experiences to increase your employability and graduate opportunities. Many of these experiences are exclusive to Griffith Honours College students and will enable you to develop a global perspective while enhancing your leadership, communication, teamwork, research and industry skills.

griffith.edu.au/griffith-honours-college

Mentoring

Griffith's range of mentoring programs will connect you locally and globally, allowing you to engage with students, alumni and industry professionals. Through our Industry Mentoring Program we find you a suitable mentor to support and guide your career development.

Community Internship

The Community Internship is a 10 credit point course, available to students in most degrees. Through this course you will be able to make a difference in a local community organisation while developing a range of professional and personal skills. You will spend a minimum of 50 hours in a volunteering placement and combine this with academic learning. With hundreds of internship opportunities, we can tailor the internship to match your study area or interests.

Leadership programs

Join one of our leadership programs, including the Griffith Business School Student Leadership Program, Griffith Honours College or Griffith Mates. You will receive formal recognition for participating in these programs and gain a range of experience and skills sought after by future employers.

Internships and industry placements

Gain industry experience, observe professionals and ask questions to become career ready. Griffith offers internship and industry networking opportunities in nearly all study areas.

Careers and Employment Service

Our Careers and Employment service supports you to plan your career, become job ready and find work while you study and after you graduate. Get help with resumes, cover letters, interview preparation and job search techniques to improve your employability and increase your chances of finding your dream job.

griffith.edu.au/careers

Exchange and short-term programs

Participating in an overseas program as a part of your Griffith University degree is one of the best experiences you can have at university. You can spend as little as one week, or as long as one year in destinations around the world. We offer a trimester or year-long exchange program, as well as short-term options including global internships, volunteering, service learning, academic-led study tours, clinical placements and research practicums.

griffith.edu.au/go-global

Find out more at griffith.edu.au/employability

'There was so much of my Griffith degree that was directly applicable to my workplace. All the practical components of my degree, all the industry input and knowledge, all the opportunities to work directly with the industry, they are invaluable.'

Alana Scott

Bachelor of Environmental Engineering (Honours)

Did you know that you can work while you study in Australia? We have services dedicated to helping you find a part-time job while you study. See page 10 →

‘Volunteering at a nursing home has helped me develop workplace skills and has allowed me to easily connect with the seniors in the community. All these wonderful experiences couldn’t have been possible without Griffith University!’

Daniel Mak
Bachelor of Medical Science

Work while you study

In Australia you can work part-time while you study and Griffith has services to help you find a job.

Working while you study in Australia can complement your student experience.

Key facts about working in Australia:

- Student visa holders can work a maximum of 40 hours per fortnight (2 week period) during the teaching period, once classes have started.
- Student visa holders can work unlimited hours during scheduled university-wide teaching breaks.
- Australia has a high national minimum wage.
- Work rights in Australia mean you are entitled to a healthy and safe work environment, regular breaks and rest periods.

Careers and Employment Service

Our career development consultants help you to:

- understand your career options
- market yourself to prospective employers
- find suitable employment while studying.

We show you how to start professional networking and how to use social media as part of your job search. We also give the latest information on recruitment practices, including employment and career options relating to your degree. Our online support and resources will help you to write professional resumes, cover letters and LinkedIn profiles suitable for Australian employers.

You can search for job vacancies through the Griffith website at:

- [Griffith's CareerBoard](#)
- [Unitemps](#)

You can also search for job vacancies on:

- [seek.com.au](#)
- [careerone.com.au](#)

Find out more at: griffith.edu.au/careers

'The greatest thing about Australia is that I could work and study at the same time. A lot of countries don't allow me to do that. In Australia they allow us to work 40 hours per fortnight.'

Dennis Kim

Bachelor of International Tourism and Hotel Management

Unitemps helps students apply for part-time work

Griffith was the first university in Australia to offer Unitemps, a service dedicated to helping you apply for paid part-time work while you study.

Unitemps is an in-house recruitment service that facilitates connections between Griffith students and employers who are offering temporary paid work opportunities. The Unitemps team is committed to helping you be the best candidate you can be, while identifying flexible, student-friendly job opportunities that can provide financial support while you study and enhance your employability upon graduation.

www.unitemps.com

Find out more at:

griffith.edu.au/careers-employment/unitemps

Scholarships

We provide excellent scholarship opportunities for our international students.

We offer an exciting and generous range of scholarships to support international students coming to study in our undergraduate, postgraduate, research and pathway programs. Our scholarships recognise remarkable students and their potential to make a positive contribution to Griffith and our community.

Griffith University supports outstanding international students with a range of scholarships, including:

- excellence scholarships for undergraduate and postgraduate students
- scholarships for family members of current international students and alumni
- discipline-specific scholarships for selected programs
- higher degree by research scholarships

Scholarships are also awarded to the top graduate of the Griffith English Language Institute Direct Entry Program and the top Griffith College Diploma graduate for each session.

For more information visit:
griffith.edu.au/international-scholarships

Australia Awards Scholarships

At Griffith, we host and support a diverse community of Australia Awards scholars. The prestigious Australia Awards Scholarships, funded by the Australian Government's Department of Foreign Affairs and Trade (DFAT), offer next-generation leaders from across the world an opportunity to undertake study and research in Australia. The scholarships aim to help developing countries reduce poverty, achieve sustainable development and increase access to quality education.

Endeavour Scholarships

The Endeavour Leadership Program offers outstanding opportunities to international students to undertake study, research or professional development in Australia. Griffith is proud to host Endeavour Leadership program awardees in a range of disciplines.

'Griffith University helps me in achieving my dream. The scholarships and learning process at Griffith changed my life. I met people with different backgrounds and expertise at Griffith, and thus I learned many things from them. Studying at Griffith has been a mind-opening experience for me, as well as shaping me to be a wise researcher and academic that contributes to the better world.'

Maria Dharmesti

PhD in Marketing

Griffith University International Postgraduate Research Scholarship (GUIPRS) and Griffith University Postgraduate Research Scholarship (GUPRS) recipient

Vice President (Global), Professor Sarah Todd, and colleagues with some of our previous international student scholarship recipients.

Accommodation

Whether you would like to live on-campus or off-campus, there are a number of options you can explore to find housing to suit your needs. You can also choose homestay and live with a local Australian family while you study.

Off-campus

In Australia, share housing – where you share a house or apartment with a number of other students – is the most common form of off-campus accommodation.

When looking for suitable off-campus accommodation you will need to consider:

- the cost of rent (usually advertised weekly)
- if utilities are included in your rent (electricity, water, gas)
- if internet is included in your rent
- if the accommodation is furnished
- how close the accommodation is to your campus
- access to public transport.

griffith.edu.au/international-accommodation

Temporary accommodation:

We recommend you organise temporary accommodation for your first few days or weeks in Queensland, as it is important that you inspect your long-term off-campus accommodation before you move in.

Temporary on-campus accommodation is available at Mt Gravatt, Nathan and South Bank campuses.

griffith.edu.au/international-accommodation

Temporary accommodation can also be found through these websites:

- airbnb.com
- lastminute.com
- wotif.com

Off-campus accommodation:

You may wish to organise your long-term off-campus accommodation after you arrive in Australia, to ensure you are choosing a suitable living and study environment.

Off-campus accommodation websites:

- realestate.com.au
- domain.com.au
- flatmates.com.au
- studentaccommodationfinder.com.au
- semesterinaustralia.com
- bedssi.com
- studybrisbane.com.au
- studygoldcoast.org.au

Student One

Student One is our preferred supplier for off-campus student accommodation in Brisbane. Student One is located within the heart of the Brisbane City and provides high quality, flexible accommodation options.

studentone.com

Homestay

Homestay accommodation gives you the option of living with an Australian family while you study. Homestay is available to students at all Griffith campuses. Homestay is a great way to develop your English language skills and experience life in Australia and offers catered and self-catered options.

griffith.edu.au/homestay

On-campus

On-campus accommodation is available at all campuses except South Bank. Living on campus is a fantastic way to meet new people, find out about new cultures, and develop independence. On-campus accommodation is usually fully furnished and provides access to laundry facilities, gym equipment, common rooms, internet and organised student activities.

- **Self-catered:** Gold Coast, Nathan, Mt Gravatt and Logan campuses
- **Postgraduate self-catered:** Nathan and Mt Gravatt campuses.
- griffith.edu.au/accommodation/on-campus

UniCentral Griffith

UniCentral Griffith is our preferred supplier of on-campus accommodation at the Logan campus. It is located only 5 minutes' walk from the Griffith University Logan campus.

ucg.net.au

Griffith University Village

Griffith University Village (GUV) is our preferred supplier for on-campus accommodation at the Gold Coast campus, providing a range of self-catered accommodation options.

griffithuv.com.au

Cost of living

South East Queensland is an affordable and friendly place to study and offers a combination of quality education and high living standards.

The cost of living in South East Queensland is considered more affordable than other major Australian cities such as Sydney and Melbourne*.

The Australian Government requires students to have access to a minimum of **A\$20,290 (Australian dollars) per year** to meet their living costs.

*In the QS Best Student Cities 2018 rankings, Brisbane and the Gold Coast are ahead of Sydney and Melbourne in the Affordability Rank.

Calculating your total cost of study

Your total cost of studying in Australia will include:

- tuition fees
- visa application fees
- Overseas Student Health Cover (OSHC)
- flights
- cost of living
- other personal and study-related expenses.

Find out more at griffith.edu.au/international-costs

Tuition fee guarantee

Tuition fees are reviewed annually but we guarantee that your fees will not increase by more than 2.5% per year for the minimum time it takes to complete your program. This means that you are provided with certainty and confidence regarding the total cost of your degree at Griffith. Detailed information on the fees relevant for your degree, including the fees applicable in your commencing trimester, is available at

degrees.griffith.edu.au

Weekly cost of living estimate

	Self-catered on-campus	Share house off-campus	Homestay off-campus

Your student experience

Meet new people, make friends, enjoy the Australian lifestyle and, most importantly, have fun! We want you to have the best possible experience with your studies and enjoy your time at Griffith.

Sport and fitness

Griffith offers a variety of sporting facilities and competitions.

- Join Griffith Sport for social sport competitions.
- Enjoy discount student memberships for facilities including:
 - on-campus gyms
 - athletics track – Gold Coast
 - Mt Gravatt Tennis Centre
 - swimming pools at Mt Gravatt and Gold Coast campuses.

griffith.edu.au/sport

Orientation

Once you are ready to enrol in your first trimester you will be sent a link to myOrientation, an online orientation that will provide you with key information to prepare you for study and life at Griffith. Orientation Week is when you get to know Griffith, connect with your key support network and have fun meeting people before you start classes.

- Find out about studying and living in Australia at the compulsory International Student Welcome and Orientation Day.
- Discover Brisbane or Gold Coast highlights on a free Twilight City Walking Tour with the Griffith Mates.
- Enjoy free food and activities at your campus.

griffith.edu.au/orientation

Griffith volunteer community

Griffith Bush Care group

(Brisbane campuses)

Help restore the Australian bush environment and, if you are lucky, see koalas, possums, and sugar gliders. Join us to develop your teamwork skills, learn more about the environment and meet new people.

Griffith Beach Care group

(Gold Coast campus)

Help restore and care for our beautiful coastal environments with the Griffith Beach Care group. This is a great way to give back to the environment, meet new people and enjoy the beaches of the Gold Coast.

griffith.edu.au/mates

Religion

Each Griffith campus provides access to prayer facilities as well as multi-faith chaplains.

griffith.edu.au/chaplaincy

Clubs and societies

Griffith has over 120 clubs in cultural, religious, political, educational, sporting, professional and special interest areas.

There are also international student clubs, societies and associations, including: Africa, Bangladesh, China, Philippines, India, Indonesia, Iraq, Japan, Korea, Latin America, Malaysia, Pakistan, Papua New Guinea, Singapore, Sri Lanka, Thailand, and Vietnam.

griffith.edu.au/clubs

International Student Buddy Program

The International Student Buddy Program runs from Week 1 to Week 4 of trimester with two drop-in style 'Mates Meetups' each week at the Gold Coast and Nathan campuses. Current students (Senior Buddies) provide peer support to commencing international students (Junior Buddies) with each weekly session covering topics to help ease your transition to university life. This is a safe and comfortable environment where you can ask questions about Griffith and life in Australia, as well as practise your English. It's also a great way to make friends!

griffith.edu.au/international-buddy

**BLOG FOR
GRIFFITH
INTERNATIONAL!**

explore

griffith.edu.au/explore-blog

Explore is the Griffith International blog – it has thousands of readers with all stories written by Griffith students. Lots of our writers are international students who share their experiences and advice. Writing for Explore gives you the chance to:

- improve your writing skills
- get feedback on your work
- have your work published
- inspire other students with your stories.

Griffith Mates

Enjoy the most memorable years of your life with the Griffith Mates. The Griffith Mates are a diverse peer-support network for international students, with members who speak over 46 languages.

Look out for the Griffith Mates at Orientation – they may even be waiting to welcome you at the airport!

Griffith Mates will help you make the most of university, develop friendships, practise your English, and:

- meet other international and Australian students
- join in volunteering opportunities, e.g. learn about the Australian environment
- visit amazing locations with the Griffith Mates on day trips around South East Queensland
- attend free on-campus events and activities from games and sports to networking events
- expand your worldview with cross-cultural leadership opportunities by becoming a Griffith Mate.

griffith.edu.au/mates

Student support

You will have access to Griffith University's diverse range of student support initiatives, including programs and staff dedicated specifically to helping international students.

Orientation and arrival

Attend your compulsory International Student Welcome and Orientation session during Orientation Week to supplement the information provided online through myOrientation. Meet your International Student Advisors, connect with Griffith Mates and other commencing students, then join us for an International Welcome Market.

The Griffith Mates will help you get to know your campus with campus tours during Orientation. Discover the beauty of Brisbane or the Gold Coast through free Twilight Walking Tours hosted by the Mates.

griffith.edu.au/orientation

Free airport pickup service

Have a friendly face to meet you at the airport when you arrive in Australia! International students commencing at Griffith University can apply for free airport pickup, which takes you from the airport directly to your pre-arranged accommodation. The service is free for eligible international students arriving into the Brisbane or Gold Coast airports.

griffith.edu.au/airport-reception

Career support

Our Careers and Employment service assists with career planning, part-time work opportunities and mentoring. More information is available on page 10.

griffith.edu.au/careers-employment

Library

Become acquainted with the library - we have six libraries with a range of resources for study, including computers, quiet study areas and group work spaces.

griffith.edu.au/library

Find out more:

griffith.edu.au/student-services/international

International Student Advisory

If you need some extra information or support on campus, make an appointment with an International Student Advisor. International Student Advisors provide information to support you to manage your life and your studies within the conditions of your student visa. Our team of dedicated and highly experienced staff can answer any questions throughout your time on campus and help guide you towards academic success.

griffith.edu.au/international-student-advisors

Academic enrichment and learning support

EnglishHELP: If English is your second language, we provide a free English language learning service to continue developing your academic English and improve your overall academic performance. From dedicated courses to free one-on-one tutoring sessions, we offer a range of solutions that can help you achieve your goals.

griffith.edu.au/englishhelp

PASS: Peer Assisted Study Sessions (PASS) are study groups for specific courses that students often find difficult or demanding. The sessions are facilitated by student leaders who have previously completed the course and achieved excellent results.

griffith.edu.au/students/peer-assisted-study-sessions

Financial assistance

If you are having trouble with budgeting or money, the Welfare and Student Liaison Office offers budgeting advice, a textbook exchange service and other support services.

griffith.edu.au/student-services

Accommodation

See pages 12-13 for information regarding accommodation options at Griffith.

griffith.edu.au/accommodation

Health and wellbeing

If you need a doctor there are health and medical services located on the Gold Coast and Nathan campuses, as well as medical centres and hospitals near every campus.

If you need someone to talk to about personal issues, we offer free, confidential counselling sessions on our campuses and a range of online counselling options.

griffith.edu.au/student-services

Disability services

At Griffith, we seek to remove barriers that students with disabilities face in higher education. Through our Disability Service, we aim to improve the participation, retention and success of students with disabilities, while ensuring easy access to learning environments.

If you would benefit from the support offered by our Disability Service, we encourage you to make contact with our friendly staff before you start, or at any time during your degree.

Prospective students requiring disability support should make contact early so we can provide advice and information about the support available.

griffith.edu.au/student-services

Safe campuses

All members of the Griffith University community have a right to feel welcome, safe and supported. We are committed to providing safe and inclusive campus communities, free from harassment, bullying, discrimination and assault and encourage members of the Griffith community to call out, report and seek support when these behaviours occur.

griffith.edu.au/safe-campuses

'Griffith's support services made my transition to Australia and its culture very smooth as help was always available as soon as I needed it. I clearly remember being worried about the different education style in Australia, especially referencing, but so many resources were available to guide me through it.'

Aayushi Gaur
Master of Global Public Health

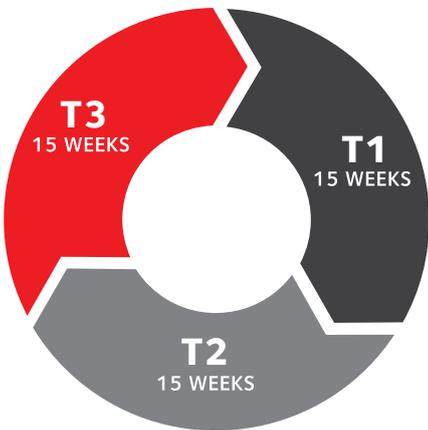

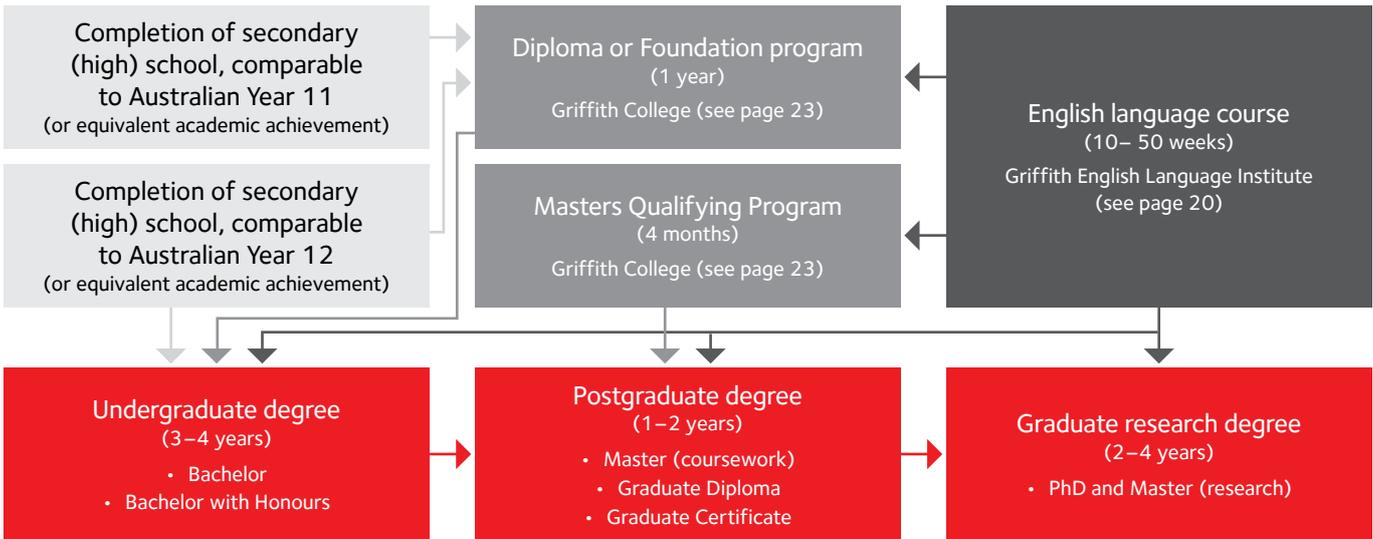

With staff and students from more than 130 countries, we celebrate and support the diversity of our community. Griffith is truly an international university - almost a quarter of our students and graduates are from overseas. We provide students with first-class support during their Griffith experience, from arrival through to graduation and beyond.

