

Admission for Academic Year 2022/23

iAM
FUTURE
READY

THEi is Hong Kong's higher education institution with a focus on applied professional education at degree level. As a new generation institute welcoming its first ten-year anniversary, we are proud to have worked in close collaboration with our industry and professional partners to nurture multiple cohorts of successful graduates with work-and-future-ready professional capacities.

Professor
Christina HONG PhD
President of THEi

MESSAGE FROM PRESIDENT

Welcome to the Technological and Higher Education Institute of Hong Kong (THEi).

THEi is Hong Kong's higher education institution with a focus on applied professional education at degree level. As a new generation institute welcoming its first ten-year anniversary, we are proud to have worked in close collaboration with our industry and professional partners to nurture multiple cohorts of successful graduates with work-and-future-ready professional capacities.

After almost two years of online teaching and restrictions in face-to-face activities, with the start of Academic Year (AY) 2021/22 THEi gladly but cautiously resumed campus-based activities. Our progressing students welcomed a return to social learning and the inclusive study experiences they have missed for so long. They were also pleasantly surprised at the number of digital innovations added to the campus during the pandemic. These include, 'Temi' our robot assistant at THEi Learning Commons, a new One-Button Studio for audio-visual production, a brand new

Future Technology Learning Centre, and THEi Mobile App, a 'one stop shop solution' for information sharing.

In parallel to our digital transformation agenda, THEi continues to enhance and innovate our programme offerings. In 2021 we were delighted to have our BSc(Hons) in Surveying programme receive full professional accreditation by the Hong Kong Institute of Surveyors – a key milestone for the programme team. We also introduced a retitled BSc (Hons) in Nutrition and Healthcare Management, an important repositioning to best reflect the needs and trends in the industry. We were also delighted that the BSc (Hons) in Horticulture, Arboriculture and Landscape Management – Hong Kong's only Bachelor Degree in this field – was selected by the Education Bureau as one of the four pilot Applied Degree programmes to be delivered in Hong Kong, commencing in AY2022/23. These exciting new developments signify THEi's constant drive to evolve and adapt to the latest trends and changes in the industries and professions, so that our graduates as well-rounded individuals are well prepared to serve the workforce needs of Hong Kong.

A key feature of THEi's learning and teaching approach is the involvement of industries in our students' learning experience. As well as completing work-integrated-learning (WIL) to strengthen their real-world knowledge and networks, THEi students also benefit from engaging in authentic project-based learning, working directly with their teaching staff, industries and professions to solve real world problems. For instance, our Chinese Medicinal Pharmacy programme staff and students worked with a tech start-up to develop a near-infrared spectroscopy rapid authentication (NIRSRA) system to reduce the time and cost in the authentication of Chinese medicine. THEi Product Design students also collaborated with Australia's Swinburne University of Technology and the industry to design the award-winning "Plover" chairs that are now commercially available in the Hong Kong market. We anticipate many more exciting collaborations in the near future as we deepen our connections with various industries and sectors.

On behalf of THEi, I warmly invite you to come and explore how THEi can help to make your career aspirations and professional plans come true. Please do come and visit THEi campuses at Tsing Yi and/or Chai Wan or get in touch with our programme teams to set up a time to talk about your future studies at THEi.

We look forward to welcoming you!

ABOUT THEi

Founded in 2012, the Technological and Higher Education Institute of Hong Kong (THEi) is a member institute of the Vocational Training Council.

With significant industry input, we offer applied degree programmes which are vocationally and professionally-oriented.

Emphasising a “Work-integrated Learning” (WIL) approach with the advancement of technology-enhanced teaching, we aim to develop students into work-and-future-ready professionals with skills and knowledge applicable to the real world setting relevant to the future job market.

With our strong industry connections in each programme, students have plenty of opportunities to join internship programmes at local or international firms. This real-work experience keeps them current with the latest industry trends and enables them to be one-step ahead of other degree graduates.

In the Academic Year 2022/23, we provide S.6 students with degree programmes that are vocationally and professionally-oriented, covering industries and design, sports and recreation management, hospitality and culinary arts, engineering, information and technology, food science and safety, Chinese medicinal pharmacy, and aircraft engineering. As well as taking care with upcoming industry trends, we integrate latest learning and teaching technologies with support and inputs from industries in our curriculum. All THEi's degree programmes are accredited by the Hong Kong Council for Accreditation of Academic & Vocational Qualifications (HKCAAVQ). Many of them are also recognised by relevant professional organisations.

Our Vision

To be a leading edge institution in higher education and applied research acknowledged for work-ready graduates, strong industry integration and global orientation.

Our Mission

- To provide high quality vocational and professional education and impactful research through strong industry collaborations and global outreach;
- To be known for our professional, innovative and entrepreneurial approach; and
- To foster an institutional culture that inspires through innovation, achieves continuous improvement through building mutual trust, teamwork, and is responsive to change.

THEi AT A GLANCE

THEi has two campuses; the main campus in Chai Wan provides a vibrant learning environment for students. The Chai Wan Campus has been awarded “The Leadership in Sustainable Design and Performance Award – Institutional” of the Asia Pacific Leadership in Green Building Awards (The Awards) presented by the World Green Building Council (WorldGBC) in 2020.

The outstanding green twin-tower design with distinctive features include vertical gardens, a large green house, an urban farm, and an exhibition hall equipped with a 20-meter wide interactive media touch screen immersing technology and innovation.

Tsing Yi Campus serves as an extensive innovative education hub to our students. The Building Information Modelling Innovation Hub (BIMiHub) and Virtual Reality Chinese Medicine Pharmacy enable our students to stay ahead of their counterparts.

Applied-Professional Degrees developed with close industry collaborations

Two Fully Equipped Campuses with state-of-the-art facilities

~90% Employment Rate of our graduates in 2020*

*According to the graduate employment survey of THEi full-time programmes in 2020.

100% WIL Training

Work Intergrated Learning (WIL), whereby every THEi student completes up to 480 hours of WIL training before graduation

Campus Facilities

THEi's Chai Wan campus has won numerous building awards for its outstanding green twin-tower design with several distinctive features,

including: a large and user-friendly Learning Commons on the 1st floor that encourages exchanges among students; a network of connecting walkways and escalators that symbolises dynamic movement; a green environment embracing vertical gardens, landscaped green house and a hydroponic farm, and an exhibition hall equipped with a 20-meter wide interactive media touch screen that immerses technology and innovation as an integral part of campus life at THEi.

THEi understands the importance of building a digitalised campus. Besides the well-equipped Chinese and Western Kitchens, we also have a Human Performance Laboratory, Photographic Studio and Publicity and Media Room.

THEi Chai Wan Campus

THEi Tsing Yi Campus

An innovative education hub

The state-of-the-art facilities at THEi's Tsing Yi campus create a comprehensive, dynamic and engaging environment for our students to keep track of the latest science and technology trends. Learning in facilities such as the VTC Building Information Modelling Innovation Hub (BIMiHub), Simulated Chinese Medicinal Pharmacy and Aircraft Engineering Laboratory enables our students to stay one step ahead.

Hall of Residence

The VTC Halls of Residence (Tsing Yi) was officially open at the start of academic year 2016/17.

The twelve-storey dormitory provides student accommodation with supporting facilities, including pantries, common rooms and activity rooms. It offers a comfortable and friendly environment for residents and enriches cultural exchange experiences, study life and adds value to the whole person development and learning experiences of THEi students.

Next Generation Digital Learning Environments

Exhibition Hall

BIMiHub in THEi Tsing Yi Campus

THEi's campuses are fully equipped with digitalised learning and teaching facilities

to provide our students access to the latest and greatest industry-leading technologies such as BIM, Artificial Intelligence, Big Data and Mixed Reality. These enable our students to become future-ready graduates upon finishing their studies.

ACHIEVEMENTS & ENDORSEMENTS

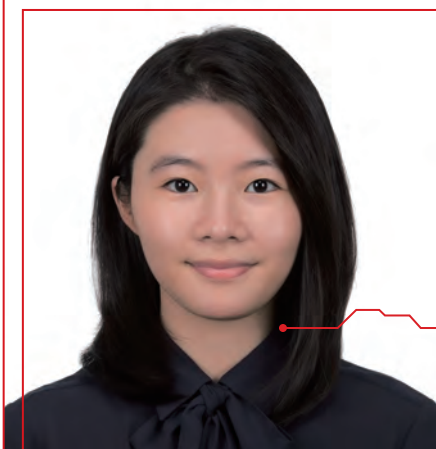

Graduate Endorsements

“THEi's SRM programme offers me opportunities to practise my Sports Therapy skills at major sports events including events with the Cricket Hong Kong Team. Upon my graduation, I started working with Cricket Hong Kong's medic team and participated in various overseas competitions. These eye-opening experiences broaden the horizon for my career development.”

Max YEUNG

Graduate of BSocSc (Hons) in Sports and Recreation Management
Lead Sports Therapist, Cricket Hong Kong

“At THEi, I established a solid foundation for my professional development and personal growth. THEi provides me a platform to explore, grow and acquire industry experiences. The skills and knowledge I gained are practical and applicable to my master's study, work and examinations to become a Chartered Landscape Architect. Thanks to a referral from my tutor, I managed to work as an intern and assistant to the director in a contractor company and developer. It was a precious opportunity to gain work experience in different sectors.”

Yvonne CHOI

Graduate of BA (Hons) in Landscape Architecture
Landscape Architect, Townshend Landscape Architects

“THEi's Civil Engineering programme integrates both theoretical learning and actual work application. My internship experiences in various companies empowered me to step further for my professional development. After I graduated, I am pleased to complete the Hong Kong Institution of Engineers (HKIE) Scheme “A” graduate training and I am currently working as a civil engineer.”

YEUNG Chun Yin

Graduate of BEng (Hons) in Civil Engineering
Civil Engineer

Industry Endorsements

Sports and Recreation Management

Amy LC CHAN, JP
Executive Manager,
Racing Development Board/
Headmistress,
Apprentice Jockeys' School
The Hong Kong Jockey Club

"I have been involved in this degree programme from its initial accreditation to the implementation. The programme provides both theoretical knowledge and hands-on practical experience, which makes it very unique from other degree programmes.

In Hong Kong, we need more coaches with relevant degree training. Likewise, there has been a huge demand in the recreation management area. The sports therapy specialisation in this degree programme is the very first in Hong Kong. Sports Therapists will be able to provide on-field service to athletes for injury treatments and fitness training.

I fully support this degree programme and foresee its positive impact to Hong Kong."

Testing and Certification

Christy CHAN
Director of Consumer
& Retail,
SGS Hong Kong Limited

"The Hong Kong Testing, Inspection and Certification (TIC) industry plays a crucial role in the global supply chain. We need young talent joining us with a passion to provide innovative and professional services. SGS has partnered with THEi in internship programmes and public workshops, and we see that students from THEi are with hands-on, practical technical knowledge and skills, who at the same time have the care and curiosity in exploring how they could contribute to the society with their professional knowledge. Let's come together in revitalising and energising the Hong Kong TIC industry."

Civil Engineering

Ir Siu-lun CHEUNG
Chief Operating Officer,
Build King Holdings Limited

"The Civil Engineering degree programme offered by the Faculty of Science and Technology (FST) at THEi is vocationally-oriented. It offers a fine balance between theory and practice, which meets the genuine needs of the industry.

The four-year programme places an emphasis on Work-integrated Learning and industrial attachment. Therefore, graduates having gained practical industry experience are work-capable.

I strongly believe that graduates from the FST will be welcomed by employers."

Hotel Operations Management

Ronald POON
 Director,
 Talent Development,
 Rosewood Hong Kong

“THEi's professional academic team has always been proactive in building industry connections for a comprehensive educational development. We look forward to further collaborations and learning opportunities in grooming the future talents for our industry.”

Culinary Arts and Management

Uwe OPOCENSKY
 Executive Chef,
 Island Shangri-La Hong Kong

“The Culinary Arts and Management (CAM) degree programme offered by Faculty of Management Hospitality (FMH) at THEi is a unique program to nurture culinary talents and leaders in the hospitality industry.

Apart from balancing theory and practical components, the students also engage with project-based learning in developing recipes and business plan, as well as conducting food-related research. We feel honoured to be one of the Work-integrated Learning partners to offer practical work experience to CAM students. We look forward to working with the work-capable graduates in the near future.”

Product Design

Leon YOONG
 Senior Vice President,
 Techtronic Design,
 Techtronic Industries
 Hong Kong

“I am excited to have experienced the journey with THEi's Product Design programme and its graduates as an Industry External Examiner.

THEi's Students demonstrated well-rounded design knowledge with ability to apply manufacturing and technology skills in the development trends. With their learning attitude, variety of industry projects, competitions and work experience, they can complement well with existing creative teams and the creative industry.”

Student Achievements

Bronze Award at Student Kam Fan Award

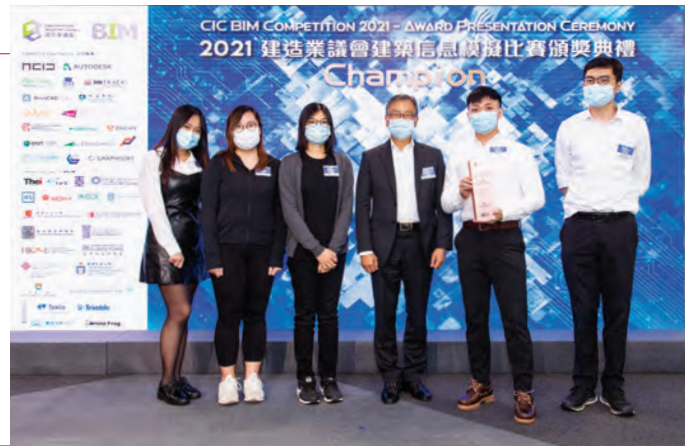

“The support and encouragement we received from our teaching faculties enable us to present our ideas to impress judges with our creativity. The Advertising programme's curriculum also offers us various project-based learning opportunities to practise with the application of the theories we acquired in the classrooms.”