Know your options

No matter what level of study you have completed, or what English level you have, we have a range of study options and pathways to help you achieve your study goals.

Study options and pathways at Griffith

Trimester teaching

At Griffith we teach across three trimesters, rather than two semesters – this gives you the flexibility to pace your study to suit your needs.

Trimesters 1 and 2 are compulsory, so if you begin your degree in Trimester 3, you must complete Trimesters 1 and 2 in the following year; however, if you begin in Trimester 1 or 2, it is not compulsory to enrol in Trimester 3.

Please note: A small number of Griffith degrees require students to enrol in Trimester 3.

Online study

Our online degrees are delivered 100% online, giving you flexibility over where and when you study. Choose between full-time and part-time study options.

You can identify our online degrees throughout this Guide by the symbol above.

Please note: If you enrol in an online or external degree you are not eligible for an Australian student visa.

Study Abroad program

Our Study Abroad program allows you to complete one, two, or three trimesters of study in Australia and earn credit towards your home degree.

See our Study Abroad and Exchange Guide for more information.

griffith.edu.au/international/global-mobility/inbound

What am I eligible to study?

Read below for an overview of entry requirements for Griffith University degrees.

Academic entry requirements

Undergraduate (bachelor)

Standard entry*

Completion of secondary school comparable to Australian Year 12 OR equivalent academic achievement.

Some programs have higher entry requirements, specific prerequisites or require the submission of portfolios, medical checks or professional work experience.

Pathway option(s)

Study a Foundation or diploma program through Griffith College. See page 23.

Gain direct entry into the relevant Griffith University bachelor degree upon completion.

Postgraduate (master)

Standard entry*

A bachelor degree or higher (or equivalent) from a recognised university.

- Master (coursework)
- Graduate Diploma
- Graduate Certificate

You must meet minimum Grade Point Average (GPA) entry requirements. Griffith also recognises the knowledge gained through work experience, as well as prior study, for some degrees.

Pathway option

Study the Masters Qualifying Program (MQP), delivered by Griffith College. See page 23.

The MQP provides you with an opportunity to upgrade your prior study to meet direct entry requirements to a selection of Griffith masters programs.

Research

Standard entry*

Doctor of Philosophy (PhD)

- A bachelor degree (or equivalent) with class I honours or class IIA honours; or
- a master degree (or equivalent) incorporating a significant research component; or
- a record of research, or a qualification granted by a professional or other body which is deemed to be of a standard comparable to a bachelor degree with class IIA honours.

Master of Philosophy (MPhil)

- a bachelor degree (or equivalent) with at least class IIB honours incorporating a significant research component; OR
- a record of research, or a qualification granted by a professional or other body which is deemed to be of a standard comparable to a bachelor degree with class IIB honours.

Pathway option(s)

Graduate Diploma of Research Studies

Griffith offers graduate diplomas in specific disciplines.

English language entry requirements

Undergraduate (bachelor), Postgraduate (master) and Research

Standard entry*

- **IELTS:** minimum score of 6.5, with no subscore less than 6.0; OR
- **Internet-based (iBT) TOEFL:** score of 79 (no subscore less than 19); OR
- **Pearson Test of English (Academic):** overall score of 58 with no score less than 50; OR
- **ISLPR:** no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only).

Pathway option(s)

Complete the Direct Entry Program at Griffith English Language Institute. See page 20.

The duration of English study required will vary depending on your current level of English.

*Visit degrees.griffith.edu.au to view the academic and English language entry requirements for your degree.

Griffith English Language Institute (GELI)

For nearly 30 years, Griffith English Language Institute (GELI) has been delivering award-winning English language programs to international students.

Academic workshops

Join our free after-class workshops to improve in specific skill areas such as grammar and vocabulary.

Independent Learning Centre (ILC)

Use these dedicated centres and their resources to undertake additional English study.

Activities program

Participate in free and low-cost activities to practise your English, make friends and engage with the local community.

'I chose to study at Griffith English Language Institute because it is one of the best English schools in Australia. On top of that, they have wonderful structure and great services to support my study.'

Kelen Marczak Polli

Former GELI student and GELI Excellence Award winner

Direct Entry Program

Join our highly popular Direct Entry Program to gain the English skills necessary to enter a Griffith University Degree or Griffith College Diploma.

You will be placed in the appropriate class based on the results from your proficiency test or the Griffith English Test. As you progress through the Direct Entry Program, you will build your English language skills in Reading, Writing, Listening and Speaking, and at the higher levels you will practise academic skills that will help you to be successful in your studies at diploma, bachelor, master or PhD level. A highlight of the pathway for Griffith University degree students includes the final 10 weeks, where you will attend lectures, participate in class tutorials, and complete essays and a research assignment to prepare you for your studies.

When you successfully complete the Direct Entry Program at the equivalent of the IELTS level needed for your degree or diploma, you can enter your program directly without needing to submit a proficiency test result.

Fees

Your tuition fees for the Direct Entry Program will vary depending on the number of weeks you are enrolled.

Up to 25 weeks: **\$450 per week**

26+ weeks: **\$420 per week**

Enrolment fee: **\$225**

GELI classes

Class sizes at GELI are small so you will receive personal attention from your teachers and progress quickly through your studies.

There are 25 hours of study per week: 20 hours of face-to-face learning in class and an additional 5 hours of independent learning each week using GELI's independent learning plans.

Classes are held daily Monday to Friday from 8.15am - 12.45pm, allowing plenty of time in the afternoon for additional study or to join the Activities Program.

2020 key dates

Orientation	Classes Start
2 January	6 January
6 February	10 February
12 March	16 March
16 April	20 April

*Check the English language entry requirements for your degree at griffith.edu.au/international-study

Please note: it normally takes 10–15 weeks to progress from one level to the next. This table indicates expected course length for students requiring IELTS 6.5.

Griffith College offers a diploma pathway to the second year of nearly 50 Griffith bachelor degrees. With a flexible trimester system and supportive learning environment, Griffith College is your best pathway to fast-track your degree at Griffith University.

Griffith College diploma programs are equivalent to university-level study, and are delivered in a supportive and specialised learning environment to better prepare you for success in your bachelor degree. And because Griffith College is situated on-campus at the Gold Coast and Mt Gravatt campuses, you'll have access to university facilities and become part of the Griffith community from day one.

Griffith College offers 11 diploma programs providing access to the second year of nearly 50 Griffith bachelor degrees across diverse study areas such as arts, business, commerce, psychology, IT, science, nursing, health sciences, hotel management, engineering, criminology and design.

For Griffith College fee information, entry requirements and credit transfer information, visit griffith.edu.au/college

Other pathways to Griffith University

Foundation Program

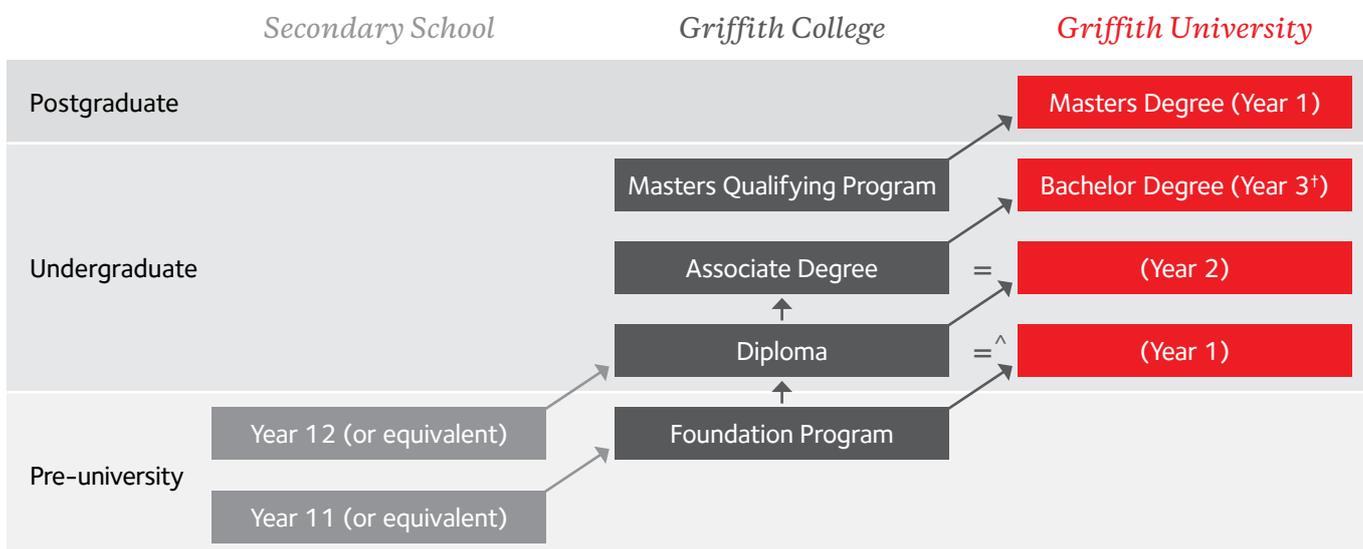

Griffith College also offers a Foundation Program, which is a bridging course for students who need to study the equivalent of Australian Year 12. You'll be trained in the knowledge and skills needed for successful university study and be able to acquire prerequisites for specific Griffith University degrees. Foundation Program graduates are eligible to progress to a degree or diploma-to-degree pathway, subject to conditions.

Masters Qualifying Program

The Griffith University Masters Qualifying Program (MQP) provides you with an opportunity to upgrade your prior study to meet the academic requirements for direct admission to a Griffith University masters program.

If you are successful in progressing to your masters degree, you may be eligible for 10 credit points of advanced standing.

*Entry into second year of bachelor degrees from a diploma is dependent on successfully completing the Griffith College program and meeting degree admission requirements. Students must complete in their second or third years of the degree any first year core courses for which credit transfer has not been granted.

'I wasn't very confident with my English and I saw Griffith College as a great way to transition to university with smaller class sizes and amazing support systems. I feel like I am learning in a slow but safe way. I feel I've been prepared for each step before the next one.'

Daniel Arboleda
Diploma of Science

Remarkable research

Griffith is a research-intensive university that fosters industry, community, government, national and international research collaborations. Undertake research at Griffith and be part of an elite group of researchers who are thinking globally and discovering new-world solutions.

Research centres and institutes

Home to 30+ world-class research centres and institutes, Griffith offers you the opportunity to learn from globally renowned researchers.

Outstanding resources

Our researchers are provided with state-of-the-art facilities, support services and research environments that best accommodate their needs.

Above world standard

Latest analysis of Excellence in Research for Australia found 99% of our research outputs were in disciplines rated at world standard or above.

Scholarships

We offer a number of competitive higher degree by research scholarships each year to help you with the cost of tuition and/or living expenses for the duration of your research study.

Research support

You will be supported with research training workshops and a comprehensive suite of library services ranging from research and data management tools to research communication training.

International links

Griffith staff come from all over the world and have strong research partnerships nationally and internationally.

Research with impact

Our remarkable discoveries help to shape a better world.

Malaria vaccine - The Institute for Glycomics is developing and manufacturing a world-leading malaria vaccine—PlasProtecTTM— which is now at human-trial stage.

Shadow of an atom - The world's first photo of a shadow of an atom was taken by researchers at Griffith's Centre for Quantum Dynamics.

'Green' circuit boards - Environmentally friendly circuit boards are being developed at the Griffith School of Engineering and Built Environment.

Spinal cord paralysis treatment - The Griffith Institute for Drug Discovery is leading groundbreaking stem cell research into treating spinal cord paralysis.

Robots to help dementia patients - Griffith is leading research into using robots to improve the quality of life for dementia patients through the Menzies Health Institute Queensland.

Protecting wildlife - Griffith experts are at the forefront of world-leading strategies to protect wildlife from the negative impacts of roads, aiming to minimise the number of motor vehicle accidents involving wildlife.

Wearable technology - Griffith is working with Olympians and other elite athletes to develop wearable sports technology monitoring systems to aid in better performance and injury risk management.

Autism Centre of Excellence - The Centre is engaged in the development of strategic research in evidence-based practices to achieve lifelong outcomes for learners with Autism Spectrum Disorder.

Advanced Design and Prototyping Technologies Institute (ADaPT) - Multi-disciplinary expertise across Griffith University in collaboration with leading industry partners push the boundaries in advanced design, prototyping and new materials to engineer next-generation biomedical and industrial applications.

Research study options

Doctor of Philosophy (PhD)

The PhD is Griffith's premier research training degree. It is awarded for a thesis, drafted under supervision, which makes an original, significant, and extensive contribution to knowledge and understanding in your field of study. A PhD is available across all schools and disciplines.

Griffith also offers:

- Doctor of Philosophy (by prior publication)
- professional Doctorates (psychology, education, musical arts and visual arts).

Master of Philosophy

The Master of Philosophy (MPhil) is awarded for a thesis, drafted under supervision, which presents original research and demonstrates both knowledge of a research topic and discipline. It is shorter than a PhD and is available across all schools and disciplines.

Griffith also offers:

- specialist Masters by Research (combine coursework with professional and/or artistic practice).

Find a supervisor

Griffith has over 2,600 researchers working across more than 30 research centres and institutes. Our world-class experts utilise state-of-the-art facilities to develop new knowledge in a range of specialist areas that will lead to novel and exciting solutions to benefit society and the environment, as well as influence governance and policy development.

Find your research supervisor at griffith.edu.au/research-study/find-a-supervisor

How to apply

At Griffith University, we understand that everyone's experience is different. If you are ready to take your research studies or career to the next level, whatever your circumstances, we can help you achieve your goals.

Step 1

Choose your preferred research degree.

Step 2

Check entry requirements.

Consider a pathway option if you don't meet direct entry requirements (see page 18).

Step 3

Consider cost of study and search for funding options.

This could include scholarships or sponsorships.

Step 4

Choose a research topic and develop a research proposal.

Step 5

Find a supervisor.

You must have identified a suitable supervisor before you can apply.

Visit griffith.edu.au/research-study/find-a-supervisor

Step 6

Apply online or via a registered recruitment representative.

Visit griffith.edu.au/research-study

Griffith is a leader in online education

Griffith University understands that everyone has different learning styles and life commitments. Our online degrees are delivered 100% online, giving you control over where and when you study. Our academic and student support team is committed to helping you succeed and reach your goals.

Griffith has been delivering online programs for nearly 20 years.

Our online degrees are highlighted on this page and throughout the Guide with the  symbol above. Most of these degrees are also available on campus.

griffith.edu.au/online

At Griffith, we believe in, strive for and celebrate the Remarkable.

We believe in the potential for all people to be remarkable - to be courageous, to capture opportunity, to make a difference and change the future forever.

Our vision is to engage in remarkable scholarship and research that contributes significantly to society.

Find out more:
remarkable.griffith.edu.au

Architecture, construction and planning

We are focused on global issues, including social responsibility, community engagement and sustainability, to ensure graduates are valuable to their industries world-wide.

5-Star rated

Architecture and planning at Griffith have been awarded 5-stars for Educational Experience, Teaching Quality and Skills Development by the Good Universities Guide 2018, a leading independent provider of high-quality education and career information.

Sustainable designs for the tropics and subtropics

Our architecture degrees are distinctive in their emphasis on environmental sustainability and urban design. We are focused on global issues, particularly climatic responsive and sustainable design principles for the tropics and subtropics, relevant to our region and South East Asia.

Industry connections

The Bachelor of Architectural Design has been developed in conjunction with our industry advisory board.

Unique opportunities

Including practice-led design studios and international field study electives.

Prepare for a place in the world of work

With a strong focus on applied studio teaching, you will gain the skills employers want.

Graduates are: required to complete the Master of Architecture to apply to be accredited as an architect.

Construction Management

Bachelor of Construction Management (Honours)	Feb, Jul	4	G	320	6.5	S	1598	097097F	\$34,500
---	----------	---	----------	-----	-----	---	------	---------	----------

What you will study

You will learn about construction and building practices, developing a rigorous understanding of construction law and ethics, business management, construction economics, and property development in a global context.

On commencing your degree, you will be introduced to the principles of built environment, learning the fundamentals of construction sustainability, project development, construction materials and site operations. From your third year, you will undertake in-depth study of core construction business areas including estimating, tendering, planning and procurement, with a strong focus on ICT applications in the built environment. In your final year, you will grow your professional skills through an industry placement.

Graduates find employment

As a graduate, you'll be prepared for a rewarding career as a construction professional. Your industry knowledge combined with strong skills in problem-solving, decision-making, communication and technology will prepare you for leadership roles across the full spectrum of construction projects.

Graduates find employment opportunities in private and public sectors as: construction managers; construction project managers; site managers; site supervisors; construction estimators; contract administrators; construction economists; building consultants; facility managers; and property developers.

Recognition/Accreditation

The Bachelor of Construction Management (Honours) is provisionally accredited by the Australian Institute of Building (AIB).