Debbie CHIN, Tink HONG
Year 4 students of BA (Hons) in Advertising

Champion of CIC BIM Competition 2021

“In THEi's Building Services Engineering programme, each of us received 80 hours of BIM training during our study. We are glad that we could put what we have learnt into practice and impressed the judging panel during the competition.”

Martin WONG, Ching Fung LAW
Year 4 Students of BEng (Hons) in Building Services Engineering

Young Chef Chinese Culinary Competition – Youth Category Champion

“With the support from our Culinary Arts and Management teachers, I am honoured to win the “Youth Category” of the 2020/21 Young Chef Chinese Culinary Competition. The CAM programme integrates culinary arts with management knowledge and skills. It also encourages creativity and curiosity to develop intellectual critical thinking and problem solving abilities. With the training at THEi, I feel that I am ready for more future challenges. “

CHAN Leong
Year 4 student of BA (Hons) in Culinary Arts & Management

INDUSTRY COLLABORATION

Industry Collaboration

As an institute of applied-focused degrees, THEi's professional programmes work closely with various industries to provide students with opportunities to acquire practical skills in real-world working environments. Our teaching faculties and students work together with industry experts to solve real world problems and to upskill traditional sectors.

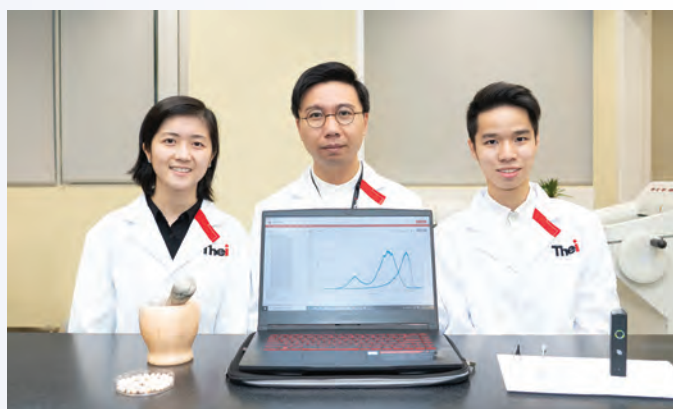

THEi's Chinese Medicinal Pharmacy (CMP) programme collaborates with a tech start-up to develop a near-infrared spectroscopy rapid authentication (NIRSRA) system for Chinese medicines which can greatly assist the speed and efficiency for industry practitioners to test the validity of the Chinese medicine. The project won the Champion award in the "Block adVenture" Block chain Application Competition which was co-organised by Cyberport and the industries.

In the future, clinics and pharmaceutical companies can use the NIRSRA system to test Chinese medicines rapidly. With the help of blockchain, practices about tracing medicines' origins, manufacture, processes, and transportation are made possible to further protect the interest of consumers.

Dr Wesley CHOW

Lecturer of BSc (Hons) in Chinese Medicinal Pharmacy

Learn more about the project

bit.ly/theicmp2021

THEi Product Design collaborates with Swinburne University of Technology in Australia and industry experts to design a series of innovative furniture. A collection of designer chairs, “Plover”, was ultimately chosen for production. The design later received multiple international accolades including Good Design Award, iF Design Award, Platinum A' Design Award, dFA Bronze Award and Golden Pin Design Award.

“By participating in this project, we have learnt the workflow of production and the determining factors that affect its market value. To bring more practical yet sophisticated products to the public, we wish to integrate new inspirations and embed more unique design elements.”

Kurt FAN

2019 Graduate, BA (Hons) in Product Design

Industry Collaboration

The Cricket Hong Kong (CHK) Team is a high performing elite sports team competing at the international level. THEi's Bachelor of Social Sciences (Honours) in Sports and Recreation Management (SRM) programme has worked closely with Cricket Hong Kong, by providing strength and conditioning training and sports therapies to the players, it not only allows our students to gain practical learning experiences, but also helps the players enhance performance and prevent injuries.

Two of THEi's SRM graduates also joined Cricket Hong Kong upon their graduation, signifying the close bound between THEi and CHK.

“With a degree in Sports and Recreation Management, I work in Cricket Hong Kong as a Marketing and Promotion Coordinator to promote this sport to the local community. Now I can apply the sports marketing skills I learnt at THEi on my daily work duties such as video production.”

Heiley LUI

2020 Graduate, BSocSc (Hons) in Sports and Recreation Management

BA (Hons) in Fashion Design 時裝設計 (榮譽) 文學士

JUPAS code 聯招編號: JSSV01

- cultivates students' creativity and builds practical experience through the use of design technologies;
 - strengthens their knowledge and skills through advanced subjects and specialised streams in fashion design or fashion management; and
 - deepens their understanding of the market through corporate visits, internships and fashion shows.
- 培養學生的創造力，運用科技輔助設計，建立他們的實務經驗；
 - 透過進階科目學習，以及攻讀時裝設計或時裝管理專修科來鞏固他們的知識和技能；以及
 - 透過企業探訪、實習機會和時裝表演來加深他們對市場的認識。

Career Prospects

Upon the completion of the programme, graduates can undertake different roles in the fashion industry, including fashion designers, knitwear designers, fashion accessory designers, fashion merchandisers, product developers, fashion buyers, and some other professions in fashion retailing and communication segments.

就業前景

學生完成本課程畢業後，可在時裝界擔任各種工作，包括時裝設計師、針織衣設計師、時尚配飾設計師、時裝採購員、產品開發人員、時裝買手，以及成為時裝零售業和傳訊業的各類專才。

BA (Hons) in Product Design 產品設計 (榮譽) 文學士

JUPAS code 聯招編號: JSSV02

- nurtures inter-disciplinary professionals who are capable of product design, product development and practical works;
 - explores latest ideas and technologies for product development, improvement and remodelling; and
 - provides insights on market trends in Hong Kong, Mainland China and internationally through industry exchanges and internships.
- 培養能從事產品設計、產品開發和實務工作的跨學科專才；
 - 探索適用於產品開發、改良和模型改造的最新意念和技術；以及
 - 透過業內交流和實習讓學生洞悉香港、中國內地和國際市場的趨勢。

Career Prospects

Graduates are equipped with professional knowledge of product design and marketing acumen necessary for the product design and development industry. Graduates can kick start their careers as designers, 3D artists, design engineers, project coordinators, project managers or product managers in various fields, from innovative product design, purchasing and merchandising, consumer electronics to digital entertainment, and from clocks, watches and jewellery, fashion and lifestyle products, home and kitchen products, automotive products, toys and children's products to gifts and premiums.

就業前景

畢業生緊貼新技術的應用，具備產品設計的專業知識，以及產品設計及開發行業所需的行銷觸覺。他們可在創新產品設計、採購和買辦、消費電子產品、數碼娛樂、鐘錶珠寶、時裝和生活時尚產品、家居和廚房用品、汽車產品、玩具和兒童用品，以及禮品和贈品等多個行業起步，擔任設計師、3D 畫師、設計工程師、項目統籌主任、項目經理或產品經理來發展事業。

BA (Hons) in Landscape Architecture 園境建築 (榮譽) 文學士

JUPAS code 聯招編號: JSSV03

- Equips students with both technical and professional knowledge and skills with a studio-based curriculum, which addresses landscape planning, landscape design, landscape management and environmental conservation;
- provides professional insights into the industry, by integrating spatial design expertise of the built environment, and knowledge of natural systems to provide solutions that are both visually appealing and sustainable; and
- emphasises landscape planning and design, landscape project management, landscape theory and science, environmental conservation, tree management and greening works, blending the essential intellectual and practical skills that match the industry's requirements best.

- 園境建築學具備跨學科的特色，是一門應用自然科學、人文科學與藝術的專業學科；
- 著重培養學生的綜合能力並通過跨學科的專業培訓，幫助學生掌握園境建築學在科學和藝術範疇的核心知識和專業技能；以及
- 教學重點包括：園境規劃和設計、園境項目管理、園境理論和科學、環境保育、樹木管理及綠化工程等。

Career Prospects

Landscape architects are tasked with a wide range of works, including regional planning or development proposal, infrastructural works, and land development; design for new or enhancement of open space and streetscape, waterfront, and recreational complex; landscape design and planning for real estate developments; landscape and tree management; and environmental review and assessment. Graduates have a range of job opportunities from design to technical or horticultural-related roles as landscape designers or field officers in government-related department or contractors.

Professional Recognition

Graduates may pursue local or overseas accredited master/professional degree programmes. Suitable graduates can receive scholarship to articulate to the MALA offered by the University of Gloucestershire (UK), which is recognised by the Landscape Institute of the UK and the International Federation of Landscape Architects (and thereafter the HKILA).

就業前景

園境建築的專業服務範圍廣泛，包括區域規劃或發展計劃、基礎設施建設及土地開發，開放空間及街道、濱水空間、休閒綜合體設計或改善，商業地產開發項目的園境設計和規劃，園境及樹木管理、園境及視覺影響評價，環境回顧及評價等。畢業生可從事設計、技術或園藝範疇的工作。具體而言，可於園境建築事務所或綜合顧問公司任職園境設計師或助理項目經理，或於相關政府部門或承建商擔任工程現場職務。

專業認可

畢業生可選擇攻讀本地或海外獲認可的碩士學位或專業學位。部分符合資格的畢業生更能取得英國格羅斯特郡大學的獎學金銜接其經英國園景學會及國際風景園林師聯合會認可 (亦獲香港園景師學會認可) 的碩士課程。

BA (Hons) in Culinary Arts and Management

廚藝及管理 (榮譽) 文學士

JUPAS code 聯招編號: JSSV04

- the first and only locally accredited Culinary Arts bachelor's degree programme in Hong Kong
- integrates culinary arts with professional management elements;
- nurtures all-round professionals by instilling knowledge and skills in food culture, recipe and menu development, plus catering and dining experience management; and
- acquires up-to-date culinary arts and management skills through professional training facilities and extensive internship opportunities.

- 香港首個及唯一一個經本地評審的廚藝專修學士學位課程
- 糅合廚藝與專業餐飲管理；
- 灌輸有關飲食文化、食譜和菜單設計，以及餐飲和用餐體驗管理的知識和技能，從而培養全面的餐飲專才；以及
- 透過專業的培訓設施和廣泛的實習機會，掌握最新的烹飪藝術知識和管理技能。

Career Prospects

Graduates are expected to start their careers as management trainees in the hospitality and catering sector with the application of their culinary knowledge and skills in catering companies, restaurants, airline catering, hotels, clubhouses, theme parks, exhibition centres and non-profit organisations. With sufficient experience, they may advance to senior management, such as head chef, food service-related entrepreneurs, food consultants, food stylists and food critics, and even important roles in elevating service standards and shaping the development of the culture of culinary arts and hospitality.

就業前景

畢業生可投身酒店及餐飲業，當管理實習生開展事業。他們可在餐飲公司、餐館、航空餐飲供應商、酒店、會所、主題公園、展覽館和非牟利組織裏工作，把烹飪知識和技能學以致用。當他們累積了足夠的經驗後，可晉升為高級管理層，或加入創業行列，擔任餐廳主廚、餐廳經營者、食品顧問、食品造型師或美食評論家，甚至可在行內擔當重要角色，致力提高服務標準，促進廚藝和餐飲文化的發展。

專業認可

此課程已獲英國的款接服務學會 (Institute of Hospitality) 認可。

Professional Recognition

This programme has been accredited by the Institute of Hospitality (UK).

BEng (Hons) in Civil Engineering 土木工程 (榮譽) 工學士

JUPAS code 聯招編號: JSSV05

- provides broad-based learning in the fields of civil, structural, geotechnical, environmental and hydraulic engineering, transportation and infrastructure development, and engineering project management;
- enriches students' learning experience through internships and Building Information Modelling (BIM) workshops;
- includes 480 hours of Work-integrated Learning; and
- gains solid understanding in the practical and theoretical knowledge of BIM through 80 hours of BIM workshops.

- 提供廣泛的學習，涉足土木、結構、土力、環境和水利工程、交通和基建發展，以及工程項目管理等領域；
- 透過實習機會及建築資訊模型培訓來豐富學生的學習體驗；
- 包括 480 小時的工作綜合學習；以及
- 提供 80 小時的建築資訊模型培訓以豐富學生的學習體驗。

Career Prospects

Graduates may be employed as assistant engineers, graduate engineers, civil, structural and geotechnical engineers, project co-ordinators, site agents and project managers in various public and private sectors, such as governmental departments, utility companies, consultancy and construction companies, as well as any other related suppliers and manufacturers.

就業前景

畢業生可在政府部門、公用事業機構、顧問和建築公司，以及相關供應商和製造商等公私營機構任職助理工程師、見習工程師、土木、結構及土力工程師、項目統籌主任、地盤主管和項目經理。

Professional Recognition

The programme has been accredited by The Hong Kong Institution of Engineers (HKIE).

專業認可

此課程已獲香港工程師學會認可。

BSc (Hons) in Horticulture, Arboriculture and Landscape Management**園藝樹藝及園境管理 (榮譽) 理學士**

JUPAS code 聯招編號: JSSV07

- the first and only locally accredited horticulture and arboriculture bachelor's degree programme in Hong Kong
- offers a combination of professional knowledge and practical skills in horticulture and landscape management;
- covers key areas, such as strategic planning, implementation, social responsibilities and environmental sustainability; and
- deepens students' understanding of industry operations through internships and field trips.

- 香港首個及唯一一個經本地評審的園藝樹藝專修學士學位課程
- 結合園藝和園景管理的專業知識和實務技能；
- 涵蓋主要範疇，包括策略性規劃、計劃執行、社會責任和環境可持續發展等；以及
- 透過實習機會和實地考察來加深學生對行業運作的理解。

Career Prospects

Graduates may be employed as arborists, tree risk assessors, tree works supervisors, landscape supervisors, landscape and horticulture project managers, green roof and vertical greening project supervisors, turfgrass managers, horticulture and tree specialists, industry business and technical representatives, horticultural or landscape consultants and educators, etc.