Urban and Environmental Planning

Bachelor of Urban and Environmental Planning 	Feb, Jul	4	N	320	6.5	S	1086	062724F	\$31,000
	Feb, Jul	4	G	320	6.5	S	1279	062724F	\$31,000

Double degree option(s): Science.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Architecture

Master of Architecture	Feb, Jul	2	G	160	6.5	R	5558	077645D	\$32,500
------------------------	----------	---	----------	-----	-----	---	------	---------	----------

What you will study

You will receive a rounded professional architectural education with strength in design research. You can choose to focus on sustainable design, urban design, history/theory or design practice. The research-based approach to architectural design in this degree will help you develop the capacity to pose original questions and to investigate, analyse and appraise current information and understandings. Research-led design will underpin career-long, self-directed learning of a critical-reflective nature.

Entry Requirements

Recognised bachelor degree in Architectural Design (5.0 GPA) OR Griffith bachelor degree in Architectural Design (4.5 GPA).

Graduates find employment

in: various architecture-related organisations including private practice, consulting firms, and local and state government. You may choose to become a 'general practitioner' or you will have the option to specialise in a building type, in an aspect of building design or construction procurement or, with further experience and study, you can specialise in urban design or research.

Recognition/Accreditation

The Master of Architecture is recognised by the Architects Accreditation Council of Australia, the Board of Architects of Queensland, the Australian Institute of Architects and the Commonwealth Association of Architects.

Through research-led design this program will give you the skills for career-long self-directed learning.

What you will study

Griffith's Bachelor of Business lets you design your ideal career. You can choose a single major, which will give you specialist skills in one profession, or you can choose a second business major or additional major to give you an even broader range of skills and knowledge when you graduate. You can also choose not to complete a major, selecting from a range of courses that provide broad knowledge for a career in business management.

If you are not sure which majors to choose just yet, that is okay. Once you enrol, you can try some different courses before you choose the combination that is right for you.

A Griffith business degree will prepare you for a wide range of career opportunities, from running major events through to managing key aspects of complex organisations such as employment relations, marketing campaigns, or logistics.

Business majors

Asian Business (G,N); Employment Relations (G,N); Entrepreneurship and Self-Employment (G,N,O,S); Event Management (G,N); Human Resource Management (G,N,O); International Business (G,N); Logistics and Supply Chain Management (G,N); Management (G,N,O); Marketing (G,N); Real Estate and Property Development (G,N); Sport Management (G,N); Sustainable Enterprise (N); Tourism Management (G,N).

Additional majors

Accounting; Economics; Finance; Financial Planning; Politics and Public Policy.

Graduates find employment

as: advertising account managers; brand managers; business or strategy managers; corporate social responsibility specialists; event and conference organisers; export and import operations managers; human resource managers; international negotiators; international project officers; logistics and supply network managers; market research analysts; marketing managers; policy advisors; project managers; public relations managers; purchasing managers; real estate agency managers; sales managers; entrepreneurs; sports marketers; sports tourism promoters; sustainability specialists; or tourism managers.

Double degree option(s)

Combine Business with: Arts; Asian Studies; Commerce; Communication and Journalism; Creative and Interactive Media; Data Science; Design; Engineering; Environmental Science; Exercise Science; Fine Art; Government and International Relations; Information Technology; International Business; International Tourism and Hotel Management; Laws; Photography; Psychological Science; Science; Sport Development.

Recognition/Accreditation

Program accreditation will vary depending upon your choice of major:

- The Human Resource Management major is accredited by The Australian Human Resources Institute (AHRI).

Depending upon your choice of Business major, you may be eligible for admission to one or more of the following professional bodies:

- Australian Human Resources Institute (AHRI)
- Chartered Institute of Procurement and Supply (CIPS)
- Australian Marketing Institute (AMI)
- Australian Market and Social Research Society
- International Live Events Association
- Pacific Asia Travel Association
- Sport Management Association of Australia & New Zealand.

Pathway option(s)

- Associate Degree in Commerce and Business
- Diploma of Commerce
- Diploma of Hotel Management

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Double your career opportunities by choosing two specialisations from our 18 diverse majors.

Bachelor of International Business  	Feb, Jul, Oct	3	N	240	6.5	S	1105	003430J	\$28,500

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Commerce

Bachelor of Commerce 	Feb, Jul, Oct	3	G	240	6.5	S	1286	003428C	\$28,500
	Feb, Jul, Oct	3	N	240	6.5	S	1035	003428C	\$28,500

What you will study

You will gain the technical skills and knowledge to pursue a career in accounting, financial planning, finance or economics. In your first year, you will explore the core skills and concepts of commerce including accounting, economics, business statistics, and management. In your second and third years, you will build on this knowledge with your chosen major.

You can choose a single major, which will give you specialist skills in one profession, or expand your expertise with a second commerce major, or additional major, including management, marketing, politics and public policy, and international business.

If you are not sure which majors to choose just yet, that is okay. Once you enrol you can try some different courses before you choose the combination that is right for you.

Commerce majors

Accounting (G,N); Economics (G,N); Finance (G,N); Financial Planning (G,N).

Additional majors

Asian Business; Employment Relations; Entrepreneurship and Self-Employment; Event Management; Human Resource Management; International Business; Logistics and Supply Chain Management; Management; Marketing; Politics and Public Policy; Real Estate and Property Development; Sport Management; Sustainable Enterprise; Tourism Management.

You can also choose to complete a Taxation Minor which is recognised by the Tax Practitioners Board.

Graduates find employment

as: accountants; auditors; banking and finance industry analysts or advisors; business managers; provisional financial advisors or controllers; government policy advisors; managerial accountants; market analysts; stockbrokers; or taxation accountants.

Double degree option(s)

Combine Commerce with: Asian Studies; Business; Data Science; Information Technology; International Business; Laws; Psychological Science; Science.

Recognition/Accreditation

Depending on the courses you complete you can graduate with a degree accredited by:

Accounting: Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.

Financial Planning: Financial Adviser Standards and Ethics Authority (FASEA).

Professional recognition will vary depending upon the courses you complete.

Accounting major: Completion of the Bachelor of Commerce, along with completion of the courses required for Accounting accreditation, provides exemptions from the ACCA Foundation Level Exams F1-F9.

Financial Planning major: Graduates will be eligible for admission to the Financial Planning Association (FPA) of Australia's CERTIFIED FINANCIAL PLANNER® Certification Program.

Finance major: The Bachelor of Commerce (Finance) has been accepted into the CFA Institute University Affiliation Program. This status is granted to institutions whose degree program incorporates at least 70% of the CFA Program Candidate Body of Knowledge (CBOK), which provides students with a solid grounding in the CBOK and positions them well to sit for the CFA exams.

Taxation minor: Graduates who complete the Taxation Minor meet the education requirements for registration as a Tax Agent with the Tax Practitioners Board.

Pathway option(s)

- Associate Degree in Commerce and Business
- Diploma of Commerce
- Diploma of Hotel Management

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

The Student Investment Fund provides outstanding finance students with access to Queensland's largest student managed investment fund, totalling \$250,000.

International Relations

Bachelor of Government and International Relations 	Feb, Jul	3	G N	240	6.5	S	1399	077995D	\$27,000
--	----------	---	-----	-----	-----	---	------	---------	----------

Major(s): International Relations; Politics and Public Policy.

Additional major(s): Asian Business; Chinese Language; Economics; French Language*; German Language*; Indonesian Language*; International Business; Islam-West Relations; Italian Language; Japanese Language; Korean Language*; Russian Language*; Spanish Language.

Tourism and Hotel Management

Bachelor of International Tourism and Hotel Management 	Feb, Jul, Oct	3	G	240	6.5	S	1408	080403G	\$28,500
	Feb, Jul, Oct	3	N	240	6.5	S	1409	080403G	\$28,500

What you will study

In this degree, you will gain an in-depth understanding of the tourism sector, underscored by sustainability principles. You will develop core business skills in areas such as financial management, leadership, management, marketing and strategic management, and enhance these with an understanding of how to manage employment relations in a culturally diverse context.

Thanks to Griffith's close working relationship with major hotel chains and tourism operators in South East Queensland, you will have the chance to gain knowledge from guest speakers and experience via a wide range of innovative work-integrated learning activities.

You will learn industry-standard systems, graduate with the skills and knowledge employers want, and be fully aware of the culture, service and competitive aspects of international tourism and hotel corporations.

International Tourism and Hotel Management majors

Hospitality Management; Tourism Management.

Additional majors

Event Management; Human Resource Management; Management; Marketing; Real Estate and Property Development; Sport Management.

Graduates find employment

in: international tourism and hotel management; hotel and resort groups; accommodation sector; independent restaurants; internationally recognised chains; entertainment and leisure providers; theme parks; suppliers of goods and services to the hospitality industry; airlines; local, state and federal tourism organisations; regional planning authorities.

Double degree option(s)

Combine International Tourism and Hotel Management with: Business.

Pathway option(s)

- Associate Degree in Commerce and Business
- Diploma of Commerce
- Diploma of Hotel Management

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Our close working relationship with major hotel chains means you will have the opportunity to learn from industry guest lecturers and gain practical experience.

Griffith Business School is accredited by the **Association to Advance Collegiate Schools of Business (AACSB) - International**. AACSB Accreditation is known worldwide as the longest standing, most recognised form of professional accreditation an institution and its business programs can earn. We are one of only 15 Australian business schools to be recognised in this way.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Accounting

Master of Accounting	Feb, Jul	1.5	N	120	6.5	R	5584	079861B	\$31,500
Entry requirements: Bachelor degree or higher in accounting and professional registration.									
Master of Accounting/Master of International Business	Feb, Jul	2	N	160	6.5	R	5739	099996K	\$31,500
Entry requirements: Bachelor degree or higher in accounting and professional registration.									
Master of Professional Accounting 	Feb, Jul	2	NO	160	6.5	A	5683	088233M	\$31,500

What you will study

If you are from a non-accounting background, the Master of Professional Accounting conversion program will give you the training in accounting and related areas needed to meet the academic requirements for Associate membership with CPA Australia and admission to CPA Australia's CPA Program, and the CA Program of Chartered Accountants Australia and New Zealand.

This program will enable you to develop the technical and conceptual skills needed to become an accountant and will develop your ability to analyse, critique and synthesise various accounting and related principles, methods and techniques. This program will also provide academic support to help you prepare for CPA Australia's CPA Program and ACCA's professional level examinations.

Entry Requirements

Any bachelor degree.

Graduates find employment

in: government administration; business planning; cost and management accounting; auditing; information systems; taxation; finance and banking; stockbroking; treasury; foreign exchange; superannuation; consulting; insurance; manufacturing.

Recognition/Accreditation

Accreditation will depend on the courses you complete. The Master of Professional Accounting is accredited by Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.

Completion of the listed courses in the Master of Professional Accounting provides exemptions from the ACCA Foundation Level Exams F1-F9.

Pathway option

• Masters Qualifying Program
For more information go to griffith.edu.au/college.

Griffith's program is the only one in Queensland that provides academic support for the CPA professional level examinations to help you become a CPA professional sooner.

Business

Graduate Certificate in Business	Feb, Jul, Oct*	0.5	GN	40	6.5	A	3306	082402C	\$15,750
Entry requirements: Any bachelor degree or higher OR relevant work experience.

Griffith is home to the world leading Griffith Institute for Tourism (GIFT) and the world's only Tourism Confucius Institute.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Finance and Financial Planning

Graduate Diploma of Finance	Feb, Jul	1	N	80	6.5	A	4166	082403B	\$31,500
-----------------------------	----------	---	---	----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

Master of Finance	Feb, Jul	2	N	160	6.5	A	5592	081667G	\$31,500
-------------------	----------	---	---	-----	-----	---	------	---------	----------

What you will study

The Master of Finance offers comprehensive preparation for those wishing to pursue or advance their career in the finance and investments industry. You will gain technical competencies and analytical skills and learn how to apply financial theory and quantitative techniques to make effective financial and investment decisions. You will build a solid foundation in finance and gain an in-depth understanding of investment principles with a strong appreciation of ethical and professional standards focusing on the curriculum of CFA Level II and III and CAIA examinations. You will develop the skills to critically analyse issues in the investment profession relating to stock markets, fixed-income and alternative instruments, derivatives, and portfolio or wealth management, preparing you to take on new challenges in the increasingly globalised and competitive financial sector.

The Master of Finance has two different entry points depending on your previous studies:

Standard pathway: If you are interested in moving into the field and do not have a background in finance, you will complete the standard pathway (2 years) which includes a compulsory foundation component.

Advanced standing pathway: If you have a prior finance degree you will follow the advanced standing pathway (1.5 years) and skip the foundation course component. You will focus on core finance courses and advanced electives. High-performing students may have the opportunity to undertake a major research project in place of advanced electives. This option can serve as a pathway to higher research degrees.

Entry Requirements

Any bachelor degree or higher.

Graduates find employment

in: mutual funds; superannuation funds; banks; insurance companies; treasury and stockbroking.

as: foreign exchange dealers; futures and options traders; portfolio managers; risk analysts and advisers.

Recognition/Accreditation

This program has been accepted into the CFA Institute University Affiliation Program.

Pathway option

- Masters Qualifying Program

For more information go to griffith.edu.au/college.

Graduate Certificate in Financial Planning	Feb, Jul, Oct*	0.5	N O	40	6.5	A	3322	085648A	\$15,750
--	----------------	-----	-----	----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

*Trimester 3 (October entry) online only.

Master of Financial Planning	Feb, Jul, Oct* 1 to 2		N O	160	6.5	A	5665	085650G	\$31,500
------------------------------	-----------------------	--	-----	-----	-----	---	------	---------	----------

	Feb, Jul, Oct* 1 to 1.5		N O	120	6.5	R	5686	088909E	\$31,500
--	-------------------------	--	-----	-----	-----	---	------	---------	----------

*Trimester 3 (October entry) online only.

What you will study

You will gain the high level knowledge and skills required of a modern financial adviser. This includes the practise and theory of financial planning including financial markets, investments, risk management, taxation, retirement and estate planning, and behavioural finance. The program has a foundation component (Graduate Certificate) which allows those without a prior degree in financial planning and those looking for a career change to participate. Those with qualifications and experience in the field can also enter the program and progress to the advanced level study.

Entry Requirements

Related bachelor degree or higher.

Graduates find employment

in: banks; funds management and financial planning companies.

as: client services officers; business development officers; client administration officers and trainee para-planners.

Recognition/Accreditation

The Master of Financial Planning is accredited by the Financial Adviser Standards and Ethics Authority (FASEA).

Graduates will be eligible for admission to the Financial Planning Association (FPA) of Australia's CERTIFIED FINANCIAL PLANNER® Certification Program. Graduates will also be eligible for advanced standing for three of the educational components of the program.

Graduates may be eligible for membership with the following professional bodies:

- Association of Financial Advisers (AFA)
- Self Managed Super Fund (SMSF) Association.

Global Development

Master of Global Development	Feb, Jul	2	N O	160	6.5	A	5724	097102C	\$28,000
------------------------------	----------	---	-----	-----	-----	---	------	---------	----------

What you will study

In a world where change is the only constant, the Master of Global Development will give you a deep understanding of policy, politics, people and power in the modern world.

During your study, you will examine issues such as social impact, human rights and the political forces that shape these dynamics at the international and domestic levels. This is an interdisciplinary degree meaning you will work with experts from across the University giving you the agile strategic skills and knowledge necessary to work towards dynamic solutions to these global issues and to make a difference.

This degree is based around the Griffith Business School's sustainable business practises, so you will graduate as an effective, globally responsible business leader. If you are looking to develop your thought leadership skills and identify new, creative solutions that will improve the world around you, then the Master of Global Development is the right fit for you.

Entry Requirements

Any bachelor degree (4.0 GPA) or higher.

Graduates find employment

Graduates from this degree may seek roles within non-government organisations and aid organisations, international development, government policy, consultancy and research. Potential organisations include Oxfam, Amnesty International, United Nations, World Bank, Department of Foreign Affairs and Trade.

Gain a deep understanding of policy, politics, people and power in the modern world.

Criminology and law

As a criminology or law student at Griffith, you will benefit from our industry-informed learning and gain valuable experience working on real cases, with real clients, during your studies.

Practice makes perfect

Studying law you will develop real-world skills working on cases and projects throughout your studies. You will gain practical experience from your first year through moots, court visits and industry networking. With opportunities to participate in international competitions, you will graduate with valuable international experience.

One of the largest in the world

Our School of Criminology and Criminal Justice is one of the largest communities of criminology and criminal justice scholars in the world. The School is internationally renowned for ground-breaking research, innovative and flexible teaching, and close collaboration with practitioners and employers.

Ground-breaking research

One of the largest communities of criminology and criminal justice scholars in the world, working on solutions to create safe, well-governed and equitable societies.

Law ranked in the top 50 globally

according to the 2019 ARWU Ranking of Academic Subject.

Griffith University Innocence Project

Pro-bono project run by Griffith University Law School, committed to freeing innocent persons who have been wrongly convicted.

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Criminology and Criminal Justice

Bachelor of Criminology and Criminal Justice	Feb, Jul	3	M O	240	6.5	S	1112	061466E	\$30,000
	Feb, Jul	3	G O	240	6.5	S	1385	061466E	\$30,000

What you will study

You will learn about the causes of crime and society's response through the justice system to address them. Criminology draws on insights from many fields of study, including psychology, law, sociology, politics and social work. In your first year, you will gain a broad understanding of these areas.

You will also learn about trends in crime in Australia and overseas, studying courses about police, courts and criminal law, forensic psychology and homicide, and you will hear from academic and professional experts about how crime can be prevented and reduced.

In your second and third years, you will have the flexibility to specialise with elective courses in areas such as policing, working with offenders and victims, youth justice, and crime analysis and prevention. You can also choose some non-criminology electives, for example in languages, journalism and international relations.

This degree also offers opportunities to study abroad and receive credit for your degree.

In your final year, you will have the option to complete a professional placement and gain practical justice-related experience.

Graduates find employment

in: policing and security; intelligence; probation and parole; child protection; crime analysis; courts and justice services; crime prevention regulatory agencies and other government departments and private enterprises; welfare and counselling; research and policy; justice administration; customs; community corrections; anti-discrimination bodies; juvenile justice; security firms; rehabilitation; victim support and mediation; intelligence courts education; anti-corruption bodies; immigration detention centres; policy development; legal aid; crime prevention; insurance investigations and cybercrime.

Double degree option(s)

Combine Criminology and Criminal Justice with: Forensic Science; Government and International Relations; Human Services; Information Technology; Laws; Psychological Science.

Honours available

Honours is available for this degree (through an additional year of study).

The Honours year (or equivalent) is an essential prerequisite for enrolment in a Higher Degree Research such as Master of Philosophy (MPhil) or Doctor of Philosophy (PhD).

Pathway option(s)

- Diploma of Criminology and Criminal Justice

For more information go to griffith.edu.au/college.