就業前景

畢業生可任職樹藝師、樹木風險評估員、樹木工程監督、園藝或園景項目經理、綠化屋頂及垂直綠化工程監督、草坪管理人員、園藝或樹木專家、園藝或園景顧問及教育工作者等。

Professional Recognition

Graduates are eligible to apply for memberships of:

- Certified Arborist of the International Society of Arboriculture (USA)
- Accredited Arborist of the Hong Kong Institute of Landscape Architects
- Technician or Professional Membership of The Arboricultural Association (UK)
- Membership of the Chartered Institute of Horticulture (UK)

專業認可

畢業生符合資格申請成為以下協會會員：

- 美國國際樹藝協會註冊樹藝師
- 香港園境師學會認可樹藝師
- 英國樹藝協會技術或專業會員
- 英國園藝學會會員

BSc (Hons) in Surveying 測量學 (榮譽) 理學士

JUPAS code 聯招編號: JSSV08

- offers an integrated programme with specialisations to prepare students to cope with the ever-changing real estate and construction market; and
- places a strong emphasis on the application of theoretical knowledge and practical skills in practising professional surveying.
- 提供主修選擇的專業課程，裝備學生應對變化多端的房地產和建造業市場；以及
- 重視應用於專業測量的理論知識和實務技能。

Career Prospects

Graduates are highly sought by both public and private institutions: the Architectural Services Department, Buildings Department, Hong Kong Housing Society, Lands Department, Rating and Valuation Department, Housing Department or other equivalent bodies; and for planning and development consultants, property developers, international and local professional consultancy firms, building and civil engineering contractors, property management companies, asset management firms, property investment and financial consultants, real estate agencies, etc.

Professional Recognition

The programme is fully accredited by the Hong Kong Institute of Surveyors (HKIS).

就業前景

畢業生可在政府的建築署、屋宇署、香港房屋協會、地政總署、差餉物業估價署、房屋署等工作，以及在私營的規劃和發展顧問公司、房地產發展商、本地和國際物業顧問公司、建築和土木工程承包商、物業管理公司、資產管理、房地產投資和財務顧問公司，以及房地產代理等企業工作。

專業認可

本課程已獲香港測量師學會 (HKIS) 認可。

BSocSc (Hons) in Sports and Recreation Management 運動及康樂管理 (榮譽) 社會科學學士

JUPAS code 聯招編號: JSSV09

- covers a wide range of areas including sports skill training, sports therapy and rehabilitation, sports and recreation management, fitness coaching and management;
- provides opportunities to specialise in areas of sports coaching, sports therapy and recreation management; and
- prepares students for employment in both public and private sectors, such as the Leisure and Cultural Services Department, fitness centres, sports therapy clinics and National Sports Associations.
- 廣泛涵蓋體育技巧訓練、運動治療與康復、運動與康樂管理，以及健體指導與管理等範疇；
- 學生可以專修不同範疇，包括運動教練、運動治療和康樂管理；以及
- 為畢業生投身公營和私營機構，例如康樂及文化事務署、健身中心、運動治療與復康診所和各個體育總會作妥善準備。

Career Prospects

Graduates from Sports Coaching Specialisation can become sports coaches, strength and conditioning coaches, fitness coaches or sports scientists. Graduates from Sports Therapy Specialisation are eligible to register at the Society of Sports Therapists, UK as Sports Therapists and become full members. They are qualified to work as sports therapists for local or international sport teams, or sports rehabilitation clinics. Graduates from Recreation Management Specialisation can work at the Leisure and Cultural Services Department, private or residential clubhouses, event management companies or sports marketing companies, theme parks, National Sports Associations, and the Hong Kong Sports Institute Limited.

Professional Recognition

The Sports Therapy specialisation of this programme is accredited by The Society of Sports Therapists, UK.

The Sports Coaching specialisation of this programme is accepted by the National Strength and Conditioning Association (NSCA) Education Recognition Program (ERP).

就業前景

運動教練範疇畢業生可成為運動教練、體能教練、健身教練，或從事運動科研；運動治療範疇畢業生則有資格成為英國運動治療師學會的會員及註冊運動治療師。畢業生可成為本地或國際運動隊伍隨隊運動治療師，或運動復康診所的運動治療師；康樂管理範疇畢業生有機會於康樂及文化事務署、私人會所、賽事及活動管理公司、體育市場行銷公司、主題公園、各個體育總會和香港體育學院任職。

專業認可

本課程的運動治療範疇已獲英國運動治療師學會的專業認可。

本課程的運動教練範疇已獲得美國國家肌力及體能協會之「教育認可計劃」接納。

BA (Hons) in Advertising 廣告 (榮譽) 文學士

Application code 申請編號: DS125101

- combines traditional and digital advertising practices of new media to nurture the next generation of professionals;
- equips students with skills to enhance advertising effectiveness through research, data analysis and evaluation; and
- broadens students' horizons through sharing from the talents of the industry in Hong Kong, Mainland China and overseas.

- 結合傳統和數碼廣告活動在新媒體實用課程，藉以培育新世代專才；
- 從資料搜集、數據分析、評估入手，為學生裝備技能來提升廣告效益；以及
- 透過本地、國內和海外業界專才的分享，開拓學生的視野

Career Prospects

Upon completing the programme, students will possess professional advertising skills with a strong marketing acumen and awareness of new media technologies which are essential requirements in conducting advertising campaigns, digital marketing, branding design, interactive and online advertising, as well as transmedia and graphic communication design in the industry.

就業前景

學生完成本課程後，將擁有廣告專業知識、養成營銷觸覺，以及更加注意到新媒體技術的發展，這些都是策劃廣告計劃、數碼營銷、品牌設計、互動和網上廣告，跨媒體和圖像傳訊設計工作的基本要求。

BSc (Hons) in Multimedia Technology and Innovation (Year-3 Entry Only)

創新及多媒體科技 (榮譽) 理學士 (只設三年級入學)

Application code 申請編號: DS125108

- equips students with understanding of innovative technology, market trends and digital techniques, and enables them to explore innovative and valuable multimedia solutions;
- focuses on business applications from gaming, audio-visual entertainment, interactive exhibitions to mobile and web applications; and
- enhances students' practical experience with project-based learning and industry connections.

- 因應學生對創新科技、市場趨勢和數碼技術的理解，讓他們探索創新而具價值的多媒體方案；
- 主攻商業應用技術，涵蓋遊戲、視聽娛樂、互動展覽，以及流動和網絡方案；以及
- 促進以項目為本的學習方式和行業連結，藉以提高學生的實踐經驗。

Career Prospects

Graduates can be employed as multimedia programmers, multimedia designers, game designers, user-experience designers and new media artists in the creative and digital entertainment industry. With more relevant experience, they will be promoted to managerial positions such as project managers, technical directors and creative directors.