Law

Bachelor of Laws	Feb, Jul	4	N	320	7.0	H2	1483	083394A	\$29,500
	Feb, Jul <td>4 <th>G</th> <td>320</td> <td>7.0</td> <td>H2</td> <td>1484</td> <td>083394A</td> <td>\$29,500</td> </td>	4 <th>G</th> <td>320</td> <td>7.0</td> <td>H2</td> <td>1484</td> <td>083394A</td> <td>\$29,500</td>	G	320	7.0	H2	1484	083394A	\$29,500

What you will study

Griffith Law School offers a professional legal curriculum that focuses on core areas of legal practice and the legal skills that lawyers must have. You will have the opportunity to choose law electives based on your interests, including clinical courses that emphasise practical legal skills, insights and experience.

You will make connections between law and ethics, legal theory, Indigenous issues, and internationalisation. You will also develop interdisciplinary understandings of law and legal work.

You will take courses that cover areas such as Crime, Contracts, Property, Corporate Law, Torts and Theories of Law.

Graduates find employment

A law degree from Griffith University is recognised as a qualifying degree for admission into the legal profession in many countries around the world.

You will be prepared for a career as a solicitor or barrister after gaining professional recognition. Your degree could also pave the way for work as a lawyer in a law firm or large Australian or international corporation, a policymaker or law reformer working in the government or community sector, a human rights defender, or for a non-legal career as a journalist, politician, investment banker or management consultant.

You could find opportunities in business and government in areas such as academia, administration, banking, finance, industrial relations, management and marketing.

Recognition/Accreditation

To be eligible for admission as a solicitor, a person must complete an approved law degree, have undertaken approved practical legal training via a practical legal training course or supervised traineeship at a law firm, and be able to satisfy the Legal Practitioners Admissions Board and the Supreme Court of their fitness to practise.

Canada

Griffith University's law degree is accepted for entry into the legal profession in Canada's common law provinces, when accompanied by a Certificate of Qualification from the National Committee on Accreditation (NCA) of the Federation of Law Societies of Canada. You must ensure you complete the five Canadian Law courses to help you prepare for the NCA exams while gaining credit towards your law degree.

Malaysia (Sabah and Sarawak)

Students from Sabah or Sarawak who have a Griffith law degree and wish to return to Sabah or Sarawak to practise law may do so providing they gain admission to practice in an Australian jurisdiction first and then fulfil additional requirements upon their return to Sabah or Sarawak.

Double degree option(s)

Combine Law with: Arts; Asian Studies; Business; Commerce; Criminology and Criminal Justice; Environmental Science; Government and International Relations; International Business; Psychological Science.

Honours available

Honours is available for this degree.

Pathway option(s)

- Diploma of Criminology and Criminal Justice

For more information go to griffith.edu.au/college.

Bachelor of Laws (Graduate Entry)	Feb	3	N	240	7.0	O	1454	083393B	\$29,500
	Feb	3	G	240	7.0	O	1455	083393B	\$29,500

Entry requirements: Non-law degree with 4.0 GPA minimum

Graduates are: eligible for admission as a solicitor if they complete an approved law degree, have undertaken approved practical legal training via a practical legal training course or supervised traineeship at a law firm, and are able to satisfy the Legal Practitioners Admissions Board and the Supreme Court of their fitness to practise.

Education

When you study education at Griffith you can be sure you are choosing a rewarding and exciting future—we are producing the next generation of teachers.

Benefit from our powerful partnerships

We maintain strong relationships with schools and industry partners, including two school-based teacher education centres of excellence. You will have the opportunity to engage with experts who are moving education forward in priority areas, including teaching literacy and developing teachers as researchers.

Spanning all levels of learning

Our education degrees span all levels of learning, from early childhood, primary and middle school, right through to high school, adult and vocational education. We also offer specialist programs in high-demand areas, including special education and autism studies through our Autism Centre of Excellence.

Develop in-demand expertise

Griffith is among the best for education graduate success rates in Australia, and our School of Education and Professional Studies is ranked in the top 150 worldwide.

Inspire the next generation

Study teaching at one of the world's leading education schools and prepare for a rewarding career.

Autism Centre of Excellence

Focused on improving the quality of life for children and adults with autism through evidence-based practice.

Engineering, IT and aviation

Study engineering, IT or aviation at Griffith and learn using cutting-edge resources while gaining valuable hands-on experience through real projects.

Industry Affiliates Program (IAP)

The Industry Affiliates Program (IAP) is a work-integrated learning program designed to integrate final-year students into the workplace. Griffith's IAP program has been running for over 20 years and has placed thousands of students into industry-based projects where they gain invaluable skills and experience.

Foundation first year

Our Bachelor of Information Technology and Bachelor of Engineering (Honours) have foundation first years, which are designed to allow you to test out different study areas. You get to choose your major specialisation before you start the second year of your studies. As well as your major, you can choose from an additional range of minor specialisations to create your own, unique skill set.

Leaders in aviation

We have 25 years of experience producing qualified graduates for the international aviation industry which is growing rapidly as the number of travellers continues to expand.

Strong industry links

Be job-ready with opportunities for industry placements and the chance to work on industry projects.

Focus on innovation

We prepare our graduates to create smarter solutions for the future, fostering professional skills and an entrepreneurial approach.

Aviation

Bachelor of Aviation	Feb	2*	N	240	6.5	S	1517	085494C	\$32,500
-----------------------------	-----	----	---	-----	-----	---	------	---------	----------

*3 years full-time equivalent offered over 2 years.

Double degree option(s): Engineering (Honours).

Bachelor of Aviation Management 	Feb, Jul	1.5 or 2*	N O	240	6.5	S	1367	092428K	\$32,500
--	----------	-----------	-----	-----	-----	---	------	---------	----------

*3 years full-time equivalent offered over 2 years OR 1.5 years full-time (Professional Entry).

What you will study

This degree will help you advance your career in aviation management and thrive in the constantly changing aviation environment.

You will study courses that directly relate to job functions in the aviation industry. In your final year, you will have the opportunity to undertake a short research project, which allows you to make a valuable contribution to an area in the aviation industry that interests you and can be sponsored by an organisation or individual within the aviation industry. Griffith University has Australia's most highly recognised aviation teaching program. Our aviation staff have strong industry ties and are world leaders in air travel safety research focusing on the human elements in flight operations to help improve safety. Over the past 25 years teaching in this field, we have built an international reputation for graduates who are industry ready.

Graduates find employment

As a graduate you will be prepared for employment in aviation management. You will be able to apply your management skills to many areas of the aviation industry including: airlines, air traffic service providers, maintenance and repair organisations and government organisations, such as the Australian Defence Force and the Civil Aviation Safety Authority (CASA).

Pathway option(s)

- Diploma of Commerce

For more information go to griffith.edu.au/college.

Our graduates have been successful in gaining a range of positions with organisations including Cathay Pacific, Emirates, Virgin Australia, Jetstar, and Qantas, as well as Airservices Australia and CASA.

Computer Science

Bachelor of Computer Science 	Feb, Jul	3	G	240	6.5	S	1534	090585B	\$31,000
---	----------	---	---	-----	-----	---	------	---------	----------

What you will study

Computer science is a dynamic and developing field that is increasingly pervading every aspect of society. In this program, you will learn the fundamental principles underpinning computer science and learn practical software technology development skills for many different platforms and applications.

You will have the choice of studying topics such as Programming Languages, Distributed Computing, Computer Architectures, Algorithms and Operating Systems, Machine Learning, Intelligent Systems, Robotics, Programming for Web, Mobile and Embedded Applications, Scientific Computing, Visualisation and Big Data Mining, and Analytics. You can choose between one of two majors and also select from a range of elective courses. In the last year of your studies, you will complete a practical project for industry or a research placement providing first-hand experience of the knowledge, skills and attributes required to succeed in full-time employment.

Majors

Data Science and Artificial Intelligence; Software Development.

Graduates find employment

as: software developers; computer programmers; web and mobile applications developers; data scientists; software engineers; systems analysts; computer games programmers; software systems architects; computer scientists; computer systems engineers.

Double degree option(s)

Combine Computer Science with: Engineering (Honours).

Recognition/Accreditation

The Bachelor of Computer Science is conditionally accredited with the Australian Computer Society (ACS) and the program has been designed to specifically meet level 1 accreditation. Students and graduates can also join the Association for Computing Machinery (ACM) and the Institute of Electrical and Electronics Engineers (IEEE).

Griffith's computer science program is Queensland's premiere degree for individuals focused on careers in the dynamic software development and software engineering sector.

Engineering

Bachelor of Engineering (Honours) 	Feb, Jul	4	N	320	6.5	S	1542	090583D	\$35,500
	Feb, Jul	4	G	320	6.5	S	1546	090583D	\$35,500

What you will study

If you are inspired by great engineering achievements, this degree is for you. As part of your core first year, you will develop a strong foundation in basic science and engineering principles, practise and management. You will study over a range of engineering areas, to help you decide where your engineering passion lies. You will learn about current industry practises from passionate academics who are leaders in their fields. Our degree has a strong practical focus and from your first year provides you with the opportunity to develop work-ready skills as our teaching focuses on 'learning by doing'.

From your second year you will study your preferred major and focus more on your selected area of interest. We maintain strong links with industry, ensuring our degrees are relevant and you benefit from leading guest lecturers and participation in real engineering projects. In your final year you will take these skills and work with our industry partners here or overseas to undertake a trimester long project through our capstone Industry Affiliates Program.

Majors

Civil Engineering; Electrical and Electronic Engineering; Electronic and Energy Engineering; Electronic and UAV Engineering; Electronic Engineering; Environmental Engineering; Mechanical Engineering; Software Engineering.

Graduates find employment

as: chief civil engineers; construction engineers; municipal engineers; structural engineers; transport engineers; water supply distribution engineers; project managers and consulting engineers; UAV pilots; UAV designers; engineers in the aviation and general electronics industries; pilot engineers; senior administrators; civil and mechanical engineers; computer scientists and various workers in the business; building and construction industries; software architects; software developers; software engineers; software testers; IT project managers; systems analysts; security specialists; computational scientists; programmers; networking and communications specialists.

Double degree option(s)

Combine Engineering (Honours) with: Aviation; Business; Computer Science; Environmental Science; Industrial Design; Information Technology; Science.

Recognition/Accreditation

In Australia, professional accreditation of entry to practice engineering programs is the responsibility of Engineers Australia and is normally carried out on a five-yearly cycle. Griffith University underwent this review in August 2015.

Accreditation ensures academic institutions consistently meet national and international benchmarks and that engineering graduates of an accredited program are assured membership with Engineers Australia at the relevant career grade and enjoy reciprocal privileges by equivalent professional bodies overseas.

Countries such as the USA, United Kingdom, Hong Kong (SAR), New Zealand, Canada, South Africa and others that are co-signatories to international agreements on joint recognition offer international recognition.

The Washington Accord, the Sydney Accord and the Dublin Accord recognise the substantial equivalence of accreditation systems and accredited programs across international boundaries at the Professional Engineer, Engineering Technologist and Engineering Associate levels respectively. Please refer to the International Engineering Alliance (IEA) website for more details.

Pathway option(s)

- Diploma of Engineering

For more information go to griffith.edu.au/college.

Participate in a full trimester placement in industry in your final year, working on real engineering projects.

Bachelor of Engineering Technology in Electronic and Computer Engineering 	Feb	3	N	240	6.5	S	1586	084181F	\$35,500
--	-----	---	---	-----	-----	---	------	---------	----------

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Industrial Design

Bachelor of Industrial Design	Feb, Jul	3	G	240	6.5	S	1407	081670B	\$32,500
-------------------------------	----------	---	----------	-----	-----	---	------	---------	----------

Information Technology

Bachelor of Information Technology	Feb, Jul, Oct	3	N	240	6.5	S	1538	003423G	\$31,000
	Feb, Jul, Oct	3	G	240	6.5	S	1539	003423G	\$31,000

What you will study

This program will provide students with a core of IT technical knowledge and also allow a major in Information Systems, Networks and Security or Software Development. The program is flexible enough for students to gain two IT majors or expertise in other areas, including those outside the IT domain. The IT technical component of the program commences in Year 1 and addresses IT skills such as understanding the basics of computing technology, how to design and build web sites, computer programming, data management, software development and human computer interaction. This program covers skills including software technologies, information security and IT services management and topics such as business analysis, IS architecture, business/IT alignment and project management.

The Bachelor of Information Technology addresses the knowledge and skills needed by IT graduates and also allows specialisations in Information Systems or Networks and Security or Software Development. This degree is suitable for students seeking a more generalist IT degree which will allow them to pursue a vocational career in IT with less complex abstract problem solving and programming requirements.

Majors

Information Systems; Networks and Security; Software Development.

Graduates find employment

in: computer security; IT support roles; software acquisition; software integration; software enhancement/maintenance and database support; business analysis; IT management; IS architecture design and project management; network support; network design; network security support; software development.

Double degree option(s)

Combine Information Technology with: Business; Commerce; Criminology and Criminal Justice; Engineering (Honours); Science.

Recognition/Accreditation

The Bachelor of Information Technology is conditionally accredited with The Australian Computer Society (ACS).

Pathway option(s)

• Diploma of Information Technology
For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Gain the knowledge and skills needed to be a successful IT graduate and have the opportunity to specialise in information systems, networks and security or software development.

Bachelor of Intelligent Digital Technologies	Feb, Jul	3	G N	240	6.5	S	1596	096706E	\$31,000
--	----------	---	------------	-----	-----	---	------	---------	----------

What you will study

This new degree brings together technical and practical skills in the fields of intelligent digital technologies. You will learn the fundamentals of ICT problem solving and high level programming skills, for application in cutting edge fields such as the Internet of Things (IoT), robotics, app and web development, big data analysis, and virtual reality (VR) and augmented reality (AR) applications.

In your first year you will learn about trends in emerging technologies, coding and human computer interactions. Choose between two majors, IoTs and Robotics or Programming for Visualisation and Entertainment, or undertake both majors. If you choose a single major you will have the flexibility to undertake electives of your choice. In your final year of studies, you will bring together your skills and knowledge to develop Intelligent Digital Technologies for industry through a work integrated learning course.

Majors

IoT and Robotics; Programming for Visualisation and Entertainment.

Graduates find employment

as: designers and developers for various cutting-edge technologies including Virtual Reality (VR) and Augmented Reality (AR), 3D visualisation, Internet of Things (IoT), Robotics, UAVs, Artificial Intelligence and Big Data.

Data science

Data science can be taken as part of a double degree, which will allow you to develop a specialised skill set that can be applied to your chosen major of study, and broaden your career options.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Aviation

Graduate Certificate in Airport Management	Feb, Jul	1*	O	40	6.5	R	3308		\$14,500
--	----------	----	----------	----	-----	---	------	--	----------

Entry requirements: Related bachelor degree or higher OR relevant work experience.

*Part-time only.

Graduate Certificate in Aviation Management	Feb, Jul	0.5	N O	40	6.5	A	3112	069966J	\$14,500
---	----------	-----	------------	----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

Master of Aviation Management	Feb, Jul	1 to 1.5	N O	120	6.5	R	5647	083653J	\$29,000
-------------------------------	----------	----------	------------	-----	-----	---	------	---------	----------

What you will study

You will gain the knowledge, skills and vision needed to accept and master the challenge of changing management practices in the aviation industry.

Entry Requirements

Related bachelor degree (5.0 GPA) or higher and relevant work experience.

Graduates find employment

You will be able to further your career in the airline industry and provide your employer with a competitive advantage over other organisations in the region. On graduation you will also be eligible to pursue doctoral studies or conduct independent research into the aviation sector.

You will be equipped with the skills needed for lifelong learning in the evolving aviation environment.

Graduate Diploma of Flight Management	Feb, Oct	1.5*	E	90	6.5	O	4188	099490C	TBA^
---------------------------------------	----------	------	----------	----	-----	---	------	---------	------

Entry requirements: Visit griffith.edu.au/international-study for details on entry requirements.

*Part-time only.

Engineering

Graduate Diploma of Engineering Science Major(s): Civil Engineering (G); Electronic Engineering (N); Environmental Engineering (N). Entry requirements: Relevant bachelor degree or equivalent.	Feb, Jul	1	G N	80	6.5	R	4201	097690M	\$36,000
Master of Civil Engineering Entry requirements: Bachelor degree in civil engineering or higher.	Feb, Jul	1 to 1.5	G	120	6.5	R	5642	083658D	\$36,000
Master of Civil Engineering Advanced Entry requirements: Bachelor degree in civil engineering or higher.	Feb, Jul	1.5 to 2	G	160	6.5	R	5692	088911M	\$36,000
Master of Civil Engineering/ Master of Engineering Project Management Entry requirements: Bachelor degree in civil engineering or higher.	Feb, Jul	2	G	160	6.5	R	5682	086345G	\$36,000
Master of Electronic and Computer Engineering Entry requirements: Bachelor degree in electronic engineering or higher.	Feb, Jul	1 to 1.5	N	120	6.5	R	5649	083656F	\$36,000
Master of Electronic and Computer Engineering/ Master of Electronic and Energy Engineering Entry requirements: Bachelor degree in electronic engineering or higher.	Feb, Jul	2	N	160	6.5	R	5646	084180G	\$36,000
Master of Electronic and Computer Engineering/ Master of Electronic and Sport Engineering Entry requirements: Bachelor degree in electronic engineering or higher.	Feb, Jul	2	N	160	6.5	R	5644	084028D	\$36,000
Master of Electronic and Energy Engineering Entry requirements: Bachelor degree in electronic engineering or higher.	Feb, Jul	1 to 1.5	N	120	6.5	R	5645	083657E	\$36,000
Master of Electronic and Sport Engineering Entry requirements: Related bachelor degree or higher.	Feb	1 to 2	N	160	6.5	R	5643	084027E	\$36,000
Master of Engineering Project Management Entry requirements: Bachelor degree in engineering.	Feb, Jul, Oct	1 to 1.5	G	120	6.5	R	5660	083654G	\$36,000
Master of Engineering Project Management Advanced Entry requirements: Bachelor degree in engineering or higher.	Feb, Jul, Oct	1.5 to 2	G	160	6.5	R	5693	088912K	\$36,000
Master of Environmental Engineering Entry requirements: Bachelor degree in engineering or higher OR related bachelor degree or higher and relevant work experience.	Feb, Jul	1 to 1.5	N O	120	6.5	R	5593	083738D	\$36,000
Master of Environmental Engineering and Pollution Control Entry requirements: Bachelor degree in engineering or higher OR related bachelor degree or higher and relevant work experience.	Feb, Jul	1.5 to 2	N O	160	6.5	R	5648	083659C	\$36,000
Master of Professional Engineering Major(s): Civil Engineering (G); Electronic Engineering (N); Environmental Engineering (N). Entry requirements: Bachelor degree in engineering (5.0 GPA) or higher.	Feb, Jul	2	G N	160	6.5	R	5728	097689D	\$36,000

What you will study

These degrees provide advanced study across a range of specialisations in engineering. They are designed to extend and deepen your knowledge and skills gained from a related undergraduate degree.

Civil:

Ideal for professional civil engineers who aspire to develop their design skills and advance their capabilities to analyse and solve structural problems and manage projects across a wide range of real-world civil engineering applications.

Electronic and Computer:

You will develop advanced knowledge in electronics allowing you to work in the many different disciplines of electronics, focusing on the area of electronic computing and the prolific use of microprocessors and computing hardware in modern devices.

Electronic and Energy:

You will develop advanced technical expertise in diverse areas of electronic and energy engineering, allowing you to work in the many different disciplines of electronics. You will also further your understanding of the use of both classical and the latest electronic technology to allow the generation, distribution, efficient use and storage of energy.

Electronic and Sport:

Electronic and sport engineers work in the exciting cutting-edge area of high technology in sport. In this degree, you will gain the advanced core knowledge needed in the electronics area, specialising in sport technology.

Engineering Project Management:

This program teaches engineering and project management to future engineering leaders, equipping them with the skills they need to compete globally. The program provides engineering graduates with the art and science of managing engineering projects. The program is ideal for professional graduate engineers who aspire to develop their managerial skills and advance their capabilities to initiate, plan, resource and execute real-world engineering projects.

Environmental:

You will gain an in-depth understanding of environmental engineering problems and issues, and have the opportunity to specialise in high-demand areas such as solid and hazardous waste management, water treatment, wastewater treatment, air quality monitoring and control, and renewable energy.

Professional:

Designed for those wanting to change careers to become an engineer, obtain accredited qualifications to practise as an engineer in Australia and overseas, or move into a different field of engineering.

Graduates find employment

Master of Civil Engineering and Master of Civil Engineering Advanced

in: the building, construction, infrastructure, and mining industries; projects for public and private sector clients; analysis and design services to engineering projects.

Master of Electronic and Computer Engineering

in: large companies involved in electronic based infrastructure and smaller companies undertaking design and/or manufacture.

Master of Electronic and Energy Engineering

in: energy industries in both technical and management, energy discipline consultation, energy efficiency, storage products and renewable energy production equipment.

Master of Electronic and Sport Engineering

in: senior roles in electronic engineering, sport engineering, elite sport groups or in research bodies.

Master of Engineering Project Management and Master of Engineering Project Management Advanced

in: consulting; private or public sector organisations; built environment; civil infrastructure; oil and gas; mining; energy; and facility and asset management services.

as: project engineers; project managers; contracting managers and team leaders.

Master of Environmental Engineering and Master of Environmental Engineering and Pollution Control

in: environmental engineering; infrastructure; consulting.

Master of Professional Engineering

The Master of Professional Engineering will provide the engineering professional practice and research skills that lead to recognition as a graduate engineer in Australia. The qualification will be recognised internationally through the Washington Accord of the International Engineering Alliance.

Pathway option

• Masters Qualifying Program

For more information go to griffith.edu.au/college.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Information Technology

Master of Cyber Security	Feb, Jul	2	G N	160	6.5	A	5726	097096G	\$32,500
---------------------------------	----------	---	------------	-----	-----	---	------	---------	----------

What you will study

You will possess the skills to generate and implement innovative cyber security solutions for business, government and individuals.

In this degree, you will develop the expertise to investigate and identify current and future cyber security threats, conduct risk and vulnerability assessments of networked devices and infrastructure, and generate and implement innovative cyber security solutions.

Entry Requirements

Any bachelor degree.

Master of Information Systems and Information Technology Management	Feb, Jul	1.5 to 2	N	160	6.5	A	5658	084294G	\$32,500
--	----------	----------	----------	-----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree (4.5 GPA) or higher.

Master of Information Technology	Feb, Jul, Oct	1.5 to 2	N	160	6.5	A	5612	083391D	\$32,500
	Feb, Jul, Oct	1.5 to 2	G	160	6.5	A	5613	083391D	\$32,500

What you will study

In this degree, you will gain a comprehensive education in the principles and practice of information technology. Through your chosen major, you will develop an in-depth understanding of the underlying technology, administration and application of specific applications of information technology and systems.

You will learn about information technology planning and management, and about Internet-based services used in commerce, education, health, science, public administration, and many other disciplines. You will also learn how to apply information technology to model, support, and manage modern, flexible organisations.

Majors

Enterprise Architecture; Information Systems and Business Analysis; IT Services; Networking and Security; Software Development.

Entry Requirements

Any bachelor degree (4.5 GPA) or higher.

Graduates find employment

Enterprise Architecture

as: business architects; information architects; enterprise infrastructure and security architects; or enterprise solutions architects.

Information Systems and Business Analysis

as: project managers; program managers; business analysts; change managers; data analysts; quality managers; or program directors. You will find opportunities in large multinational organisations, such as in the mining industry, as well as in government.

IT Services

You will be prepared for work as a technical support officer, ICT consultant and support engineer and system analyst in industries and government agencies.

Networking and Security

as: development operations specialists; network security engineers; security network consultants; security managers; or security applications specialists.

Software Development

as: developers; test engineers; web developers; or researchers in government research centres.

Recognition/Accreditation

The Master of Information Technology is conditionally accredited with the Australian Computer Society (ACS).

Pathway option

• Masters Qualifying Program

For more information go to griffith.edu.au/college.

Information Technology at Griffith has been awarded 5-stars for Student Support by the Good Universities Guide 2018, a leading independent provider of high-quality education and career information.

‘With all the state-of-the-art resources available to students and the course offering I needed, Griffith was an easy choice. Having a good connection with lecturers and tutors helped me to network and gain more industry knowledge.’

Purav Patel
Bachelor of Information Technology

Humanities, languages and social science

Succeed in an ever-changing global environment—study humanities, languages and social science at Griffith and develop a deeper understanding of societies, cultures and people.

Create your career

Reach your professional goals—study a wide range of courses in areas including sociology, security studies, politics and international studies, literary studies, creative writing, Islam–West relations, Indigenous studies, or history, and create your own unique skill set.

Develop real-world skills and knowledge

Griffith plays a major role in education and training for government organisations, and works closely with arts, industry and community organisations to provide responses to the issues of today.

Our degrees are informed by industry and government

Be confident you will graduate with the skills employers want.

Ranked in the top 100 worldwide

for Political Sciences in the 2019 ARWU Ranking of Academic Subject.

Access to internships and practical experiences

Enhance your skills and potential, and develop the confidence to lead.

Arts and Social Sciences

Bachelor of Arts	Feb, Jul, Oct	3	G	240	6.5	S	1016	000609M	\$28,500
	Feb, Jul, Oct	3	N	240	6.5	S	1021	000609M	\$28,500

Major(s): Chinese Language; Creative Writing; Criminal Justice; Drama; History; Indigenous Studies; Islam-West Relations; Italian Language; Japanese Language; Journalism; Language in Society; Literary Studies; Modern Greek Language*; Politics and International Studies; Public Relations; Screen Studies; Security Studies; Sociology; Spanish Language.

Double degree option(s): Business; Laws; Science.

*Offered online via cross-institutional study with Flinders University, South Australia.

Bachelor of Social Science	Feb	3	G N	240	6.5	S	1576	094392A	\$28,500
-----------------------------------	-----	---	------------	-----	-----	---	------	---------	----------

Major(s): Economics; Environmental Sustainability; Global Security Threats; Media, Communication and Social Change; Politics in Asia; Social Justice.

Communication and Journalism

Bachelor of Communication and Journalism	Feb	3	G N	240	6.5	S	1597	096707D	\$28,500
---	-----	---	------------	-----	-----	---	------	---------	----------

What you will study

This degree will equip students with a comprehensive set of advanced writing skills, multimedia production abilities, and the capacity to think both laterally and creatively. You will work alongside and learn from some of the best journalists, editors, producers, content makers and communication professionals in the country. Our top industry placements open doors to a diverse media career. Our graduates will be professional storytellers, journalists and communicators who are set to lead innovation and change in the 21st century communication and media industry.

Graduates find employment

in: journalism; freelance writing; strategic or public relations; corporate promotions; commercial communication; creative industries; public relations and communications firms; government and non-government organisations; not-for-profit and aid organisations; media and the film industry; entrepreneurial and start-up organisations.

as: social media coordinators; community and stakeholder engagement officers; digital marketing specialists; communications officers; events managers; social media managers; public relations consultants; public relations professionals; strategic communications specialists; media liaison officers; campaign managers; media analysts; promotions officers; copywriters; journalists; reporters; producers; researchers; editors; freelance writers; corporate promotions and communications.

Double degree option(s)

Combine Communication and Journalism with: Business; Government and International Relations; Science.

Pathway option(s)

- Diploma of Arts and Communication

Medicine, dentistry and health

*Study among leaders—
Griffith's breakthrough medical
research continues to provide a
greater understanding of diseases
like cancer, cardiovascular disease
and Alzheimer's disease.*

Excellent clinical experience (and lots of it)

As a Griffith health student, you will take the steps towards a successful career through a blend of classroom learning and clinical placements in community health and hospital settings. This will be complemented by sophisticated on-campus simulated learning and experiences in world-leading virtual reality teaching environments.

Play your part in the team

The future of health lies in teamwork. Today, health professionals need to work together to deliver life-changing outcomes, and we are proud that interprofessional education is a priority at Griffith. We work to ensure our health students are exposed to situations and team learning environments that closely reflect team practice in the real world.

Ranked in the top 50 in the world

for Nursing in the QS World University Subject Rankings 2019.

\$150 million Griffith Health Centre

Part of the Gold Coast Health and Knowledge Precinct with extraordinary clinical and teaching facilities in medicine, dentistry, allied health and more.

Griffith Health Clinics

Under supervision, students practise clinical skills with real patients. The Griffith Health Clinics provide more than 50,000 patient appointments on campus each year.

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Biomedical Science

Bachelor of Biomedical Science 	Feb, Jul	3	G	240	6.5	H2	1094	002535G	\$32,500
	Feb, Jul	3	N	240	6.5	S	1031	002535G	\$33,000

What you will study

Biomedical science helps society through applying new scientific knowledge to medicine and healthcare. In this degree, you will gain an understanding of health and the methods for diagnosing and treating disease.

You will receive excellent training for entry into the Doctor of Medicine (5099)* if that study path is of interest. You will develop knowledge and skills in the biological sciences and clinical sciences and understand how they can be applied to medicine, biomedical research and healthcare services.

In your first year, you will be introduced to the basic sciences underpinning biomedical science. In your second and third years, you will explore more advanced aspects of the biomedical and clinical sciences, including genetics, biochemistry, cell biology, anatomy, physiology, immunology, microbiology, infectious disease, pharmacology and neuroscience. You will learn through hands-on, laboratory-based training in the biomedical sciences.

*The Doctor of Medicine is an AQF Level 9 Masters Extended degree.

Graduates find employment

in: hospitals; health departments; medical research institutes; university and government research organisations; and in the pharmaceutical; diagnostic; biotechnology and other health-related industries.

As a graduate, you may also choose to pursue further study. You will be well placed to apply for our graduate entry medical degree, the Doctor of Medicine, or may choose to continue with postgraduate research or coursework study.

Recognition/Accreditation

The following organisations recognise graduates of this award:

- Australian and New Zealand Society for Cell and Development Biology (ANZSCDB)
- Australian Society for Biochemistry and Molecular Biology (ASBMB)
- Australasian Society for Human Biology (ASHB)
- Australian Society for Medical Research (ASMR)
- Australian Society for Microbiology (ASM).

Pathway option(s)

- Diploma of Health Sciences
- Diploma of Science

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Learn through hands-on, laboratory-based training in biomedical science.

Bachelor of Biomedical Science (Honours)	Feb	3*	G	320	6.5	H5	1358	066783G	\$32,500
*4 years full-time equivalent offered over 3 years.									

Dentistry

Bachelor of Dental Health Science	Feb	3	G	240	7.0	H6	1577	094385M	\$53,000
-----------------------------------	-----	---	----------	-----	-----	----	------	---------	----------

What you will study

This degree is the first step towards a career in Dentistry. You will learn from extensive hands-on training from the first year of your studies. You will enhance your skills through professional practice placements.

You will study and work alongside registered dentists and dental specialists in real-life settings including in regional areas and in our modern dental clinic and specialised laboratories in the Griffith Health Centre. You will enhance your skills through professional practice placements.

Graduates find employment

in: the armed services; hospitals; private practice and school dental clinics. Further study and research can lead to a career in academic teaching or speciality practice.

Recognition/Accreditation

Completion of this degree and Griffith University's two-year Master of Dentistry enables you to apply for registration with the Australian Health Practitioner Regulation Agency (and equivalent New Zealand authorities) as a dentist subject to meeting any additional requirements that may be stipulated by the Dental Board of Australia. As these requirements may change from time to time, students should contact the Australian Health Practitioner Regulation Agency (AHPRA) to confirm registration requirements.

Applicants are advised that the Australian Health Practitioner Regulation Agency (AHPRA) requires dentists to demonstrate English language skills that are suitable for registration. Further information is available on the AHPRA website.

Accreditation: The Bachelor of Dental Health Science (when articulated with the Master of Dentistry) is accredited by the Australian Dental Council.

Gain extensive clinical work in the Griffith Dental Clinic as well as in rural and remote communities, and Indigenous and aged care facilities.

Bachelor of Dental Prosthetics	Feb	3	G	240	7.0	H2	1581	094386K	\$35,500
Double degree option(s): Dental Technology.									

Bachelor of Dental Technology	Feb	3	G	240	6.5	H1	1574	094387J	\$35,500
Double degree option(s): Dental Prosthetics.									

Exercise and Sport

Bachelor of Clinical Exercise Physiology	Feb, Jul	4	G	320	6.5	S	1604	097688E	\$32,000
--	----------	---	----------	-----	-----	---	------	---------	----------

What you will study

This degree includes advanced coursework in the exercise sciences, combined with a minimum of 500 hours of professional practice. You'll be prepared for work in a range of professional areas as a dual-accredited Exercise Scientist and Exercise Physiologist. Your deeper knowledge of the human body and how exercise affects it will enable you to assess, design and deliver exercise-based programs that improve health and performance, prevent chronic conditions, and treat or manage a range of health conditions.

Graduates find employment

as: exercise specialists for community or sports organisations; clinical scientists specialising in cardiac, respiratory and sleep medicine; rehabilitation, sports or recreation managers; strength and conditioning coaches; or occupational health and safety officers.

Recognition/Accreditation

The Bachelor of Clinical Exercise Physiology is subject to accreditation by Exercise and Sports Science Australia (ESSA) in the areas of Exercise Science and Exercise Physiology.

Upon successful completion of the Bachelor of Clinical Exercise Physiology, graduates who have completed the professional practice placement courses (3006AHS and 4606AHS) will be eligible to apply through Exercise and Sports Science Australia (ESSA) to be an Accredited Exercise Scientist and Accredited Exercise Physiologist.

Graduates have two years (following completion of their studies) to submit their application to Exercise and Sports Science Australia (ESSA) for accreditation.

Pathway option(s)

Graduates of this program may be eligible to apply for Graduate Diploma of Health Research (4161) and the Master of Medical Research (5626).

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Exercise and Sport

Bachelor of Exercise Science  	Feb, Jul, Oct	3	G	240	6.5	S	1171	017687B	\$32,000
---	---------------	---	----------	-----	-----	---	------	---------	----------

What you will study

You will gain the skills and knowledge in the physical, biomedical and psychological sciences that you will need to become an exercise specialist. You will learn the role of exercise in health maintenance and rehabilitation.

Students undertaking the professional practice placement course will have an opportunity to put their knowledge and skills into practice.

Graduates find employment

as: exercise specialists for community or sports organisations; clinical scientists specialising in cardiac, respiratory and sleep medicine; rehabilitation, sports or recreation managers; strength and conditioning coaches; occupational health and safety officers.

Double degree option(s)

Combine Exercise Science with: Business; Psychological Science.

Recognition/Accreditation

Upon successful completion of the Bachelor of Exercise Science, graduates who have completed the professional practice placement course (3006AHS) will be eligible to apply for accreditation through Exercise and Sports Science Australia (ESSA) as an Accredited Exercise Scientist.

Graduates have two years following completion of their studies to submit their application to Exercise and Sports Science Australia (ESSA) for accreditation.

Accreditation: The Bachelor of Exercise Science is accredited by Exercise and Sports Science Australia (ESSA).

Pathway option(s)

• Diploma of Health Sciences
For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

You have the option of a professional practice placement course to put your knowledge and skills into practice.

Bachelor of Sport Development  	Feb	3	G	240	6.5	S	1493	086147C	\$32,000
--	-----	---	----------	-----	-----	---	------	---------	----------

Double degree option(s): Business.

Health Science

Bachelor of Health Science  	Feb, Jul, Oct	3	G	240	6.5	S	1093	017585G	\$32,500
---	---------------	---	----------	-----	-----	---	------	---------	----------

Major(s): Environmental Health; Environmental Toxicology; Information Technology.*

*Majors only available for February and July intake.

Human Services

Bachelor of Child and Family Studies  	Feb, Jul	3	L E	240	6.5	S	1095	069965K	\$27,500
---	----------	---	------------	-----	-----	---	------	---------	----------

Bachelor of Human Services  	Feb, Jul	3	L	240	6.5	S	1098	026703K	\$27,500
---	----------	---	----------	-----	-----	---	------	---------	----------

	Feb, Jul	3	G	240	6.5	S	1394	026703K	\$27,500
--	----------	---	----------	-----	-----	---	------	---------	----------

What you will study

You will learn through hands-on experience and from experts with links to the health sector, government and community about how to help a range of people in the community. This includes families in need, younger or older people, and people living with injury or disability.

Through the course of your studies, you will develop a clear and insightful understanding of the principles of social justice, empowerment, and social inclusion. You will learn through hands-on experience as you undertake a professional placement in your final year of study.

Graduates find employment

in: community planning and development; family and child welfare and support services; mental health services; correctional services; policy development and research; rehabilitation services; juvenile justice and youth work.

Double degree option(s)

Combine Human Services with: Criminology and Criminal Justice.