就業前景

畢業生可在創意及數碼娛樂行業裏任職多媒體編程員、多媒體設計師、遊戲設計師、用戶體驗設計師，以及新媒體畫師。當他們獲得更多經驗後，可晉升為項目經理、技術總監及創意總監等管理職位。

BSc (Hons) in Information and Communications Technology

資訊及通訊科技 (榮譽) 理學士

Application code 申請編號: DS125109

- integrates conceptual and technological knowledge with practices in software and network development;
- delves into contemporary mobile and internet technologies for the development of game software; and
- enhance graduates' abilities and competence to meet the needs of the fast-growing information and communications technology industry in Hong Kong.

- 提供綜合軟件和網絡設計的課程，著重理論和科技知識與實踐並重；
- 為開發遊戲軟件鑽研時下的流動和互聯網技術；以及
- 為畢業生投身於軟件開發和網絡管理所面對的工作需求作好準備。

Career Prospects

Graduates will be employed as Software Developers, Network Engineers, Data Analysts, AI Engineers, Security Engineers, Game Software Developers, Mobile and Web Application Programmers, rising to challenging prospects such as ICT Project Managers, Data Scientists, Security Consultants/Managers, Game Software Technical Officers, Internetworking Administrators and other managerial positions.

就業前景

畢業生可受聘為軟件開發人員、網絡工程師、數據分析師、人工智能工程師、網絡安全工程師、遊戲軟件開發人員、手機及網站應用程式開發人員，更可進入具有挑戰性的領域如 ICT 項目經理、數據科研人員、網絡安全顧問 / 經理、遊戲軟件開發技術人員、網絡管理行政人員和其他管理職位。

BA (Hons) in Professional Accounting (Year-3 Entry Only)

專業會計 (榮譽) 文學士 (只設三年級入學)

Application code 申請編號: MH125103

- provides a comprehensive curriculum covering financial accounting, management accounting, finance, auditing, and tax and information management; and
- enhances students' learning outcomes and business acumen through Work-Integrated Learning.

- 提供綜合財務會計、管理會計、金融、審計、稅務和信息管理範疇的課程，為學生鋪排專業道路；以及
- 透過結合工作的學習方法來提高學習成果和專業優勢。

Career Prospects

Graduates are expected to take up junior positions in professional accounting firms, business or governmental organisations, such as audit and taxation trainees, management trainees and executive officers. Upon graduation, they are able to perform with short learning curves in the workplace and understand the strategic roles of business with managerial perspectives. After gaining sufficient work experience, they will be ready for progression to managerial roles in their fields as accountants or department managers.

Professional Recognition

This degree programme is accredited by the Hong Kong Institute of Certified Public Accountants (HKICPA) under the Qualification Programme (QP) and by CPA Australia under the CPA Programme. Graduates will be granted partial exemptions from the Association of Chartered Certified Accountants (ACCA) and the Chartered Institute of Management Accountants (CIMA).

就業前景

畢業生可從事各種註冊會計師事務所、商業組織或政府機構的初級核數、稅務和會計工作。以最短的適應時間發揮所長並理解管理層有關的商業策略考慮。當擁有足夠經驗後，他們便可晉升至管理層包括會計主任或部門經理。

專業認可

本學位課程屬香港會計師公會的認可專業資格課程，以及澳洲會計師公會的認可澳洲會計師課程。畢業生可獲特許公認會計師公會及特許管理會計師公會的部份考試豁免。

BA (Hons) in Hotel Operations Management

酒店營運管理 (榮譽) 文學士

Application code 申請編號: MH125104

- provides comprehensive training in hotel operations and professional management;
- covers key areas, including food and beverage management, front office operations, housekeeping, finance, human resources, marketing and e-business, to prepare for careers in the hospitality industry; and
- adopts a work-integrated learning approach through internships and industry projects.

- 提供全面酒店營運和專業管理培訓；
- 為投身酒店業的學生提供涵蓋多個範疇的專業訓練，包括食物及餐飲管理、前台服務運作、房務、財務、人力資源；以及
- 獨特的實務學習模式，包括行業實習及業界活動。

Career Prospects

After obtaining relevant operational experience in the hotel/hospitality industry, graduates will be capable of assuming managerial positions such as restaurant manager, catering manager, front office manager, housekeeping manager, or revenue manager in local, regional or global hotel/hospitality companies (e.g. hotel and resort companies, conference and exhibition centres, private and country clubs, theme parks, and etc.).

Professional Recognition

This programme has been accredited by the Institute of Hospitality (UK). The programme is recognised as an Observer of the International Centre of Excellence in Tourism and Hospitality Education (THE-ICE).

就業前景

於累積相當的工作經驗後，畢業生可在本地、鄰近地區或國際性的酒店與款待業機構（如酒店及度假村、會議及展覽中心、私人會所、鄉村俱樂部、及主題樂園等）擔任不同的管理職級職位，包括餐廳經理、餐飲部經理、前堂部經理、房務部經理、及酒店營收管理經理等。

專業認可

本課程已獲英國款接服務學會認可，並成為傑出酒店及旅遊教育國際中心觀察成員。

BA (Hons) in Public Relations and International Events Management (Year-3 Entry Only)

公共關係及國際項目管理 (榮譽) 文學士 (只設三年級入學)

Application code 申請編號: MH125108

- nurtures future public relations specialists with a solid foundation in public relations, marketing, management and international events management;
- prepares graduates to work in the fields of public relations, corporate communications, advertising, and marketing; and
- enriches their learning experience through internships, industry projects and globalised learning.

- 提供度身訂造的獨特課程，培養公共關係專才，打好他們在公共關係、市場營銷、管理及國際項目管理領域的紮實基礎；
- 畢業生可從事與公共關係、企業傳訊、廣告、市場營銷等有關職務；以及
- 透過行業實習機會、業界所籌辦的活動及國際化學習模式，豐富學生的學習體驗。

Career Prospects

Graduates can pursue their careers in public relations, corporate communications, advertising and marketing for profit and non-profit organisations. Employment opportunities include executive positions but not limited to public relations, advertising, corporate communications, marketing, event management, media planning, buying and sales, investor relations, publicists, customer relations, community relations, copywriting, translation and corporate brand management.

就業前景

畢業生可在企業或非牟利機構從事與公共關係、企業傳訊、廣告及市場營銷等有關職務。就業機會包括但不限於：公共關係、廣告、企業傳訊、市場營銷、項目管理、媒體策劃與營銷、投資者關係、宣傳專員、客戶關係、社區關係、撰稿員、翻譯和品牌管理等有關職務。

Professional Recognition

Hong Kong Public Relations Professionals' Association Limited (PRPA), the Hong Kong Institute of Marketing (HKIM), the Hong Kong Advertisers Association (HK2A) and the Hong Kong Association of Interactive Marketing (HKAIM) accept our students as student members.

專業認可

香港公共關係專業人員協會、香港市務學會、香港廣告客戶協會及香港互動市場商會接受學生的申請，成為學生會員。

The programme is a member of the Hong Kong Public Relations Professionals' Association Limited (PRPA) and Hong Kong Exhibition & Convention Industry Association (HKECIA).