Recognition/Accreditation

Graduates of this program will be eligible to apply for registration with the Australian Community Workers Association (ACWA) subject to meeting any additional requirements that may be stipulated by the ACWA. As these requirements may change from time to time, students should contact the ACWA to confirm registration requirements.

Accreditation: The Bachelor of Human Services and the Bachelor of Child and Family Studies are accredited by the Australian Community Workers Association (ACWA).

Pathway option(s)

• Diploma of Social and Psychological Science
For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Complete a professional practice placement in your final year.

Medical Laboratory Science

Bachelor of Medical Laboratory Science  	Feb, Jul	4	G	320	7.0	H1	1370	075028A	\$32,500
---	----------	---	----------	-----	-----	----	------	---------	----------

What you will study

In this degree, you will develop the knowledge and skills to work as a medical scientist. In your first year, you will take courses in chemistry, cell biology, anatomy and physiology. You will learn about the body's structure, how it functions under normal circumstances and general health challenges. From your second year, you will start to focus on specialist courses in medical laboratory science and learn how the body functions under diseased conditions.

In your third and fourth year, you will gain more in-depth knowledge of medical laboratory science and undertake full-time clinical placements in each of the areas of medical science.

Graduates find employment

in: hospital laboratories; private pathology laboratories; state health laboratories; universities; veterinary sciences; forensic laboratories; food and cosmetic industry.

In larger hospitals and private laboratories, you will also have the opportunity to specialise in professional disciplines including microbiology, blood transfusion, clinical biochemistry and histopathology.

Recognition/Accreditation

The Bachelor of Medical Laboratory Science is accredited by the Australian Institute of Medical Scientists (AIMS) and the Institute of Biomedical Science (IBMS).

Pathway option(s)

• Diploma of Health Sciences
For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Medicine

Bachelor of Medical Science 	Feb	2*	G	240	7.0	H6	1280	058449K	\$32,500
--	-----	----	----------	-----	-----	----	------	---------	----------

Pathway: to the Doctor of Medicine for eligible graduates.

*3 years full-time equivalent offered over 2 years.

Doctor of Medicine	Feb*	4	G	320	7.0	A	5099	079860C	\$69,000
---------------------------	------	---	----------	-----	-----	---	------	---------	----------

*The Doctor of Medicine follows a non-standard academic calendar. Check griffith.edu.au/academic-calendar for key dates.

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Nursing

Bachelor of Nursing	Feb, Jul*	3	N	240	7.0	S	1161	002436M	\$31,500
	Feb, Jul*	3	G	240	7.0	S	1162	002436M	\$31,500
	Feb, Jul*	3	L	240	7.0	S	1165	002436M	\$31,500

Graduates are: eligible to apply for registration with the Nursing and Midwifery Board of Australia (subject to meeting any additional requirements).

*The T2 intake for all nursing programs is only available to applicants with a Diploma of Health Care from Griffith College or International Registered Nurses.

Nutrition and Dietetics

Bachelor of Nutrition and Dietetics	Feb	4	G	320	7.0	H2	1355	067746D	\$33,500
-------------------------------------	-----	---	---	-----	-----	----	------	---------	----------

Graduates are: eligible to become members of the Dietitians Association of Australia (DAA) and can apply to join the Accredited Practising Dietitian (APD) program.

Occupational Therapy

Bachelor of Occupational Therapy	Feb	4	G	320	7.0	H3	1400	079926A	\$33,000
	Feb	4	N	320	7.0	H3	1587	079926A	\$34,000

Graduates are: eligible to apply for registration as an occupational therapist with the Occupational Therapy Australia (subject to meeting any additional requirements).

Paramedicine

Bachelor of Paramedicine	Feb	3	G	240	7.0	H5	1533	094591E	\$33,500
--------------------------	-----	---	---	-----	-----	----	------	---------	----------

Graduates are: eligible to apply for registration as a Paramedic with the Paramedicine Board of Australia via the Australian Health Practitioners Regulation Agency (AHPRA) subject to meeting any additional requirements.

Pharmacy

Bachelor of Pharmacy	Feb, Jul	4	G	320	7.0	H2	1395	077649M	\$33,000
----------------------	----------	---	---	-----	-----	----	------	---------	----------

What you will study

This degree provides a pathway towards registration as a pharmacist and a career in pharmacy. This program provides a strong grounding in biomedical and pharmaceutical sciences, delivering the foundation for systems based integrated pharmacotherapeutics and pharmacy practice courses. Learning emphasis is placed on contemporary pharmacy practice, clinical practice and pharmacy management.

Graduates find employment

in: community and hospital pharmacy; medication management; pharmaceutical, biotechnology, nutraceutical and related industries in areas including management, sales, marketing and business development; local and national government agencies related to medicine use and regulation.

Recognition/Accreditation

To seek registration as a pharmacist, graduates from the Bachelor of Pharmacy degree will be required to complete 48 weeks of paid intern training and comply with all other statutory requirements

Accreditation: The Bachelor of Pharmacy is accredited by the Australian Pharmacy Council (APC).

Pathway option(s)

• Diploma of Health Sciences

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree.

Strong partnerships with hospitals and community pharmacies across Queensland provide unrivaled placement opportunities in a clinical setting.

Bachelor of Pharmacology and Toxicology	Feb, Jul	3	G	240	6.5	S	1528	087743G	\$32,500
---	----------	---	---	-----	-----	---	------	---------	----------

Major(s): Pharmaceutical Industry; Pre-Clinical.

Physiotherapy

Bachelor of Physiotherapy	Feb	4	N	320	7.0	H5	1579	094396G	\$43,000
	Feb	4	G	320	7.0	H5	1589	094396G	\$43,000

Psychology and Counselling

Bachelor of Counselling	Feb, Jul, Oct	3	G M	240	6.5	S	1548	090581F	\$27,500
-------------------------	---------------	---	-----	-----	-----	---	------	---------	----------

Graduates are: recognised by the Australian Counselling Association (ACA) and will be eligible to apply for registration for ACA membership.

Bachelor of Psychological Science	Feb, Jul, Oct	3	G	240	6.5	S	1012	058555G	\$27,500
	Feb, Jul, Oct	3	M	240	6.5	S	1312	058555G	\$27,500

What you will study

The Bachelor of Psychological Science will give you a thorough grounding in clinical, developmental, biological, cognitive, social and organisational psychology. You will learn how to: apply psychological theories to topics such as thinking and perceiving, motivation, stress, health, and group behaviour; evaluate and understand tests that measure intellectual, behavioural and emotional states; use interpersonal skills and the principles of counselling to help people with personal, health, vocational and social difficulties.

Graduates find employment

in: health management; social research; human services; social welfare and other related fields.

You may also be eligible for entry into a range of postgraduate degrees in areas such as speech pathology, social work, rehabilitation counselling, forensic mental health, criminology and criminal justice, human services, mental health practice, disability studies, health research, and business research.

Double degree option(s)

Combine Psychological Science with: Business; Commerce; Criminology and Criminal Justice, Exercise Science; Laws.

Recognition/Accreditation

As a graduate, you may undertake a further Honours year in Psychology making you eligible for provisional registration as a psychologist in Australia. You will also be eligible for associate membership with the Australian Psychological Society.

Pathway option(s)

• Diploma of Social and Psychological Science

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Bachelor of Psychology (Honours)	Feb, Jul, Oct	4	G	320	6.5	H1	1014	033967E	\$27,500
	Feb, Jul, Oct	4	M	320	6.5	H1	1178	033967E	\$27,500

Graduates are: eligible for general registration, as a psychologist in Queensland (subject to meeting any additional requirements). Full registration requires a further two years of approved postgraduate study or supervised on-the-job training with a registered psychologist.

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Public Health

Bachelor of Public Health	Feb, Oct	3	G	240	6.5	S	1440	094401E	\$27,500
---------------------------	----------	---	----------	-----	-----	---	------	---------	----------

Social Work

Bachelor of Social Work 	Feb, Jul	4	G	320	6.5	S	1372	056919A	\$27,500
	Feb, Jul	4	L	320	6.5	S	1282	056919A	\$27,500

What you will study

You will study specialised social work courses, society and social arrangements, human behaviour and development, human services provision, and counselling approaches and techniques, to name a few core study areas.

You will complete two 500 hour field placements in your degree. Field placements give you the chance to put your academic knowledge and skills into practice, develop new ones and sample social work practice in the real world. You will be supervised by a qualified social worker for the duration of your field placements. In some situations, it may be possible to negotiate a workplace-based field placement. Placements will be sourced in your area of choice where possible. You will become highly proficient in all core areas of social work theory and practice, develop critical thinking and reflective skills and be prepared for practice grounded in the values and ethics of the profession - social justice, diversity, equity and a commitment to the rights and needs of the people with whom you work.

Graduates find employment

in: child protection; youth work; Aboriginal and Torres Strait Islander services; child and family welfare; youth and adult offending; disability; hospital and community health settings; mental health; community development work; employment and income support; counselling; aged care; work with migrants and refugees; policy planning and development; management and administration; research; private practice.

Recognition/Accreditation

The Bachelor of Social Work is accredited by the Australian Association of Social Workers (AASW). Graduates of this program will be eligible to apply for registration with the Australian Association of Social Workers (AASW) subject to meeting any additional requirements that may be stipulated by AASW. As these requirements may change from time to time, students should contact the Australian Association of Social Workers (AASW) to confirm registration requirements.

Pathway option(s)

- Diploma of Social and Psychological Science
- For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree. Students who have completed the first two years of a relevant Bachelor degree with an appropriate Grade Point Average (GPA) and who meet the other requirements for admission to Honours have the opportunity to undertake a research project with supervision provided by an experienced researcher.

You will complete two 500 hour field placements in your degree.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Case Management

Graduate Certificate in Case Management	Feb, Jul, Oct	1*	O	40	6.5	A	3050		\$15,750
---	---------------	----	----------	----	-----	---	------	--	----------

Entry requirements: Any bachelor degree or higher OR related Certificate IV and relevant work experience OR relevant work experience.

*Part-time only.

Clinical Leadership

Graduate Certificate in Clinical Leadership	Feb, Jul	0.5	G O	40	6.5	R	3280	083392C	\$14,500
---	----------	-----	------------	----	-----	---	------	---------	----------

Entry requirements: Related bachelor degree or higher OR relevant work experience.

Dentistry

Master of Dentistry	Feb	2	G	160	7.0	R	5703	094389G	\$79,500
---------------------	-----	---	----------	-----	-----	---	------	---------	----------

What you will study

This program builds on the technical skills developed in the Bachelor of Dental Health Science and is the final two years of professional training needed for eligibility to apply for registration as a Dentist.

You will develop theoretical knowledge of dental practice and undertake extensive clinical work in the Griffith Dental Clinic and on placements in various regional clinics.

You can only enter this program if you have successfully completed the Bachelor of Dental Health Science (or the Bachelor of Oral Health in Dental Science) at Griffith.

Entry Requirements

Bachelor of Dental Health Science (1577) or Bachelor of Oral Health in Dental Science (1259).

Graduates find employment

As a registered dentist, you will be in demand in private practice, the public sector including public hospitals, school dental clinics and the armed services. Postgraduate study and research can also lead to a career in academic teaching or specialty practice.

Recognition/Accreditation

The Master of Dentistry is accredited by the Australian Dental Council (ADC).

Master of Clinical Dentistry	Feb	1	G	80	7.0	R	5702	094390C	\$60,000
------------------------------	-----	---	----------	----	-----	---	------	---------	----------

Major(s): Endodontics; Implant Dentistry; Oral Epidemiology and Dental Public Health; Oral Surgery; Prosthodontics.

Entry requirements: Bachelor degree in dentistry or higher, professional registration, relevant work experience and interview.

Doctor of Clinical Dentistry	Feb	3	G	240	7.0	R	5699	094402D	\$60,000
------------------------------	-----	---	----------	-----	-----	---	------	---------	----------

Specialisation(s): Periodontics.

Entry requirements: Bachelor degree in dentistry or higher, professional registration, relevant work experience and interview.

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Health Services Management

Graduate Certificate in Health Informatics	Feb, Jul	1*	O	40	6.5	A	3336		\$14,500
Entry requirements: Bachelor degree OR related diploma and relevant work experience OR relevant work experience.									
*1 year part time only.									
Graduate Certificate in Health Services Management	Feb, Jul, Oct	0.5	OS	40	6.5	A	3082	032140A	\$14,500
Entry requirements: Any bachelor degree or higher OR related diploma and relevant work experience OR relevant work experience.									
Master of Health Services Management	Feb, Jul, Oct	1 to 1.5	OS	120	6.5	R	5586	080408B	\$29,000
Entry requirements: Related bachelor degree or higher.									
Master of Advanced Health Services Management	Feb, Jul, Oct	1.5 to 2	OS	160	6.5	R	5627	082409G	\$29,000

What you will study

You will study a wide ranging and diverse base of specialist health management courses. If you are a graduate or manager in health and aged care services and you want to develop your skills and understanding of contemporary health service management issues, these degrees will help you achieve your goals. Through flexible teaching and research options, you will learn about key areas of health sector policy, governance, operations and evidence-based practice management.

You will develop skills and knowledge in current management theory and practice, develop your leadership skills and style and gain an in-depth understanding of health workforce planning. You will also learn about managing human resources, planning and implementing health programs, and managing performance and health budgets from respected industry practitioners and academics. Additionally, you will develop skills in strategic decision making and change management and an understanding of the role of technology in health management.

Through a project directly relevant to your organisation's strategic direction, you will develop research and project management skills.

Entry Requirements

Related bachelor degree or higher.

Graduates find employment

You will find work in Australia and overseas as a manager developing improved health systems and services.

in: leadership; management; administrative and clinical roles in the public and private sectors of the health and aged care sectors. These programs provide for those entering the health management area as well as those seeking promotion and advancement within the health and aged care sectors.

Recognition/Accreditation

This degree is accredited by the Australasian College of Health Service Management (ACHSM).

Students who complete this degree may be eligible for membership to the Australasian College of Health Service Management (ACHSM).

Undertake health management work placements in a health or aged care organisation to build your practical skills and professional networks.

Human Services

Graduate Certificate in Human Services	Feb, Jul, Oct	0.5	O	40	6.5	A	3272		\$14,500
Entry requirements: Any bachelor degree or higher OR related Certificate IV and relevant work experience OR relevant work experience.									
Master of Human Services	Feb, Jul, Oct	1 to 1.5	E	120	6.5	R	5604		\$29,000
Major(s): Childhood Studies; Disability Studies.									
Entry requirements: Related bachelor degree or higher OR any bachelor honours degree or higher.									

Infection Prevention and Control

Graduate Certificate in Infection Prevention and Control	Feb, Jul, Oct	0.5	O	40	6.5	R	3293		\$14,750
Graduates are: recognised by the Australasian College for Infection Prevention and Control (ACIPC).									
Entry requirements: Related bachelor degree or higher OR professional registration and relevant work experience.									
Master of Infection Prevention and Control	Feb, Jul, Oct	1 to 1.5	O	120	6.5	R	5600		\$29,500
Graduates are: recognised by the Australasian College for Infection Prevention and Control (ACIPC).									
Entry requirements: Related bachelor degree or higher.									

Medicine

Doctor of Medicine	Feb*	4	G	320	7.0	A	5099	079860C	\$69,000
Entry requirements: Any bachelor degree or other key degree and GAMSAT (minimum score of 50 in each section) or MCAT (123 in each section) and interview.									
*The Doctor of Medicine follows a non-standard academic calendar. Check griffith.edu.au/academic-calendar for key dates.									

Mental Health

Graduate Certificate in Suicide Prevention Studies	Feb	1*	O	40	6.5	A	3110		\$14,500
Entry requirements: Any bachelor degree or higher OR related Certificate IV and relevant work experience OR relevant work experience.									
*Part-time only									
Master of Suicidology	Feb	3*	O	120	6.5	R	5666		\$29,000
Entry requirements: Related bachelor degree or higher OR any bachelor honours degree or higher.									
*Part-time only.									

Midwifery

Graduate Certificate in Primary Maternity Care	Feb, Jul, Oct	1*	O	40	7.0	R	3310		\$14,500
Entry requirements: Related bachelor degree or equivalent OR relevant work experience.									
*Part-time only.									
Master of Primary Maternity Care	Feb, Jul, Oct	1 to 1.5	O	120	7.0	R	5655		\$29,000
Entry requirements: Related bachelor degree or higher.									

Postgraduate degrees

Nursing

Graduate Certificate in Acute Care Nursing Entry requirements: A bachelor degree in nursing AND professional registration. *Part-time only.	Feb, Jul, Oct	1*		40	7.0	R	3289	082148A	\$14,750
Graduate Certificate in Critical Care Nursing Entry requirements: A bachelor degree in nursing AND professional registration AND relevant current work. *Part-time only.	Feb, Jul, Oct	1*		40	7.0	R	3290		\$14,750
Graduate Certificate in Emergency Nursing Entry requirements: A bachelor degree in nursing AND professional registration AND relevant current work. *Part-time only.	Feb, Jul, Oct	1*		40	7.0	R	3291		\$14,750
Graduate Certificate in Paediatric Nursing Entry requirements: A bachelor degree in nursing AND professional registration. *Part-time only.	Feb, Jul, Oct	1*		40	7.0	R	3343		\$14,750
Graduate Certificate in Professional Nursing Entry requirements: A bachelor degree in nursing AND professional registration. *Part-time only.	Feb, Jul, Oct	1*		40	7.0	R	3345		\$14,750
Master of Advanced Nursing Practice Specialisation(s): Acute Care Nursing; Critical Care Nursing; Emergency Nursing; Paediatric Nursing; Professional Nursing. Entry requirements: A bachelor degree in nursing or higher and professional registration.	Feb, Jul, Oct	1.5		120	7.0	R	5721		\$29,500

Pharmacy

Master of Pharmacy *3 years full-time equivalent offered over 2 years.	Feb	2*		240	7.0	R	5661	085641G	\$34,500
--	-----	----	--	-----	-----	---	------	---------	----------

What you will study

This program provides a pathway towards registration as a pharmacist and a great career in pharmacy and health. Students will apply undergraduate foundation science and health knowledge to advanced studies in pharmaceutical science, pharmacology, professional and clinical pharmacy practice and pharmacy research. Innovative teaching and diverse placements prepare students for pharmacy internship or in some cases direct entry into a PhD.

Graduates find employment

The program provides multiple competitive advantages to support student success in community and hospital pharmacy as well as equip them for specialty pharmacy roles. Innovation in teaching and a range of diverse placements provide students with many opportunities for learning through experience in local, rural and international locations. The program focus on producing pharmacy graduates committed to lifelong learning with high level understanding of the principles of pharmaceutical, clinical and social sciences, means they are equipped to work across the pharmacy sector.

Entry Requirements

Applicants with a bachelor degree from a recognised Australian university (or equivalent) in a science or health science discipline are eligible for admission into the Master of Pharmacy program if they meet the following criteria:

- Completed bachelor degree within the past 10 years;
- IELTS score of 7.0 or equivalent and no sub-score less than 6.5[^];
- Overall Grade Point Average 5.0 or greater on a 7.0 point scale;
- Pass these subjects at a tertiary level:
 - Biochemistry: one trimester duration or equivalent.
 - Chemistry: two trimesters duration or equivalent.
 - Pharmacology: one trimester duration or equivalent.
 - Physiology: one trimester duration or equivalent.
 - Statistics or mathematics: one trimester duration or equivalent.

[^]Direct Entry Program (DEP) at Griffith English Language Institute may be possible.

Pathway Options

If you are interested in enrolling in the Master of Pharmacy and do not meet the above entry requirements, please contact us to discuss alternative pathways.

Recognition/accreditation

Graduates of this program will be eligible to apply for registration as a pharmacist, once they have completed the 48 weeks of paid intern training and comply with all other statutory requirements.

The Master of Pharmacy is accredited by the Australian Pharmacy Council (APC).

Psychology

Master of Clinical Psychology Entry requirements: A four year accredited degree in psychology or equivalent (as assessed by Australian Psychological Society), eligibility for provisional registration as a psychologist and satisfactory interview. Graduates are: eligible for registration as a psychologist with the Psychology Board of Australia (subject to meeting any additional requirements).	Feb	2		160	7.0	R	5070	019491J	\$29,000
Master of Organisational Psychology Entry requirements: A four year accredited degree in psychology or equivalent (as assessed by Australian Psychological Society), eligibility for provisional registration as a psychologist and satisfactory interview.	Feb	2		160	7.0	R	5280	026050J	\$29,000

Public Health

Graduate Certificate in Public Health Entry requirements: Any bachelor degree or higher OR related diploma and relevant work experience OR relevant work experience.	Feb, Jul, Oct	0.5		40	6.5	A	3147	046442E	\$15,250
Master of Public Health Entry requirements: Related bachelor degree or higher.	Feb, Jul, Oct 1 to 1.5			120	6.5	R	5263	002408D	\$30,500
Master of Global Public Health	Feb, Jul, Oct 1.5 to 2			160	6.5	R	5725	097098E	\$30,500

What you will study

This program helps you to develop and further your career in public health practice, research and/or management. It allows you to re-orient your work interests in health to disease prevention and health promotion and is widely recognised both nationally and internationally as the public health credential for careers in public health.

The program focuses on the socio-ecological model of public health that emphasises and analyses the important interactions between the social, biological, economic and environmental determinants of health. They enable you to apply this analytical skill set to plan, implement and evaluate population based interventions that protect and promote health.

The program has a strong focus on global health and provides you with the opportunity to focus your public health studies by selecting a range of electives in areas such as public health nutrition, health promotion, climate change, international health, environmental health, and health services management.

Entry Requirements

Related bachelor degree or higher.

Graduates find employment

There are diverse career opportunities for professionals interested in moving into the public health field, developing health research skills and/or furthering competency development in public health practice areas such as: international health; humanitarian aid; health program planning and evaluation; health promotion; health policy; epidemiology and biostatistics; environmental health management; maternal and child health; public health nutrition. You will be prepared for a variety of career opportunities with state and federal health departments, in public health units/teams, community health, local government, and in academia. Public health graduates are also highly sought after by NGO health agencies and international aid agencies.

Recognition/Accreditation

As a graduate of the Master of Global Public Health, you will be eligible for membership of the following professional bodies:

- Public Health Association of Australia (PHAA)
- Australian Health Promotion Association (AHPA)
- International Union for Health Promotion and Education (IUHPE).

Postgraduate degrees

						Program	CRICOS	

Social Work

Master of Social Work	Jul, Oct	2	G L E	180	7.0	R	5621	092427M	\$27,500
------------------------------	----------	---	--------------	-----	-----	---	------	---------	----------

What you will study

This program provides you with a postgraduate professional social work qualification that allows entry into the profession. It is specifically designed for graduates holding degrees with some social and behavioural science components. The program equips you with the knowledge, skills, values and ethical foundations for social work practice in contemporary social policy and human service contexts.

The frameworks for practice incorporated in the program are designed to ensure graduates are effective, ethical, and innovative thinkers, communicators, problemsolvers, change facilitators and leaders. A dissertation pathway and a generalist practice pathway are two options for this program.

Entry Requirements

Related bachelor degree (except social work) or higher.

Graduates find employment

This degree prepares graduates for practice in a range of social work roles including working with individuals, groups and families, community work, advocacy, research, planning and policy development, and management and administration. The frameworks for practice incorporated in the program are designed to ensure graduates are effective, ethical, and innovative thinkers, communicators, problem-solvers, change facilitators and leaders.

Recognition/Accreditation

Enrolled students and graduates of this program will be eligible to apply for registration with the Australian Association of Social Workers (AASW) subject to meeting any additional requirements that may be stipulated by the AASW. As these requirements may change from time to time, students should contact the AASW to confirm registration requirements.

This program is accredited by the Australian Association of Social Workers (AASW).

Speech Pathology

Master of Speech Pathology	Feb	2	N	160	7.0	A	5706	076264C	\$43,500
	Feb	2	G	160	7.0	A	5567	076264C	\$43,500

Entry requirements: Any bachelor degree (except speech pathology) or higher and interview.

Graduates are: eligible for membership of Speech Pathology Australia to practice as a fully accredited Speech Pathologist.

'Nursing is challenging but I love it and it's a very good opportunity for me to grow and to make a positive difference in people's lives.'

Brandon Wu
Bachelor of Nursing graduate

Brandon left his job in the banking industry in Hong Kong because he wanted to help people. He turned his Bachelor of Nursing into a job as a Registered Nurse in Australia.

Music and performing arts

At the Queensland Conservatorium, one of Australia's leading music schools, you will learn in modern spaces with award-winning teachers.

Benefit from our global connections

Griffith has strong alliances with national institutions including the Australian National Academy of Music as well as international collaborations including London's prestigious Guildhall School of Music and Drama, McGill University in Montreal and Sibelius Academy in Helsinki.

The best facilities make the best music

The Queensland Conservatorium at South Bank is acoustically and architecturally unparalleled in Australia. Situated in Queensland's vibrant cultural precinct, the Queensland Conservatorium enables students to enjoy strong partnerships with local cultural institutions.

Ranked #50 in the world

in the QS World University Subject Rankings 2019.

Educators from around the world

Learn from highly-skilled and diverse local and international educators who trained in the UK, US, Europe and Australia.

Innovative research

Through a focus on cultural diversity and sustainability in the Asia-Pacific region, Queensland Conservatorium Research Centre has become a flagship centre for pioneering scholarship and creative practice.

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Music

Bachelor of Music	Feb	3	S	240	6.5	S	1419	081380A	\$31,500
--------------------------	-----	---	----------	-----	-----	---	------	---------	----------

What you will study

As a Bachelor of Music graduate, you will be highly skilled, musically adaptable and equipped to enter professional life as a creative and flexible 21st century musician. Your educational experience will include exposure to diverse musical styles and idioms including classical, contemporary and world music. You will also learn the broadly accepted musical skills of aural awareness training, music theory, music literature and ensemble work appropriate to your field of study.

You will be admitted to a performance study in an instrument, voice or composition, in either classical or jazz strands. You may audition on more than one instrument; however, if successful, your offer will be for only one of your auditioned areas. There is the option after first year to divide your major between two areas through an innovative cross-study major subject to special criteria.

If you wish to study music education you will enter a teaching preparation strand in your second year. After successfully completing your undergraduate studies, you will graduate with a Bachelor of Music and be eligible to apply for a graduate entry teacher preparation program.

Audition

As part of your application you will need to submit a good quality audition video recording, dated and certified as being an unedited performance by the applicant and signed by the person in charge of the recording session OR a folio of work (composition applicants).

griffith.edu.au/conservatorium-auditions

Majors

Composition; Creative Music Technology; Education Preparation A (Instrumental); Education Preparation B (Classroom); Music Studies; Performance; Popular Music.

Graduates find employment

as: instrumentalists, composers or vocalists.

in: music education; performance; music business; music publishing; broadcasting and production; and arts administration.

Graduates have a clear understanding of what is required by instrumental and vocal ensembles and companies, orchestras, theatre, media, the entertainment industry and community arts.

Honours available

Honours is available for this degree (through an additional year of study).

Learn in state-of-the-art performance facilities with award winning professors and industry experts who are focused on preparing you for life as a musician.

Performing Arts

Bachelor of Acting	Feb	3	S	240	7.0	S	1575	096289F	\$31,000

Science and environment

We offer a range of science degrees—from chemical to forensic, physical to biomedical—and have a long tradition of excellence in environmental science.

World leading research centres

Griffith has faculty and staff in world leading research centres and institutes who are involved in teaching and mentoring students. Centres include: Griffith Institute for Drug Discovery, Centre for Quantum Dynamics, Queensland Micro- and Nanotechnology Centre, Institute for Glycomics, Australian Rivers Institute, and Environmental Futures Research Institute.

Look forward to a better future

At Griffith you will benefit from degrees that are informed by our cutting-edge scientific research and learn from teachers who are world-renowned researchers. Our Environmental Futures Research Institute works with 80 international organisations across 28 countries to deliver solutions for global environmental problems.

First School of Environment in Australia

Learn from environmental leaders with a focus on practical learning.

Strong future career prospects

You will gain hands-on experience with local and international industry partners, ensuring that you are work-ready.

Opportunities to join professional bodies

Graduates from select degrees will be eligible for membership with relevant professional bodies.

griffith.edu.au/study/science-environment

Undergraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Environment

Bachelor of Environmental Science 	Feb, Jul, Oct	3	G	240	6.5	S	1543	090584C	\$32,500
	Feb, Jul, Oct	3	N	240	6.5	S	1547	090584C	\$32,500

What you will study

You will gain knowledge and skills from across the broad environmental science spectrum, exploring environmental issues from social, physical and biological perspectives.

On completion of core science courses in your first year of study, you will choose a major that suits your interests and career plans.

The final year includes a 'capstone' experience where you have the option to engage with university research, undertake an extended fieldwork program in your major, or complete an industry placement.

Majors

Ecology and Conservation; Environmental Management; Soil and Water Science; Urban Environments.

Graduates find employment

Graduates may find employment in the following areas and roles:

Ecology and Conservation: Environmental consultant; wildlife biologist; conservation ecologist.

Environmental Management: Environment consultant; environmental scientist; environmental manager; general scientist.

Soil and Water Science: Environmental chemist; soil scientist; catchment restoration and management officer.

Urban Environments: Urban ecosystems are the largest growing environment on earth. With a major in urban environments you will work with urban and regional councils dealing with urban specific issues such as pest animals and plants, urban storm water management or advising urban planners.

Double degree option(s)

Combine Environmental Science with: Data Science; Business; Engineering; Law.

Pathway option(s)

- Diploma of Science

For more information go to griffith.edu.au/college.

Recognition/Accreditation

The Bachelor of Environmental Science is accredited by the Environment Institute of Australia and New Zealand (EIANZ).

Depending on your major, you will be eligible to join the following professional bodies:

- Australian Society for Limnology
- Australian Society of Plant Scientists
- Ecological Society of Australia
- River Basin Management Society
- Royal Australian Chemical Institute
- Soil Science Australia.

Bachelor of Marine Science 	Feb, Jul	3	G	240	6.5	S	1328	059729E	\$32,500

Master of Integrated Water Management	Feb	1.5	N	120	6.5	R	5722	096488K		\$38,500	

What you will study

The Master of Integrated Water Management creates water leaders by drawing on international teaching and research from many fields to provide a trans-disciplinary, whole-of-water-cycle approach to water management. The program aims to build the capacity of future leaders in water management, with an emphasis on professionals working in WASH and development, urban water management and across water, land and people. The program equips students with practical tools and skills for developing and managing the adoption of innovative solutions to local, regional, national and international water management issues. Students will develop the strategic, managerial and technical skills they need to advance in the water sector.

The program is managed and led by the International WaterCentre (IWC). The IWC is a key player in the global water sector and dedicated to providing education and training to promote whole-of-water cycle approaches to integrated water management around the world.

Entry Requirements

Related bachelor degree or higher and practical experience.

Science

Master of Biotechnology	Feb, Jul	2	N	160	6.5	R	5714	099123D		\$33,000
What you will study This program is designed for graduate or professional scientists who wish to extend their skills and knowledge in clinical and environmental microbiology, bioinformatics, protein science, molecular biology, and genomics and apply it in a competitive commercial environment. It is also suited to scientists wishing to become business/research managers and entrepreneurs in the exciting world of biotechnology with applications in clinical, agriculture, food and the environment.										
Entry Requirements Related bachelor degree (5.0 GPA) or higher.										
Graduates find employment Graduates will be highly employable, obtaining a broad and in-depth understanding of current biotechnologies, business and innovation trends, marketing and business planning, as well as obtaining knowledge on how to manage research in an industry environment.										
Master of Materials Science Entry requirements: Related bachelor degree (5.0 GPA) or higher.	Jul	2	G	160	6.5	R	5733	099122E		\$36,000

Visual and creative arts

At the Queensland College of Art and Griffith Film School, you will be inspired by amazing teachers, classmates and collaborative spaces.

Ignite your imagination

Wherever your creativity lies, you will develop it further at the Queensland College of Art. Choose from design, fine art, photography, digital media, and more. At Griffith Film School, the largest film school in Australia, you can study film and screen media production, animation, or games design.

Push boundaries

Learn from and be inspired by people who are already pushing the boundaries in visual and creative arts. Develop the skills and confidence to practise your craft anywhere in the world.

Practical experience

Build your portfolio and develop critical networks while working on projects for real clients in our four commercial studios—LiveWorm, LiveImage, LiveSpace and LiveLab.

Australia's largest film school

Griffith Film School students learn from acclaimed industry figures, and have access to an exciting calendar of guest lectures and master classes.

Learn from practising artists

Our lecturers are practitioners, holding exhibitions locally and overseas, and are representatives on industry boards.

Animation

Bachelor of Animation	Feb	3	S	240	6.5	H2	1179	011449J	\$29,500
------------------------------	-----	---	----------	-----	-----	----	------	---------	----------

Major(s): Animating; Art Direction; Technical Direction.

Portfolio: Applicants are required to submit a portfolio. Visit degrees.griffith.edu.au for details.

Creative Industries

Bachelor of Creative Industries	Feb, Jul	3	G	240	6.5	S	1609	098120D	\$31,000
--	----------	---	----------	-----	-----	---	------	---------	----------

What you will study

The Bachelor of Creative Industries will empower you with the skills and knowledge to transform communities through innovative creative practices whilst developing an entrepreneurial mindset. You will take part in a series of Creative Collaboration Labs that will equip you with a knowledge of artistic trends, popular and artistic culture, and the cultural policy environment, and then apply this knowledge to practical projects with high profile industry partners.

You will study a blend of creative arts and entrepreneurship core courses covering the practice and business of the creative arts, cross cultural practices and protocols, and technical disruption in creative economies, and combine this with your choice of major.

Majors

Commercial Music; Digital Arts; Drama; Interactive Storytelling; Photo Media; Screen Development and Curation; Sound Design.

Graduates find employment

The degree will prepare you for a career as a highly skilled creative entrepreneur, arts facilitator, arts program manager, creative practitioner, community art consultant, festival producer, or creative consultant who:

- creates artistic as well as economic and social value;
- contributes to societal change;
- works with talented artists and performers;
- creates opportunities for creative enterprises;
- helps reshape cultural identity through major installations, festivals, and events.

Design

Bachelor of Design	Feb, Jul, Oct	3	G S	240	6.5	S	1189	020086A	\$29,500
---------------------------	---------------	---	------------	-----	-----	---	------	---------	----------

What you will study

This program prepares graduates for diverse professional practice as designers through practical and theoretical learning. First year focuses on the development of manual and technological skills, design thinking, and problem-defining and solving. Students will gain an understanding of the changing role of design and how they can become leaders in the industry. In the following years, students work on industry-related and research projects and specialise in selected studio areas.

Majors

Graphic and Communication Design; Interior Design and Environments; Product and 3D Design; Visualisation and Immersive Design.

Graduates find employment

in: graphic design; interior design; product design; digital web design; design management; design education; film and television; theatre; furniture design; and digital media.

Double degree option(s)

Combine Design with: Business.

Recognition/Accreditation

The Bachelor of Design is recognised by the Design Institute of Australia.

Pathway option(s)

- Diploma of Design

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Work on studio projects for industry clients and community partners that have a real social and environmental impact.

Film and Screen

Bachelor of Film and Screen Media Production	Feb	3	S	240	6.5	H1	1284	058710B	\$29,500
---	-----	---	----------	-----	-----	----	------	---------	----------

What you will study

You will receive a hands-on education across various formats, including high definition video, and will have access to a state-of-the-art cinema. You will learn how to work in a team to bring visions to life on the screen, as well as gain a thorough grounding in the history, practice and critical analysis of film.

You will have the choice of electives in editing, producing, cinematography (including a film elective), directing, and production design, among many others. You will also take courses in screen production and screen distribution, which will help you learn about finding support and audiences for your screen production work.

Your academic studies will be enhanced by regular exposure to national and international artists-in-residence working in different areas of film and screen media production, as well as a supervised work placement.

Graduates find employment

in: the mainstream film and television industries; commercials; music videos; corporate videos; streamed online content; film festivals and awards; and video/digital art practice.

Honours available

Honours is available for this degree (through an additional year of study).

Fine Art

Bachelor of Fine Art	Feb, Jul	3	S	240	6.5	H2	1181	062847F	\$29,500
-----------------------------	----------	---	----------	-----	-----	----	------	---------	----------

Major(s): Expanded Practice; Photographic Art Practice; Studio Art.

Double degree option(s): Business.

Portfolio: Applicants are required to submit a portfolio. Visit degrees.griffith.edu.au for details.

Games Design

Bachelor of Games Design	Feb	3	S	240	6.5	S	1338	061452M	\$30,000
---------------------------------	-----	---	----------	-----	-----	---	------	---------	----------

Major(s): Animating; Art Direction; Computer Generated Imagery; Game Audio; Player Experience.

Portfolio: Applicants are required to submit a portfolio. Visit degrees.griffith.edu.au for details.