此課程已被「香港公共關係專業人員協會」及「香港展覽會議業協會」認可為其中成員。

BEng (Hons) in Building Services Engineering (Year-3 Entry Only)

屋宇設備工程 (榮譽) 工學士 (只設三年級入學)

Application code 申請編號: ST125103

- develops highly skilled students for designing and managing building services systems;
- provides subjects including electrical and mechanical services in buildings, modern building technologies, environmental issues and professional skills; and
- includes 480 hours of Work-integrated Learning.

- 培訓擅長屋宇設備設計及管理的高技術學生；
- 提供相關學科，包括樓宇機電設備，以及現代建築技術、環保事項和專業技能；
- 包括 480 小時的工作綜合學習。

Career Prospects

Graduates will be capable of undertaking duties in any part of the building services industry, such as consultancy, contracting, operation and maintenance, testing and commissioning, research and technical support of air-conditioning and ventilation, electrical and lighting installations, lifts and escalators, fire services and plumbing and drainage systems. They can advance to managerial positions, such as the building services engineers at large or global construction firms and project managers in consultancy industries with the responsibilities of overseeing employees and operations in the construction fields.

就業前景

畢業生可勝任屋宇裝備工程界的各種職務，例如：暖通空調、電氣設備及照明、升降機及自動梯、消防設備及給排水系統等工程的顧問服務、承包、營運、測試和維修工作、研究，以及技術支援。他們可在設計顧問公司擔任屋宇設備工程師，或晉升管理層，在大型及環球建築公司當上項目經理，負責監督建築界的員工和運作。

Professional Recognition

The programme is accredited by the Hong Kong Institution of Engineers (HKIE), recognised by the UK's Chartered Institution of Building Services Engineers (CIBSE) under reciprocal recognition, and accepted by the Electrical and Mechanical Department (EMSD) in satisfying the academic qualification requirement stipulated in Regulation 6(2)(a) of the Electricity (Registration) Regulations for the purpose of registration as Grade C electrical worker.

專業認可

課程已獲香港工程師學會之認可，並經專業資格互認協議為英國屋宇裝備工程師學會 (CIBSE) 所承認。本課程同時獲香港特區政府機電工程署認可，符合該署註冊電業工程人員「C」牌的學術水平要求。

BEng (Hons) in Aircraft Engineering

飛機工程 (榮譽) 工學士

Application code 申請編號: ST125104

- Hong Kong Civil Aviation Department (HKCAD) approved HKAR-66 Cat. B1.1 Aircraft Maintenance Basic Licence Training Course;
 - provides students with a degree qualification widely recognised by the aircraft engineering and maintenance industry;
 - emphasises on professional trainings and techniques preferred by the aviation field;
 - equips students with professional engineering knowledge and practical skills in the following particular subject areas
 1. Aircraft Design
 2. Aircraft Maintenance Practices
 3. Aerodynamics
 4. Jet Engine
 5. Avionics
 6. Engineering Materials
 7. Human Factors & Air Legislation
 8. Safety & Reliability
 9. Aircraft Maintenance Organisation & Management; and
 - includes 480 hours of Work-integrated Learning.
- 香港民航處認可 HKAR-66 Cat. B1.1 航空器維修執照基本執照培訓課程;
 - 提供獲飛機工程及維修業界廣泛認可之飛機工程學士學位課程;
 - 著重專業培訓技巧, 迎合航空業界需求;
 - 裝備學生具備專業工程知識及實用技巧, 課程涵蓋以下範疇:
 1. 飛機系統設計;
 2. 飛機維修程序;
 3. 飛行力學;
 4. 飛機發動機;
 5. 航空電子學;
 6. 工程物料;
 7. 人為因素和航空法例;
 8. 安全性和可靠性, 以及
 9. 飛機維修機構與管理; 以及
 - 包括 480 小時的工作綜合學習。

Career Prospects

Graduates can pursue their careers in the aviation industry, airlines, the aircraft maintenance industry, aircraft manufacturers and other engineering-related disciplines. They will be eligible for a variety of positions, such as aircraft maintenance technicians, aircraft design/technical services engineers, strategic planning engineers, quality auditors, aircraft material /parts controllers and non-destructive test inspectors.

Professional Recognition

HKCAD approved HKAR-66 Cat. B1.1 Aircraft Maintenance Basic Licence Training Course.

就業前景

畢業生可投身航空業、航空公司、飛機維修業、飛機製造業及其他相關工程範疇發展事業。他們符合資格擔任多種職位, 包括但不限於飛機維修技術員、飛機設計和技術服務工程師、策略計劃工程師、質量審核員、飛機物資/庫存控制員, 以及無損探測檢測員。

專業認可

香港民航處認可 HKAR-66 Cat. B1.1 (航空器維修執照基本執照) 培訓課程

BSc (Hons) in Testing and Certification (Year-3 Entry Only)

檢測和認證 (榮譽) 理學士 (只設三年級入學)

Application code 申請編號: ST125203

- equips students with the knowledge and practical skills to work in the complex and ever-changing environment of the testing, inspection and certification (TIC) industry;
 - emphasises both scientific knowledge and practical skills in four important areas of T&C – integrated science, analytical science, testing technologies, and quality control and management – which would allow graduates to pursue professional careers in the T&C sector; and
 - provides up to 480 hours of Work-integrated Learning.
- 為學生裝備知識和實務技能, 讓他們應付檢測和認證行業中複雜多變的環境;
 - 著重科學理論知識和實務技能並重, 著眼於此行業的四個重要領域, 包括綜合科學, 分析科學、檢測技術, 以及質量控制和管理, 好讓畢業生在檢測和認證界中建立專業事業; 以及
 - 為學生提供高達 480 小時的工作綜合學習。

Career Prospects

Graduates will be qualified for supervisory and technical duties in the TIC industry, including technical assistants, quality assurance assistants and chemists. They can advance to managerial positions, such as senior chemists, technical consultants and technical managers with accumulated working experience and professional qualifications.

Professional Recognition

Graduates from this programme are eligible to apply for the Certified Testing Professional (CTP) by the Hong Kong Association for Testing, Inspection and Certification (HKTIC).

就業前景

畢業生可在檢測和認證行業中擔任監督和技術工作, 例如: 技術助理、品質保證助理和化學主任等。當他們累積了足夠的經驗和專業資格後, 可晉升至高級化學主任、技術顧問和技術經理等。

專業認可

畢業生可申請成為香港測檢認證協會的認可專業測試師。

BSc (Hons) in Nutrition and Healthcare Management

營養及健康管理 (榮譽) 理學士

Application code 申請編號 : ST125205

- cultivates a new breed of healthcare para-professionals in the healthcare administration, community healthcare, elderly and residential care services, nutrition and health segments;
 - covers health science knowledge and healthcare skills, in order to prepare students to work in the areas of nutrition and healthcare management; and
 - provides internships in nutrition and healthcare institutions to gain practical experience, including up to 480 hours of Work-integrated Learning.
- 培養與健康護理行政、社區健康護理、長者及家居護理服務，以及營養健康相關的新生代醫護專才；
 - 覆蓋健康科學知識和醫護保健技能，藉此裝備學生，為日後投身營養及醫療保健管理行業做好準備；以及
 - 為學生提供在營養和醫護機構實習的機會，藉以增強他們的實務經驗。包括高達 480 小時的工作綜合學習。

Career Prospects

Graduates may hold administrative posts in government departments, public or private medical or healthcare institutions, or work as project officers in rehabilitation centres or wellness and nutrition business organisations. After gaining sufficient work experience, they may be promoted to management level.