Interactive Media

Bachelor of Creative and Interactive Media	Feb, Jul	3	G N S	240	6.5	S	1541	090887K	\$29,500
---	----------	---	--------------	-----	-----	---	------	---------	----------

What you will study

This program prepares graduates for practical engagement with contemporary digital media. The program focuses on developing the creative and technical skills required to engage constructively with digital culture as it shapes our lives and reinvents the future.

Students develop a unique set of skills in design methods, electronic media, computation, and critical thinking. They combine these skills to produce imaginative concepts, functioning prototypes, digital audio-visual artefacts, and technically mediated interaction designs for everyday life.

The program responds to shifts from the world's leading design and technology companies and arts institutions that are now seeking practitioners with high-level creative and digital technology skills.

Majors

Digital Arts and Design; Media Applications.

Graduates find employment

in: small to large commercial enterprises; the games sector; government; and independent start-ups.

as: web and mobile applications games developers; user experience designer/developers; game designers/developers; interactive media designers; creative directors; web designers; illustrators; interactive artists and interactive experience developers; digital designers; and digital content managers.

Double degree option(s)

Combine Creative and Interactive Media with: Business.

Pathway option(s)

- Diploma of Design
- Diploma of Information Technology

For more information go to griffith.edu.au/college.

Become what leading design and technology companies and arts institutions are looking for – a practitioner with high-level creative and digital media skills.

Photography

Bachelor of Photography	Feb, Jul	3	S	240	6.5	S	1186	011454A	\$29,500
--------------------------------	----------	---	----------	-----	-----	---	------	---------	----------

Major(s): Advertising Photography; Documentary Photography; Photographic Art Practice.

Double degree option(s): Business.

For more information about the degrees listed here visit griffith.edu.au/international-study

Postgraduate degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Design

Graduate Certificate in Design	Feb, Jul	0.5	S	40	6.5	A	3344	097292C	\$16,500
--------------------------------	----------	-----	----------	----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

Master of Design 	Feb, Jul	1 to 2	S	160	6.5	A	5720	096162K	\$33,000
--	----------	--------	----------	-----	-----	---	------	---------	----------

What you will study

The Master of Design is suited to designers and non-designers who wish to complement their existing skills with the frameworks, strategies, technologies and tools to solve complex problems and integrate design-led strategies into existing practice in business, government and communities. It will offer students the opportunity to advance their skills and knowledge on emerging practice (2D, 3D 4D), experience design (UX and Service), design thinking, storytelling and advanced design technologies (3D printing, Augmented/Virtual Reality and Internet of Things), offering routes for practice-oriented work and/or design strategy and leadership.

Students will also have the chance to work on real-life client projects within an inter-disciplinary setting, using both collaborative and individual working contexts to expand their knowledge of human and user-centred processes at professional industry level.

Graduates will be prepared for practice-oriented work and/or design strategy and leadership.

Entry Requirements

Any bachelor degree or higher OR a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher.

Graduates find employment

With a graduate portfolio demonstrating your innovative knowledge and skills, the Master of Design prepares you for future jobs in a wide range of global industries and careers.

in: experience design; user experience; service design; graphic communication design; digital visual design; product and 3D design; design management; design strategy; creative technologies; design research; user research.

Pathway option

- Masters Qualifying Program

For more information go to griffith.edu.au/college.

Gain the creative and technical skills and insights to rise to future design challenges.

Film and Screen

Graduate Certificate in Screen Production	Feb	0.5	S	40	6.5	A	3265	075032E	\$16,500
---	-----	-----	----------	----	-----	---	------	---------	----------

Entry requirements: Non-related bachelor degree or higher and portfolio OR portfolio OR a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher.

Master of Screen Production 	Feb, Jul	1.5	S	120	6.5	R	5572	075033D	\$33,000
---	----------	-----	----------	-----	-----	---	------	---------	----------

Specialisation(s): Animation; Business; Cinematography; Documentary Production; Game Art; Games Design; Music and Sound; Post Production; Production Design; Screen Direction; Screen Writing; Television; Visual Effects.

Entry requirements: Related bachelor degree or higher and portfolio.

Interactive Media

Graduate Certificate in Interactive Media	Feb, Jul	0.5	S	40	6.5	A	3323	085197A	\$16,500
---	----------	-----	----------	----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

Master of Interactive Media 	Feb, Jul	1 to 2	S	160	6.5	A	5653	085196B	\$33,000
---	----------	--------	----------	-----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher.

Visual Arts

Graduate Certificate in Visual Arts	Feb	0.5	S	40	6.5	A	3181	056918B	\$15,750
-------------------------------------	-----	-----	----------	----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

Master of Arts in Visual Arts 	Feb, Jul	1 to 2	S	160	6.5	A	5663	085198M	\$33,000
---	----------	--------	----------	-----	-----	---	------	---------	----------

Entry requirements: Any bachelor degree or higher OR a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher.

Research degrees

Trimester entry: T1 = February T2 = July T3 = October	Years	Campus	Credit pts.	IELTS	Academic	Codes		Annual fee (usually 80CP)
						Program	CRICOS	

Research Studies

Graduate Diploma of Visual Arts Research Studies	Feb	1	S	80	6.5	R	4182	086117J	\$33,000
--	-----	---	----------	----	-----	---	------	---------	----------

Entry requirements: Related bachelor degree or higher (5.0 GPA).

Pathway: to the Doctor of Philosophy or Master of Philosophy.

Design

Master of Design Research	Feb, Jul	1 to 2	G S	160	6.5	O	5723	096705F	\$31,000
---------------------------	----------	--------	------------	-----	-----	---	------	---------	----------

Visual Arts

¹**GCE A Levels:** Aggregate of the best 3 A Level or combination of A and AS Level subjects A*=6, A=5, B=4, C=3, D=2, E=1 (AS Levels are equivalent to half points, e.g. A=2.5).

²**Bangladesh:** Bangladeshi Higher Secondary or Intermediate Certificate (since 2003). Grade average in the final year results OR successful completion of a recognised pre-tertiary or foundation program OR successful completion of one year study at a recognised tertiary or higher education institution is required in addition to the completion of High School studies.

³**China GaoKao:** Successful completion of the National College Entrance Examination (Gao Kao) with a minimum % of the overall maximum score.

⁴**Hong Kong:** Hong Kong Diploma of Secondary Education (HKDSE). Score based on the best 5 subjects across Core and Category A or C electives; where (except Mathematics); 5** and 5* = 6, 5=5, 4=4, 3=3, 2=2 and 1=1; Compulsory Mathematics counted as 5** and 5*=3, 5=2.5, 4=2, 3=1.5, 2=1 and 1=0.5.

⁵**India:** All India Senior School Certificate (AISSC) or comparable qualification (awarded by CBSE or CISCE). An overall grade average % in the best 4 subjects.

⁶**Indonesia:** Indonesia Secondary School Leaving Certificate (STTB SMA). Grade average in final year results.

⁷**Korea, Republic of:** Korean Republic College Scholastic Ability Test (CSAT). A minimum overall grade. The overall grade is calculated from the results in Korean Language, Mathematics and Foreign Language (English). Results in other components are not considered.

⁸**Korea, Republic of:** Specialised High School Diploma. Grade average in the final year results (where A = 5, B=4, C=3, D=2 and E=1).

⁹**Malaysia:** Malaysia Independent Chinese Secondary Schools Unified Examination Certificate (MICSSS/UEC). Aggregate score, maximum of the best 10 subjects. (Where A1 = 8, A2 = 7, B3=6, B4=5, B5=4, B6=3, C7=2, C8=1).

¹⁰**Norway:** Norwegian Certificate of Completion of Upper Secondary School Examinations. Grade average in final year results.

¹¹**Pakistan:** Pakistani Higher Secondary School Certificate or Intermediate Certificate (Pre-Eng & Pre-Med streams only). Grade average in final year results. *Standard entry of 83 relates to the Humanities & Sciences Streams.

¹²**Singapore:** Singapore-Cambridge General Certificate of Education (Advanced Level) (Level H1=AS Level; Level H2=A Level). For H2 subjects, A=5, B=4, C=3, D=2, E=1. For H1 subjects, the notional value is half of that assigned to H2 subjects.

¹³**Sri Lanka:** Sri Lankan General Certificate of Education (A Levels). Grade average in the best 3 Advanced Level subjects (where A=4, B=3, C=2, S=1).

¹⁴**USA/SAT:** Composite SAT1 score (from March 2016). Students must also have completed a High School Diploma.

¹⁵**USA/ACT:** Complete ACT with minimum composite score. Students must also have completed a High School Diploma. #minimum High School Diploma grade average.

¹⁶**Vietnam:** Upper Secondary Education Graduation Diploma (Bang Tot nghiep Trung hoc Pho thong). Successful completion of year 12 with an average out of 10 in 4 academic subjects.

¹⁷**Australia:** The OP, ranks and ATARs listed are correct as at March 2019. These are subject to change and should be used as a guide only.

¹⁷**ATAR:** ATAR only applies to the Gold Coast and Logan campuses when applying via UAC.

Campuses: G: Gold Coast campus, N: Nathan campus, M: Mt Gravatt campus, L: Logan campus

All information is correct as at March 2019, but is subject to change. Visit degrees.griffith.edu.au for the most up-to-date information.

How to apply

Applying to study at Griffith is easy. With applications open all year round, you can quickly complete your application in **6 simple steps**.

Visit: griffith.edu.au/apply/international

Step 1

Choose the degree you want to study.

Find the degree which meets your career and study goals at griffith.edu.au/international-study

Step 2

Check if you meet entry requirements.

Consider a pathway option if you don't meet direct entry requirements (see page 18).

Step 3

Check if you are eligible for credit.

If you have existing formal qualifications or relevant work experience, you may be eligible to receive credit, which will reduce the duration of your study. griffith.edu.au/credit

Step 4

Prepare supporting documentation.

Include certified copies of your academic and English test results (translated into English if applicable) plus a portfolio or audition if relevant to your degree.

Step 5

Apply online.

Apply online or via a registered recruitment representative. griffith.edu.au/apply/international

If you are currently studying at an Australian high school you may apply through QTAC or UAC.

Step 6

Accept your offer.

You must return evidence of meeting any outstanding conditions in your Letter of Offer, formally accept your offer and pay your total deposit fee.

Application dates

We recommend that you apply by:

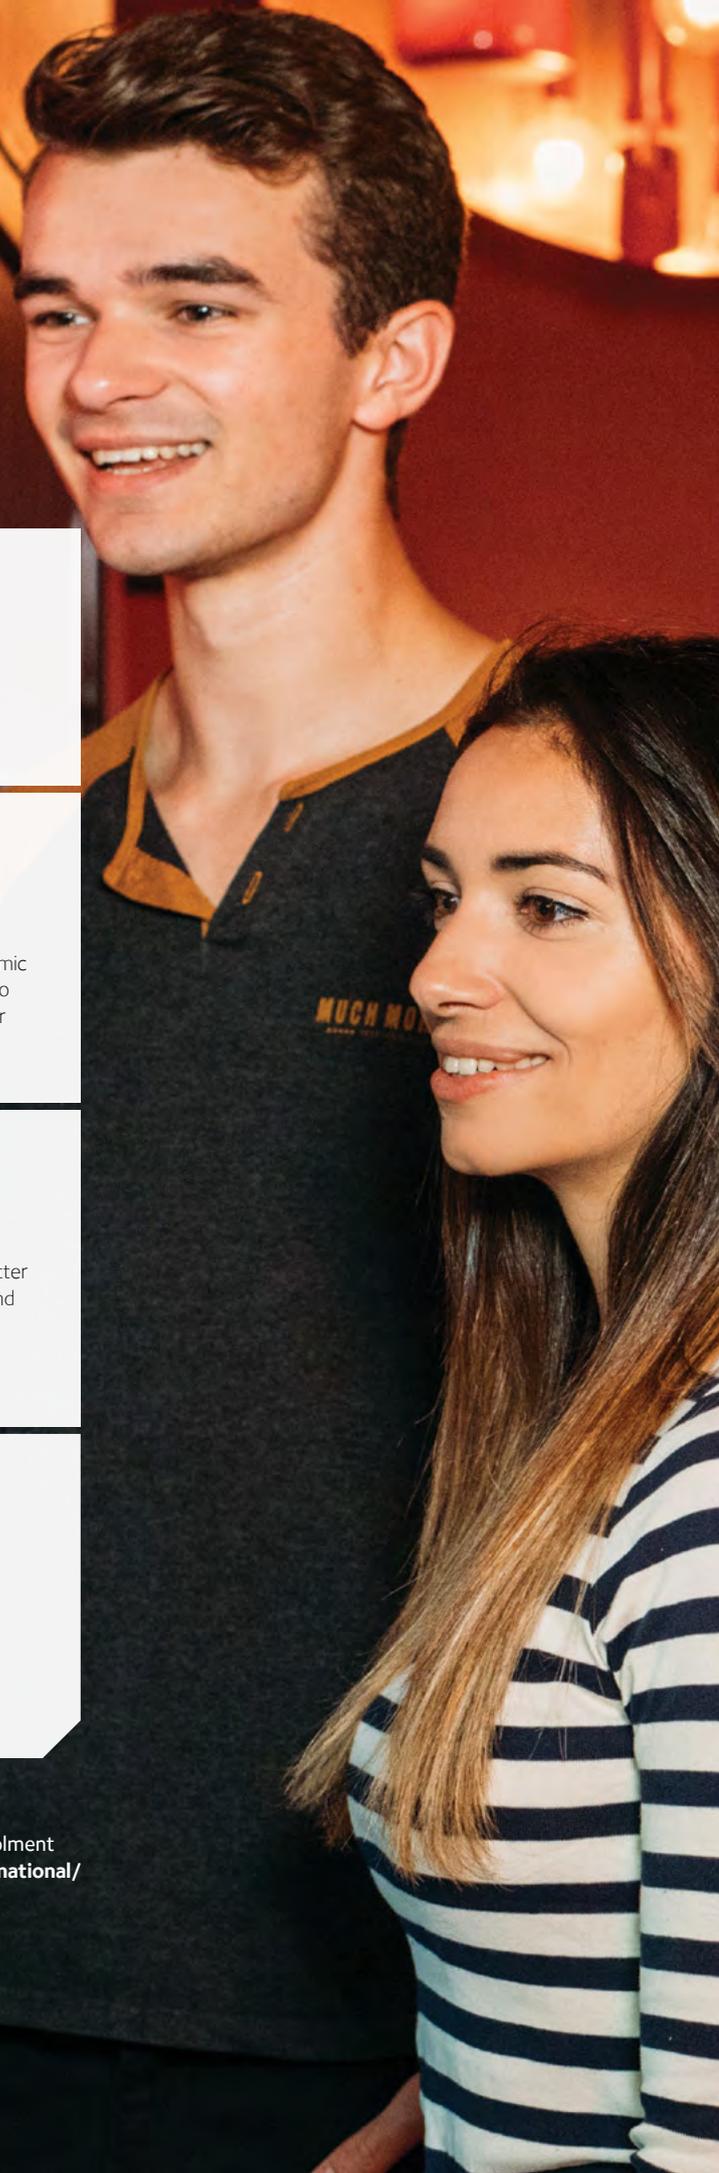

- 31 January (to start in Trimester 1)
- 3 June (to start in Trimester 2)
- 30 September (to start in Trimester 3).

You must allow enough time for your visa application to be processed to enable you to arrive in time for Orientation. Some degrees have different application closing dates. Check if this applies to your degree at degrees.griffith.edu.au

After you accept your offer

Once you have accepted your offer you will receive an electronic Confirmation of Enrolment (eCOE) which you will need when you apply for a student visa. Visit griffith.edu.au/international/plan-your-move-to-australia for useful information about life in Australia including:

- Accommodation
- Griffith support services
- Orientation
- Public transport
- Moving to Australia with a family.

How to use this guide

The following information will help you understand how to read this Guide.

Campus symbols

- N** Nathan
- M** Mt Gravatt
- S** South Bank
- L** Logan
- G** Gold Coast
- O** Online
- E** External

If you enrol in an online or external degree you are not eligible for an Australian student visa. Online and external degrees can be studied part-time.

Credit points

Credit Point (CP) refers to the value of a course. Generally, one course is worth 10 credit points.

This may differ depending on your area of study. This Guide contains the total number of credit points each degree is worth.

Duration

Unless stated otherwise, all degree durations (years) are for full-time study. For most programs, full-time study is 80 CP per year (or 40 CP per trimester).

You must study full-time on campus to be eligible for a student visa.

Pathways

Degrees with this symbol have a Griffith College academic pathway. Find out more on page 22.

Honours

Degrees with this symbol have one optional year of honours research.

Students can apply for an honours year upon completion of their bachelor degree.

Tuition fees

2020 indicative full-time fees are calculated on the basis of 80 CP of study (2 trimesters full-time).

Tuition fees are in Australian dollars and increase annually. For more information see page 13.

Entry requirements

Grade Point Average (GPA)

Your Grade Point Average (GPA) is the measure used for academic achievement at Griffith University.

Your GPA is calculated using your academic grades and the credit point value of the courses you have completed.

You can calculate your GPA using the method shown in the Calculation of Grade Point Average policy.

griffith.edu.au/students/assessment-exams-grades

Undergraduate academic entry scale

Standard - S

Higher - H1, H2, H3, H4, H5, H6

(H1 = lowest, H6 = highest)

A list of undergraduate entry requirements by country, for a selection of countries, are listed on [page 66](#).

It is also available in the 'How to Apply' tab for each degree on degrees.griffith.edu.au

Postgraduate academic entry scale

A - any bachelor degree (or equivalent) from a recognised university.

R - a related bachelor degree (or equivalent) from a recognised university.

O - a combination of other academic entry requirements.

Some degrees have additional academic entry requirements, including specific GPAs and work experience. Please check the academic entry requirements for your degree at degrees.griffith.edu.au

English language entry requirements

All Griffith degrees have English language entry requirements. You can check the minimum overall IELTS score for your degree in the program pages of this Guide.

Below is a list of other tests we accept, and the corresponding results, based on our most common IELTS score:

- A minimum overall band score of 6.5 on IELTS (Academic) (no sub-score less than 6.0) **OR**

- a minimum score of 575 on TOEFL **OR**
- an internet-based (iBT) TOEFL score of 79 (no sub-score less than 19) **OR**
- no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only) **OR**
- a minimum grade of C on the Cambridge Certificate in Advanced English (CAE) **OR**
- a minimum grade of C on the Cambridge Certificate of Proficiency in English (CPE) **OR**

- an overall score of 58 in the Pearson Test of English (Academic) with no score less than 50.

Griffith University does not accept English language test results that are more than two years old.

Some degrees have higher English language requirements. Visit degrees.griffith.edu.au

2020 INTERNATIONAL Student Guide