With a fast increase in ageing population and a trend of expansion of service by many major hospitals, there is a huge demand for healthcare and nutritional science personnel and specialists. The industry not only provides many job positions to graduates of this programme, they can also have excellent upward mobility opportunities in their careers.

Professional Recognition

Graduates are eligible to apply for membership of the Hong Kong Management Association and Associateship of the Hong Kong College of Health Services Executives, and membership of the Hong Kong Nutrition Association as nutritionists.

就業前景

畢業生可在政府、公私營之醫護機構或護理中心出任行政職位，在復康治療中心及健康營養商業機構擔任項目主任。當他們獲取足夠經驗後，可晉升為管理人員。

隨著人口老齡化和各大醫院擴充服務，業界對醫療護理及營養科學專才人手需求甚殷。因此，醫療健康行業不單為本課程的畢業生提供大量就業職位，更有機會讓他們在專業發展向上流動。

專業認可

畢業生可申請成為香港管理專業協會及香港醫務行政學院的會員，以及香港營養學會的營養學家會員。

BSc (Hons) in Chinese Medicinal Pharmacy

中藥藥劑學 (榮譽) 理學士

Application code 申請編號 : ST125204

- equips students with solid understanding of both traditional and scientific knowledge alongside practical skills and techniques so that they can undertake professional Chinese Medicinal Pharmacy (CMP) practice;
 - enhances students' critical thinking skills so that they can function effectively as supervisors and managers when they progress in their careers; and
 - includes up to 480 hours of Work-integrated Learning.
- 讓學生對傳統中醫藥和科學知識有紮實的理解，並加入實務技巧和技能的培訓，好讓學生成為專才，在中醫藥行業裏執業；
 - 提升學生的批判性思考能力，讓他們日後有足夠能力勝任主管和經理級專才；以及
 - 包括高達 480 小時的工作綜合學習。

Career Prospects

Graduates can take up different technical and management positions in the CMP industry, ranging from CM pharmacists in clinics, professional QAs or QCs of pharmaceutical manufacturers, testing or verification technicians to proprietary, proprietary Chinese medicine (pCm) registration officers. They can advance to managerial positions with accumulated working experience and professional qualifications.

就業前景

畢業生可在中醫藥行業裏擔任各種技術和管理工作，包括中醫診所的中藥師、藥廠生產部或品質控制部專業人員、中藥檢測或鑑定人員、中成藥註冊主任等。當畢業生累積足夠的工作經驗及取得專業資格後，可晉升至管理層。

BSc (Hons) in Food Science and Safety

食品科學及安全（榮譽）理學士

Application code 申請編號：ST125202

- covers broad areas, including food chemistry, nutritional science, food microbiology, food engineering and processing, as well as food safety management;
 - cultivates food product development and testing professionals;
 - offers internship opportunities in the industry to enhance students' practical experience;
 - prepares graduates to be competent and engaged in food policy enforcement, health management and food safety regulation in the food industry, in food research and health food development, as well as in quality assurance and food chain management; and
 - includes up to 480 hours of Work-integrated Learning.
- 覆蓋範圍廣泛，當中包括食品化學、營養學、食物微生物學、食品工程和加工學，以及食品安全管理系統等；
 - 專注培訓食品開發及測檢專才；
 - 課程提供行業實習機會，加強學生的實務經驗；
 - 為畢業生作好準備，讓他們可勝任並從事食品政策執行、衛生管理和食品安全監管，投身食品行業，從事食品研究和健康食品開發，以及品質保證和食物鏈管理；以及
 - 包括高達 480 小時的工作綜合學習。

Career Prospects

Graduates can pursue careers in government departments or food and nutrition-related trade business. Graduates can also embark on their careers in the areas of food development research, quality assurance and testing, food law enforcement and global food chain supply and tracing. They can accumulate experience and be promoted to management level, such as food processing plant managers, hygiene managers of International chain hotels, and other managerial positions in the food and beverage industry.

Professional Recognition

This course has been approved by the Food and Environmental Hygiene Department of the Hong Kong Government. Graduates can have their qualifications been covered and exempted from the examination in order to obtain the registration of the Food Hygiene Manager under the scheme.

Graduates can apply for qualified testing professionals to the Testing Professional Certification Scheme.

就業前景

畢業生可投身於政府部門或食品與營養相關的企業，專業職能包括從事食品開發研究、品質保證和測檢、食品法例執行和全球食物鏈供應及追蹤等。他們積累經驗可晉升至管理階層，如食品廠經理或在國際連鎖酒店、餐飲行業或連鎖餐廳擔任食物衛生部經理等管理層職位。

專業認可

本課程獲香港政府食物及環境衛生署認可，畢業生其資歷已覆蓋並豁免考試取得食品衛生經理註冊。

畢業生可申請成為「檢測專業人員認證計劃」下之合資格檢測專業人員。

APPLICATION PROCEDURES

General Information 一般資料

Entrance Requirement (HKDSE Qualifications)

入學要求 (香港中學文憑試學歷)

- Level 3 or above in the HKDSE English Language and Chinese Language; AND
- Level 2 or above in the HKDSE Mathematics, Liberal Studies and one Elective Subject or an Applied Learning (ApL) Subject; OR equivalent.
- 香港中學文憑考試英國語文及中國語文成績達第三級或以上；及
- 數學、通識教育及一科選修科目成績達第二級或以上或相關應用學習科目成績達第二級或以上；或同等學歷。

Course Duration 課程修業期

4 years, total 8 semesters (Full-time). 4年全日制，一共8個學期。

SCHOLARSHIPS & TUITION FEES

Entrance Scholarship 入學獎學金計劃

THEi has set up an “Entrance Scholarship Scheme” in recognition of all-round performance of outstanding Hong Kong Diploma of Secondary Education (HKDSE) or the International Baccalaureate Diploma Programme (IBDP) students, and Higher Diploma (HD) graduates who enroll in designated self-financing degree programmes.

The scheme offers scholarships to HKDSE and IBDP students with an award amount up to full scholarship covering four consecutive years of studies per award, as well as one-off scholarships to HD graduates with outstanding performances.

THEi 高科院設有「入學獎學金」頒予表現出色而入讀指定自資學士學位課程的香港中學文憑考試 (HKDSE)、國際文憑課程考試 (IBDP) 的一年級新生，獎勵金額可達連續四年全額學費。學院亦為入讀指定自資學士學位三年級課程的高級文憑畢業生設立一次性的「入學獎學金」，以鼓勵他們精益求精。

Entrance scholarships for Academic Year 2022/23 to be announced. For details, please visit THEi's website
2022/23 學年入學獎學金有待公布。詳情請瀏覽 THEi 高科院網頁
